

Mystery in Man's Report  
of Naval Aircraft Tragedy  
Off Santa Monica

A naval plane was reported to have fallen into the sea two miles offshore from the mouth of Santa Monica Canyon at 3 p.m. yesterday, but all efforts yesterday afternoon to find any trace of such a plane or to verify the report were fruitless.

A man whose name was not disclosed, told Burton C. Law, who writes a drug store at the mouth of the canyon, that he had seen a plane fall and his informant, both with binoculars, went up to the Palisades, but were unable to sight the craft.

Bob Lloyd, Clover Field aviator, set up in a plant and flew over for some time, but could find no trace of the naval plane. Mr. Bourke, senior life guard of the Los Angeles police, stationed at the beach and Motorcycle Officer J. Carlson kept watch along the coast.

The sea was the roughest it has been for a long time, and glimmers of small sail in slight breeze. The current was running shoreward at a plane falling into the sea yesterday, it was stated, would have been beyond aid in a very short time.

Police of Santa Monica, Venice and Sawtelle all received reports of the reported tragedy. There was report of any plane overdue or out of which anxiety was felt.

TRIO TAKEN  
AS ROBBERS  
OF WOMAN

Victim, Found Insensible  
from Blows, Revives and  
Identifies Property

Less than half an hour after the mysterious body of Mrs. Charles Marcellus, 26 years of age, was found in the middle of the street near her home at 6229 Bannock, at a late hour last night, three men were arrested by Detective Trooper and Sgt. Orsini, all charged with suspicion of robbery.

Though the woman was still in a dazed condition from the severe blows she received on the back of the head, she was able to positively identify the diamond ring, watch and fur found by the police at 1422 Wilcox avenue, where they were arrested, as her property.

In addition to the charge of robbery, the three men, who are being held in the city jail, face another charge of assault on the victim. The officers said Mrs. Marcellus' condition was serious.

Lawyer Named  
Traffic Head of  
Local Jobbers

St. S. Sawyer, who served for many years as assistant traffic manager under the late F. P. Gregory, has been named head of that department for the Associated Jobbers of Los Angeles. It was announced last night by J. C. O'Connell, president of the Associated Jobbers' office at 1000 Broadway, that the vacancy caused by Mr. Gregory's death December 1, last, had been filled by Mr. Sawyer's election to the office.

Jonathan Club  
Waiter Charged  
With Book Theft

Charged with taking rare copies of Robert Burns and Shakespeare from the club library, Frank Reed, waiter at the Jonathan Club, 1000 Broadway, was arrested last night by Detective-Lieutenant Carl, now a city officer at the club at 1000 Broadway, West Street, and charged with petit larceny.

Believe It If You Will  
The Princeton Telegraph Is  
Responsible for This Tale of Terror

Z. T. Sires, a resident of Washington township, was being hunted by hawks, so he thought he would try to catch some. He set two traps in his field near where the hawks were always seen and in his feed lot. One morning not long ago, he went out about the traps and both were empty. He thought he had been fooled after several days hunting but discovered a trap hanging from the mouth of one of his cows. He baited the trap with a piece of salt pork and the cow hanging the trap, licking the salt pork in the meat. Then Mrs. Sires' tongue was set out to get the hawk's other trap. One night the hawk flew to the trap and the trap was fastened to the trap by the hawk's leg caught in a spring trap No. 2, so the hawk was a large one and weighing fifty-two inches from tip to tip.

The Cubist Portrait  
Joseph E. Widener, the noted collector, said at a luncheon yesterday:

"John Sargent didn't have a very high opinion of cubist art. He told me one day in his Chelsea studio that a rich young Englishman had his portrait painted by a cubist and how he took it home and showed it to his wife. 'What do you think of this?' he said. 'Oh, sir, it's divine,' said the wife. 'It's heavenly. It's grand.' 'Of course, Jenkins, you know it is.' 'Of course, sir,' said Jenkins. 'You're a good man, sir, or your wife is a good woman, sir.'"

You have no right to demand justice when you do not render it.

Moves to Regain  
Rule of Waves

London Planning to Retrieve  
Lost Power at Proposed  
Ams Conference

America Will Oppose Scheme  
to Abolish Submarines  
and Battleships

WASHINGTON, Feb. 1.—Great Britain, it was learned today, aims to regain the leadership in naval matters at the League of Nations conference her old position of acknowledged mistress of the sea.

The relinquished that position when she accepted naval parity with the United States. She was such of the British scheme as revealed at the preparatory conference to plan the conference proper remains to be seen, but the details have trickled through to Washington from various sources. It looks now that the preparatory conference will be postponed from the 15th to the 18th inst., but will not be held in the proposed place.

The British plan for regaining naval supremacy is to propose a conference to discuss the abolition of submarines and battleships. The British plan to propose a conference to discuss the abolition of submarines and battleships. The British plan to propose a conference to discuss the abolition of submarines and battleships.

LINER RESCUES  
ALKALD'S CREWDutch Freighter Disabled by  
Gale Off NewfoundlandShip Third Merchantman in  
Week to Seek AidCoastwise Vessel Safe After  
All-Night Battle

(BY A. P. NIGHT WIRE)  
NEW YORK, Feb. 1.—The crew of the Dutch freighter Alkaid, disabled by the storm about 1000 miles east of Newfoundland, was rescued today by the Hamburg-American liner Westphalia. The crew consisted of about twenty men and officers.

A radio from Capt. Carl Graal-fa of the Westphalia said, "Crew of Alkaid taken aboard. All well. To proceed to New York."

The Dutch ship was the third merchant vessel since Sunday a week ago to seek help from passenger steamers. Six men were rescued from the Laritan by the liner Bremen before the freighter foundered with twenty-five seamen, while all of the Antino's crew of twenty-five were rescued by the President Roosevelt a few days ago.

A rum boat west shore near Delaware Breakwater with 400 five-gallon cans of alcohol on board. Its crew was believed to have been lost at sea.

The coastwise steamer Cornish was safe in port at Boston today after losing both anchors off Cape Cod and running its engine full speed all Thursday night to keep from being dashed ashore. The ship made port escorted by two tugs.

THE SCHOONER Bright of Georgetown, Me., was under repairs at Sandy Hook after a gale sliced her sails to ribbons, dropped her masts and carried away hoisting lines. The Coast Guard cutter Seneca had to take her in tow 115 miles off Ambrose Light.

PLAN OFFERED TO  
AID HEROES' FAMILIES  
(BY CABLE-EXCLUSIVE DISPATCH)  
PARIS, Feb. 1.—To initiate funds for the families of the two sailors of the United States liner President Roosevelt who were lost in an attempt to rescue the crew of the Antino, George Carliola, big-game hunter on his way to Africa, began negotiations today with news reel companies to sell the film of the dramatic scenes which he pho-

graphed as the President Roosevelt launched her lifeboats.

A private showing arranged for tonight had to be postponed because the film, which the hunter himself had developed, had not dried. He said that only 200 feet covered the rescue itself. He will sell the film to the highest bidder or dispose of the prints to several distributors.

In either case all the money he receives will go to the families of Master at Arms Wirtanena and Boatwain's Mate Heitman.

CAPTAIN OF RESCUE  
SHIP TO GET MEDAL  
(BY CABLE-EXCLUSIVE DISPATCH)  
LONDON, Feb. 1.—The British government decided today to award a medal to Capt. George Fried of the American liner President Roosevelt for the rescue of the crew of the British steamer Antino.

FEAR FOR SAFETY  
OF BRITISH STEAMER  
(BY A. P. NIGHT WIRE)  
PHILADELPHIA, Feb. 1.—Fears were expressed today for the safety of the British steamer Baboon, which left Rotterdam December 18, last, for Philadelphia with a cargo of 5000 tons of Dutch anthracite. The vessel, carrying a crew of thirty-two men, was due here January 16, last, and no word has come from her.

SENATE BLOCKS  
TAX LAW SPEED  
(Continued from First Page)  
ed to 1-1-1/2 per cent of the income.

Senator Reed of Pennsylvania argued that all the data on the amount of investments in tax-exempt securities were not available. He said that many taxpayers, in his knowledge, held that, because it was unconstitutional for the government to collect any taxes on municipal and State securities, they believed it was unconstitutional for it to ask for data regarding investments in such securities.

VOICING opposition to repeal of the inheritance tax and of the income tax publicity provision, Senator King, Democrat of Utah, urged a total reduction of \$500,000,000, and introduced an amendment to increase the maximum surtax rate to 25 per cent to apply on incomes over \$500,000.

OLD FRAUD TRIAL  
(EXCLUSIVE DISPATCH)  
PHOENIX, Feb. 1.—That the hoary "Spanish prisoner" fraud still is a revenue producer is indicated by receipt in Phoenix of a large batch of identical letters, in which fortune is offered the addressee.

The postoffice authorities state that 100 of the letters are held for lack of proper local address.

LOUCHEUR FACES KNIFE  
(BY CABLE-EXCLUSIVE DISPATCH)  
PARIS, Feb. 1.—Lodis Loucheur, the richest man in France, will be operated on for appendicitis in Paris tomorrow. The former Minister of Finance has been in ill health since his retirement from the Cabinet after a spectacularly short incumbency. His doctors today held that an immediate operation is essential.

Correction in Figures  
The Detroit News  
During 1925 Printed  
1,486,173 want ads

In an advertisement in yesterday's issue of The Times, The Detroit News through an error was credited with 825,126 want ads for the year 1925. These figures should have expressed the number of want ads by which The Detroit News exceeded its nearest local contemporary.

As the number of want ads printed by the different papers in any city is the best index for measuring their relative pulling power, it is important that such figures be correct. The full score of The Detroit News for 1925 was 1,486,173 want ads, making it first in Detroit by a wide margin.

The correction does not affect the most important fact brought out in yesterday's advertisement, namely, that the biggest want-ad medium of all is printed in Southern California—the Los Angeles Times! Big as was the Michigan paper's score, The Times exceeded it by an average of 680 want ads per day, the grand total being—

CHARGES GEM  
SUBSTITUTIONWoman Says Friend Re-  
placed Diamond With  
Piece of Glass(EXCLUSIVE DISPATCH)  
HAVERHILL (Mass.) Feb. 1.—Sam Pitakas of 43 Primrose street is asserted to have removed the diamond from a ring he borrowed and to have substituted a piece of glass. He was arraigned before Judge John Winn in Central Court charged with larceny of a \$400 diamond ring.

The complainant is Mrs. Luella Paeles. She asserts that she loaned the ring, which was given her by her husband, to Pitakas, who was best man at her second marriage. He returned the ring after a few days and she paid no attention to it, but when her husband looked at it he discovered that it contained a piece of glass instead of a diamond.

Photographed as the President Roosevelt launched her lifeboats.

A private showing arranged for tonight had to be postponed because the film, which the hunter himself had developed, had not dried. He said that only 200 feet covered the rescue itself. He will sell the film to the highest bidder or dispose of the prints to several distributors.

LAY SLAYING  
TO JEALOUSYOfficers Continue Inquiry in  
Death at ResortStories of Girl and Man Who  
Found Body ClashTheory Local Youth Took  
His Own Life Scouted

(EXCLUSIVE DISPATCH)  
SAN BERNARDINO, Feb. 1.—Rejecting the theory of Carolyn Reed, 21 years of age, and pretty, that her companion, Carl A. Weaver, 22, of Los Angeles, took his own life or was shot by an old enemy whom he met on the road at midnight in Big Bear Valley last Saturday, Sheriff Walter A. Shay today resumed his inquiry into the slaying on the theory that Weaver was killed because there were "too many fellows and not enough girls at a week-end party."

Carolyn and her sister, Nellie, 23, both of 1331 Trinity avenue, Los Angeles, are held as suspects in the slaying with C. A. Gallier, 17, of 724 West Forty-first place, Los Angeles, and George and Wilbur Ott, employees of Deerlick Springs Lodge in Big Bear Valley.

The suspects were questioned for hours today by Sheriff Shay and Dist. Atty. Johnson. All denying any knowledge that Weaver had been shot before he was dragged out of the wreckage of his automobile in a canyon below the Fawnakin Road where he was found by George Greer of Bear Valley. Weaver, believed injured in the accident, died on route to a hospital in San Bernardino. In the city, embalmers discovered that he had been shot through the brain.

ALL GO FOR RIDE  
With Gallier and the Reed sisters Weaver arrived in Big Bear Valley early Saturday on a week-end trip. On Saturday night, the party with the Ott brothers—old acquaintances of Weaver—went to a dance at Fawnakin. At the dance, Carolyn showed George Ott "a few steps."

"Carl was backward and did not dance," Carolyn said.

"I could see that he was angry so I left the dance," George Ott followed me out, carrying me down the steps.

"Carl came out and said he wanted to keep the auto engine warm by driving for a while. I said I would go with him and George Ott got in the car. George wanted to drive but, Carl would not let him. Carl drove like mad and on a curve we went over the grade, the car turning upside down."

"Carolyn said she was stunned in the accident and when she gained her senses George Ott had cut a hole in the top of the car. Ott pulled her and Weaver out of the car, Carolyn stated. Weaver was not injured and he remained in the car while Carolyn and George Ott went back to the dance after the other members of their party.

Here the girl's story clashes sharply with the statement of George Greer who found Weaver under the car. He said that Weaver was alone and that he had cut a hole in the top of the car. Greer said that Weaver was not injured and he remained in the car while Carolyn and George Ott went back to the dance after the other members of their party.

ARRESTED AT DANCE  
Greer dragged Weaver to his own car and brought him to Fawnakin where Nellie Reed, Gallier and Wilbur Ott were still dancing. Later Weaver was carried to Pine Knot, and when a physician said he was dying, he was taken to San Bernardino. He died on the way. Greer said Weaver was conscious but unable to speak.

The girl's story clashes sharply with the statement of George Greer who found Weaver under the car. He said that Weaver was alone and that he had cut a hole in the top of the car. Greer said that Weaver was not injured and he remained in the car while Carolyn and George Ott went back to the dance after the other members of their party.

On this angle—that Weaver was slain for the company of Carolyn Reed—the inquiry is continuing. An inquest will be conducted Thursday at 10 a.m. The Reed sisters' father, George Reed, 22, superintendent at the Goldwyn studios, was permitted to see the girls at the County Jail today. He refused to talk.

Leona Reed, a younger sister of Carolyn and Nellie, stated yesterday that George and Wilbur Ott had called at the Reed home on several occasions and were only slightly known to the family. Both Carolyn and Nellie are employed in Los Angeles department stores.

Arrest Near in  
Church Bombing,  
Police Declare

(EXCLUSIVE DISPATCH)  
SAN FRANCISCO, Feb. 1.—Several clues which may lead to the arrest within two days of the person who placed the bomb under the rear of St. Peter and Paul Church, 660 Filbert street, late Saturday night, have been found, it was stated today by Captain of Detective Matheson, who has taken personal charge of the investigation.

Capt. Matheson said today that he did not believe the bomb was aimed at the church, nor did he think it was the work of a fanatic against religion. Rather, he believes it to have been the work of a person seeking to intimidate either those connected with the church or residents in the immediate vicinity.

conditions, were also initiated under my direction.

"I took back on this record with the greatest pride and with the satisfaction that I have done everything possible for my country. After all these years of service, not one dark spot can be found on my record and not one act which does not redound to the credit of the United States."

He differentiates between the administrators of military affairs and the officer personnel, saying of the first that they are blind, ignorant and bigoted, and of the latter that they have his respect and affection.

Whether "Colonel" or "Mister," Mitchell by either or any title promises to become a greater problem out of the service than he was when in the service. If the military heads remain silent, he will proclaim this as an admission of the truth of his charges. If any attempt is made to refute his assertions or official notice is given of his attacks, the harassed Army and Navy authorities will merely add to Mitchell's value as the drawing card of Chautauques and byrum bureaus.

And back of all of this egotistic maneuvering is the additionally disconcerting likelihood that Mitchell plans to make political as well as personal capital from his "martyrdom." His admirers began by promising to elect him to the Senate. Now some of them are not willing to stop short of the Presidency.

In any event, regardless of his ultimate destination, he is on his way.

AMERICAN APPOINTED  
PAPAL ENVOY TO INDIA  
(BY CABLE-EXCLUSIVE DISPATCH)  
ROME, Feb. 1.—Monsignor Edward Mooney, spiritual rector of the American College in Rome, has been appointed papal delegate to East India and was today consecrated archbishop of the titular See of Irenopolis. Monsignor Mooney is 43 years of age, and is the first American to be entrusted with such an important high diplomatic mission.

VETERANS' BUREAU  
FUND INCREASED  
(BY A. P. NIGHT WIRE)  
WASHINGTON, Feb. 1.—A supplemental estimate of \$28,250,000 for the Veterans' Bureau to take care of increased disability ratings made effective January 1 was transmitted to the House today by President Coolidge.

SEEKS \$6,000,000 ESTATE  
(BY A. P. NIGHT WIRE)  
CHICAGO, Feb. 1.—A new claimant to the \$6,000,000 estate of the late Edward B. Jennings, wealthy recluse who died in 1923, was revealed today when Edward Koester of Grand Rapids, Mich., filed a will in the Probate Court which he said was signed by Jennings and which gave the entire estate to Koester. It was dated October 3, 1918.

TWO KILLED AS  
ICE GRIPS EASTScores Hurt in Accidents on  
Sleety PavementsHeavy Rainfall Followed by  
Freezing WeatherProperty Damage Small in  
New York Area

(BY A. P. NIGHT WIRE)  
NEW YORK, Feb. 1.—Two women lost their lives today and a score were injured in accidents caused by sleet-covered streets and icy pavements. Surface war and elevated train service was subjected to frequent interruption, vehicular traffic was demoralized and pedestrians slipped and skated their way through the traffic jams.

Similar circumstances prevailed throughout New York State and southern New England. A chill, northeast wind, accompanied by a sharp drop in temperature last night, transformed an area which previously was sodden with rain into one of ice and sleet. Tree limbs dropped under the weight of their crystal loads and telephone and telegraph lines sagged heavily. Property damage, however, was small, and wire communication was not interrupted. The temperature hovered around the freezing point.

A 25-year-old Brooklyn mother, Mrs. Perina Diambrino, was crushed by a motor truck, which skidded on the ice and struck her as she was crossing the street, carrying her baby. She tossed the infant to safety just before she was run down.

Mrs. Mary Davis, 35 years of age, a paralytic living in the Greenwich Village district, died of burns when an overheated stove set fire to her bed. She tossed the infant to safety just before she was run down.

Providence, R. I. reported four persons injured, two seriously. From all sections there were reports of minor accidents and slight personal injuries due to skidding cars and icy sidewalks.

BRITAIN SEEKS  
LOST SEA RULE

(Continued from First Page)

ships beginning in 1920 and the new navy would recede the replacement agreement and allow battleships to disappear gradually as they become useless.

Under the British scheme navies would consist of cruisers (limited to 10,000 tons by the Washington treaty), destroyers and minor auxiliaries, aircraft and aircraft carriers. But Britain does not contemplate acceptance of a 1-1-1-2 ratio.

The barefoot robber's activities attracted attention and baffled police, both from the standpoint of the manner in which he worked and the results of his robberies. Seldom did he obtain loot of any value and often homes were ransacked without anything being taken. Reynolds said he always removed his shoes and socks before entering a house as a precaution.

Apparently a well-educated man, Reynolds told the officers he served a five-year sentence in an Eastern prison for burglary and upon his release about five years ago came to California where he has been operating since. According to his statements, he formerly was a member of the faculty of an eastern college.

The barefoot robber's activities attracted attention and baffled police, both from the standpoint of the manner in which he worked and the results of his robberies. Seldom did he obtain loot of any value and often homes were ransacked without anything being taken. Reynolds said he always removed his shoes and socks before entering a house as a precaution.

Recently at a Pasadena home where he had been an unwitting visitor two months previous, he is reported to have said he forced an entrance and stole a rug dog, one of which was doing the rug at the time of the robbery, while the others were in the back yard. On another occasion, it is reported Reynolds entered a Pasadena home and awakened a baby. He walked the floor with it until the child fell asleep, returned to his work and escaped while the parents slept in another room.

EUROPE FAVORS  
ENTRY IN COURT  
(Continued from First Page)  
that any step taken by the United States in the direction of co-operation with Europe is to be welcomed.

Paul Hymans, Belgian Foreign Minister, showed great pleasure in halting the decision taken by the Senate, but declined to comment on the reservations.

Comment from other parts of the outside of Europe, while generally favorable, is tempered in its approval by disappointment at the reservations adopted by the Senate.

## VANDERBILT GIRL REWEDD

Murie's Remarriage by Priest Occurs as  
Constable Becomes Bride in Adjoining Room(BY A. P. NIGHT WIRE)  
NEW YORK, Feb. 1.—An unusual double wedding took place on the afternoon of January 31 in the palatial Vanderbilt house on Fifth avenue.

While hundreds were gathered in the great drawing room to await the marriage of Miss Constance Vanderbilt to Earl E. T. Smith, a quiet ceremony was being concluded in an adjoining room to effect the remarriage, in the ritual of the family faith, of her sister, Murie, to Frederick Cameron Church, Jr.

Confirmation of the report that the two ceremonies—so dissimilar in the staging—took place almost simultaneously, came tonight from an authorized spokesman of Mrs. W. K. Vanderbilt, mother of both girls.

Murie's remarriage occurred just a few minutes before that of her sister, the statement said, "and Father Thomas F. Murphy officiated at both."

At the formal marriage of the Churches, in Newport last July, a Protestant minister officiated.

MOTHER ADMITS  
CATHOLIC MARRIAGE  
(EXCLUSIVE DISPATCH)  
BOSTON, Feb. 1.—Mrs. William K. Vanderbilt announced today that her daughter, Murie, now Mrs. Frederick Cameron Church, Jr., and her husband, recently had been married by a Catholic priest following their marriage by an Episcopal clergyman in Newport last July.

Mrs. Church made public the following announcement for her mother, Mrs. W. K. Vanderbilt, who is now in Florida:

"Not feeling that it was of interest to the press, it was not previously stated that some time ago a marriage ceremony was performed between my daughter and Mr. Church by a Roman Catholic priest."

When questioned at her home here concerning the announcement, Mrs. Church said:

"It is perfectly true. Reports had leaked out and it was decided to make the announcement. I had not previously been made because it was not felt a matter of public interest. Mrs. Vanderbilt is now at Palm Beach and I made the announcement for her."

Mrs. Church added: "I don't know what more there is to say. The ceremony was held in New York. I don't like to say anything more, as the ceremony was a private one. He would not say whether he had signed an agreement to rear his children in the Catholic faith."

Mr. and Mrs. Church were married at Newport, R. I., on July 28. The wedding was one of the most brilliant events of the Newport season.

Up until the hour set for the wedding there had been much speculation as to whether the ceremony would be performed by a Catholic priest or by a Protestant clergyman. It was reported that young Church had steadfastly refused to sign an agreement to have his children reared in the Catholic faith, although he was willing that a priest should conduct the ceremony.

HAY FIRE DOES DAMAGE  
(EXCLUSIVE DISPATCH)  
PHOENIX, Feb. 1.—About \$5000 damage has been done by fire that destroyed a large barn in the southwestern part of the city. The loss will fall partly upon the Capital Fuel and Feed Company.

## RAIL MEN ASK RISE BY MARCH

Trainmen and Conductors  
Make Demand

Increase Amounts to About  
Dollar Daily

Boots Would Restore High  
Scales of 1920

(BY A. P. MONT WIRE)  
NEW YORK, Feb. 1.—Eastern railroads today received demands for increased pay for trainmen and conductors and were given until March 3 to make their answer. The increase demanded amounts to about \$1 a day.

The demands were contained in joint letters from the Brotherhood of Railway Trainmen and the Order of Railway Conductors. Each railroad received an individual letter and was asked to make an individual reply to the demands. The communications were concerned almost entirely with wage matters, with only minor changes in working conditions being requested.

Granting of the requested increases would restore the wage scales fixed by the Railway Labor Board in 1920, the highest wage scales in the history of the railroads. Speakers for the railroads have said such restoration would increase the total annual expense of the companies by \$50,000,000.

## SEVENTY APPLICATIONS FOR MORE PAY ON FILE

(BY A. P. MONT WIRE)  
CHICAGO, Feb. 1.—The United Brotherhood of Carpenters and Joiners of America has before it today approximately seventy applications for increased wages or revision of rules, while the Train Service Brotherhood filed with individual railroads requests for increases.

Railroad officials said that the increase asked by the trainmen and conductors in some cases exceeded the peak wages of 1920. Officials of the Chicago and Northwestern Railway were informed by train service employees who filed demands that the same demands were being simultaneous by made upon all roads.

## SOLOMON ISLANDS SHAKEN BY QUAKE

(BY A. P. MONT WIRE)  
NEW YORK, Feb. 1.—A cablegram received today by the national office of the Society for the Propagation of the Faith, reports that the Solomon Islands in the South Pacific have been shaken by the worst earthquake experienced there in years, centering in the vicinity of Tulagi. The Catholic mission church of Vialia has been destroyed and it is supposed the majority of the buildings in this village suffered the same fate. The message gives no report of the loss of life. Solomon Islands are owned by Great Britain.

## BOOTLEGGERS USED POISONOUS WATER

(EXCLUSIVE DISPATCH)  
PHOENIX, Feb. 1.—A new tale of bootlegging manufacture is told by an employee of the Federal prohibition office here, one of a number of agents who found a still far back in a mine drift in the hills near Miami. A feature out of the ordinary was that the distillation of the necessary water from an old shaft pump near at hand. The water was not only stagnant, but acutely poisonous in character, green in color, carrying a solution both of copper and sulphur absorbed from the copper sulphide ore body in which the hole had been cut.

## EYES ACHE

YOUR EYES  
EXAMINED  
GLASSES  
COMPLETE  
\$2.90

An examination of your eyes, a pair of spherical glasses, in a frame, complete for \$2.90. One week only.

Gold or shell frames, toric, cylindrical, fancy shapes and double vision glasses correspondingly low.

Correctly fitting the eye is worth more to you than the price of a dozen pairs of glasses. Buy Skill, Ability and Experience Combined with Correctly Ground Lenses and Protect your Eyes for the Future. You can not afford anything but the Best for Your Eyes.

Properly fitting the eye is the first essential. Good Glasses are not a luxury, they are a necessity and properly fitting the eye calls for some brain work.

My method of properly fitting the eye is so easy and scientific.

If I try to be reasonable in my charges. No "drops" used. Some of your neighbors are wearing glasses I fitted.

## Mexico to Buy Implements for Small Farmers

(EXCLUSIVE DISPATCH)  
MEXICO CITY, Feb. 1.—President Calles has authorized the Mexican financial agent in New York to purchase \$5,000,000 pesos of the largest head of the institute in the United States. The purchase is to be available by the first of March and will be distributed to small landowners through the medium of the Agrarian Loan Bank. Authorization has already been granted for the purchase of several thousand draft animals, which will also go to the landowners.

## HYDROELECTRIC PLANT IN MEXICO PURCHASED

MORRISON-McCALL INTERESTS  
PAY \$20,000,000 FOR  
HUGE INDUSTRY

(EXCLUSIVE DISPATCH)  
GUADALAJARA (Mex.), Feb. 1.—One of the largest industrial transactions that has taken place in Mexico for several years is the purchase by the Morrison-McCall interests of St. Louis, Mo., of the hydroelectric plant and other holdings of the Compania Electrica del Chapala de Guadalajara, for a reported consideration of \$20,000,000. The power plant of the company extends to Guadalajara and to towns and mining camps within a radius of 110 miles. The new owners plan to enlarge the hydroelectric plant and extend the transmission system. Their development program also includes the prospective purchase of a number of electric light and power plants in the larger towns of this part of Mexico, including those of Manzanillo, Tepic and other municipalities of the Pacific Coast, it is stated.

McCall interests formerly owned the Texas Central Power Company which they sold a few months ago to Martin L. Smith Chicago and associates for \$20,000,000.

## APE THEORY FOUGHT

Mississippi Anti-Evolutionists in  
Drive for Measure

(BY A. P. MONT WIRE)  
JACKSON (Miss.), Feb. 1.—A fight to the last ditch has been launched in Mississippi by anti-evolutionists to obtain the passage of the anti-evolution measure now before the Legislature.

The first gun was fired here yesterday by Dr. T. T. Martin, evangelist, of the Bible Crusaders of America, aided by E. A. Bateman, Charles J. Jones and J. A. Macle, comprising what is known as the "Bible team."

Dr. Martin told a mass meeting that "the question is whether we shall have factories for alcoholism and agnosticism, or whether the public schools shall be made safe for our children."

The anti-evolutionists declined an offer of \$10,000 per year to cease fighting evolution.

## NEW BISHOP NOW AT PHOENIX CATHEDRAL

(EXCLUSIVE DISPATCH)  
PHOENIX, Feb. 1.—Rev. Walter Mitchell, lately consecrated in New Jersey as bishop of the Episcopal missionary diocese of Arizona, has arrived in Phoenix with his family, and on Sunday preached his first sermon in Trinity Cathedral. Rev. George A. Wieland, for three years in charge of the Episcopal Church in Globe, has accepted a call to the Church of the Epiphany in Seattle. Rev. J. Lindsay Patton, in charge of St. Mark's Church in Mesa, has been advanced to the priesthood in the Episcopal church.

## ASSOCIATION PLANS KOSHER MEAT DRIVE

(BY A. P. MONT WIRE)  
SACRAMENTO, Feb. 1.—A campaign to increase the consumption of kosher meat in Los Angeles is contemplated by the Kosher Butchers' Association, which filed articles of incorporation here today. The association, of which Abe Brody and ten other butchers are directors, plans to publish and disseminate literature and lectures urging the use of strictly kosher meat by Jews, and to "maintain supervision of all the kosher butcher shops in Los Angeles."

## SECTIONAL ROW ON IN DOMINION

Desperate Effort Seen to  
Unite East and West

Maritime and Farming Areas  
at Loggerheads

Tariff and Transportation  
Plaint of Ranchers

(EXCLUSIVE DISPATCH)  
OTTAWA (Ont.) Feb. 1.—In the legislative proposals already foreshadowed by the King government for the 1926 session of the Canadian Parliament, are evidences of a somewhat desperate effort on the part of the administration to bind together the agricultural West and the maritime East with the Canadian industrial center.

The maritime provinces, which have been painting a forlorn picture of their economic situation and almost threatening to break from confederation to have a royal commission to inquire into their difficulties. And the Canadian West, which has been complaining of high tariff impediments, poor and costly transportation facilities to the seaboard, is prompted completion of the Hudson Bay Railway, at least no increase in tariff, and tariff investigation through an advisory tariff board.

Through instant deputations the Canadian maritime provinces propose this session to lay before the government their platform of "maritime rights," which have been summarized into the following six outstanding points: Restoration of integrity of Intercolonial Railway with western terminus re-established at Montreal; routing of Canadian trade through Canadian ports; lower freight rates; fair share of the benefits of Canada's import and export trade; survey of maritime industrial life, with a view to tariff revision; and surtitles of the contentment and prosperity of maritime people "if the confederation is to endure."

The second point in the maritime bill of rights brings up a problem of growing importance in Canadian-American relations and is a separate story in itself. It suddenly dawned on the maritimes and the Canadian East at large that the golden stream of Canadian wheat is passing by the ports of Montreal, Quebec, St. John and Halifax and enriching the ports of New York, Baltimore, Boston, Philadelphia, Portland and Norfolk. Since 1919-1920, the maritime people claim, traffic through Canadian ports has increased by 50 per cent; but traffic through United States ports has increased more than tenfold.

## LEMON TREATMENT DECLARED FAILURE

CONNECTICUT MAN ASSERTS  
\$500 PAYMENT BROUGHT  
NO RELIEF

(EXCLUSIVE DISPATCH)  
NEW HAVEN (Conn.) Feb. 1.—Samuel Collins of 77 Sargent street, Hartford, states that while an apple a day may keep the doctor away, a lemon a day failed to make a well man of him. Collins complained to City Attorney Charles M. Robinson that a lemon prescription procured from a local health institute in this city had failed to cure him, and he wants his money back.

Collins asserts that upon the payment of \$100 the head of the institute guaranteed to cure him or an internal growth. He says that the institute gave no relief and that the institute refused to return the money.

The cure which was supposed to give relief, Collins says, was as follows: First day, 6 lemons; second day, nine lemons; third day, twelve lemons; fourth day, fifteen lemons; fifth day, eighteen lemons; and sixth day, twenty-one lemons.

Gaining no relief after the sixth day, Collins called on the head of the institute and was told to repeat the lemon treatment. He then complained to the police. The City Attorney is now investigating the matter.

## INDIAN WAR VETERANS MAY BE COMPENSATED

(EXCLUSIVE DISPATCH)  
SAN ANTONIO (Tex.) Feb. 1.—At least veterans of Indian wars will be repaid for their scars and hardships. Dr. Albert Fensch, chief of the military information bureau at Fort Sam Houston, is issuing a request for names of veterans of the Indian wars, and for the names of the Indian wars, so that the new pension bill is approved, providing for an increased pension allowance, the scarred old men of the Southwest will be able to share in the benefits of the new bill. Dr. Fensch, who is the last survivor of Indian wars in the service of the Army, has recently been appointed national aide to Col. John H. Bendt of California, commander-in-chief of the Indian War Veterans.

## PORT IN MEXICO MAY BE PLEASURE RESORT

(EXCLUSIVE DISPATCH)  
ENSENADA (Lower California) Feb. 1.—This port is soon to become an important winter resort, if the terms of a concession granted to J. K. McDonald, an American, are carried out as announced in Mexico City newspapers. The concession calls for the construction of a pier, a new postoffice building and other improvements. The concessionaire will also have the right to build a hotel, casino and other structures to make Ensenada a pleasure resort of importance. About 1,500,000 pesos will be spent on the work.

## LIONS' LEADER TO BE HONORED AT BANQUET

(EXCLUSIVE DISPATCH)  
STOCKTON, Feb. 1.—Members of Lions clubs from cities as far south in the San Joaquin Valley as Merced will attend the reception and banquet in honor of International President Benjamin F. Jones, here, tomorrow night. During the past two weeks, members of the Stockton den have conducted a series of pilgrimages to the various San Joaquin Valley dens, visiting each to attend the banquet in this city. President Jones will be accompanied by five other Lions International officers and executive committeemen.

## SLASHES SELF WITH KNIFE

(EXCLUSIVE DISPATCH)  
STOCKTON, Feb. 1.—Tony Silva of Dos Palos, found by police officers in front of the Hotel Lincoln here, lies in a critical condition at the Emergency Hospital as a result of his attempt at suicide. Silva told officers that he "just wanted to die" and slashed his throat and wrists with a knife.

### PILOTS AIM AT MILTON'S MARK

Speed Record Try  
Program Already Lined Up for Dare-Devs

Attention of Three Tracks on Year's Schedule

Daytona Beach to be Scene of the first of the winter racing season, with the week for Daytona, Fla., to attempt to break the world's record of 158 miles an hour established on the famous beach straightaway there back in 1915 by Tommy Milton.

The big event is to be held through a special sanction of the American Automobile Association under the supervision of the unique event in its annals.

The beach trials are to be held on the 25th and 26th inst., consisting of a series of endurance dashes for the world's record, and then either a 150-mile competitive race on the beach and using a five-mile course and barrels for turning, or several sprint races dependent on that distance.

Prices of \$18,000 have been set for these events.

Cooper, famous veteran and his young protégé, Ralph, former motorcycle champion, left yesterday, going by the Panama Canal, but return is not listed to compete.

The entry list for the endurance trials and the 150-mile race includes Milton, who set the present record, and Pete De Paolo, Cooper, Bill Hill, Harry Harts and Bob Church, young pupil of "Terrible Tommy," who made a name for himself in last year's classics on the beach.

DRAGS EXPERTS  
Experts of the country will be at the Daytona straightaway as interest will be shown through the use of the small 100-horsepower motors for the endurance trials.

The 123-inch record was set by Milton.

### RED GRANGE SHEDS GRID GARB

Will Do Playing Now on Celluloid Field

(EXCLUSIVE DISPATCH)  
SEATTLE, Feb. 1.—Harold "Red" Grange, football star in both the amateur and professional sport, will drop his robes of football glory and assume the role of movie hero, according to his manager, C. G. Pyle today, just before the Chicago Bears left here for Chicago.

Grange will start work on a picture to be produced by W. E. Schallenberg, of New York, about March 1.

The movie company expects to pitch its tents around Los Angeles, according to the word that Grange has at present. Contracts for the film have already been signed and

Pyle expects to be in New York by Sunday to complete arrangements for the picture.

The film has not yet been announced, but scenarios submitted by sporting writers throughout the country will be discussed and one will be chosen that most typifies college life. Grange says he will not get anywhere near the reputed \$300,000 that reports from New York said he would. Grange also says he is anxious to get back to California sunshine, saying this as he swung on the Pullman lightly clad in a new yellow slicker.

The reorganization of the Chicago Bears next year is not expected by Pyle, and it is doubtful if the team that made the pro football trips throughout the nation will play together next season.

Pyle believes that another team, probably from New York, will have the services of Grange when the pro game starts again next year, about March 1.

### GOING UP!

Here's a couple of lady lacrosse stars, members of the Pasadena team which plays the Santa Monica team at the Coliseum next Saturday.

### CALLAHAN LOSES TITLE CHANCE

Will Not Allow Mitchell to Risk Crown

(EXCLUSIVE DISPATCH)  
MILWAUKEE, Feb. 1.—The Milwaukee Sentinel will say tomorrow morning that Judge A. J. Hedding, chairman of the 140-pound commission and trustee of the belt emblematic of the Junior welter championship, refuses to sanction the championship match between Pinsky Mitchell, the champion, and Mushy Callahan at Los Angeles. Jack Zivic has prior claim to the title, inasmuch as his manager posted a check for \$1000 several months ago. In a letter only last

week he said he had hopes of closing the match for New York in February. Then again, how do we know Mitchell can make the weight? Rumor has it he is getting heavy. Hedding ordered Mitchell to turn the belt over to the commission. Billy Mitchell asked for a hearing and it was granted for Wednesday afternoon.

BILL SHIELDS SIGNS WITH CARDINAL CLUB

Bill Shields is one of the latest additions to the big leagues from Southern California. During the past three years Shields has held down a varsity berth with the Bears and is now preparing to report for spring training at San Antonio, write the St. Louis Cardinals. "He will be farmed out to the Syracuse club."

Mary Browne, usually steady outdoor game suffered a sharp decline in the transition to the indoor courts of the Casino. Erratic driving compelled her to soften her stroking to an appreciable degree as the match progressed.

With the score tied at 4-4 after Miss Browne had lost on her own service, Miss Ballin weakened under the strain of prolonged rallies which brought her repeatedly to the net, and the California star seized the opportunity to clinch the contest in straight sets.

Mrs. Molla Bjurstedt Mallory, also a former champion and a winner of the Casino tournament last year, drew a first round bye and scored easily in her second round match against Mrs. Edward Raymond of Scarsdale, N. Y., 6-2, 6-1. Other seeded players advanced were Miss Martha Bayard of Short Hills, N. J., who defeated Miss Edwina Cruikshank of New York, 6-3, 6-0, and Mrs. J. Dallas Corbiers of Boston, who eliminated Mrs. J. E. Bailey of New York, 6-1, 6-2.

### FAMOUS TENNIS RIVALS

MAY BATTLE AT NICE

Fair Enemies of Courts Likely to Clash in Mixed Doubles Finals; California Girl Downs Greek

(BY CABLE AND ASSOCIATED PRESS)  
NICE (France) Feb. 1.—The assurance that Helen Wills and Suzanne Lenglen will meet across the tennis nets for the first time in the Nice tournament which opened today even if only in the mixed doubles, cause a spirited rush for the box office.

Mary Browne Barely Wins Casino Match

(BY A. P. NIGHT WIRE)  
NEW YORK, Feb. 1.—Playing the first indoor competitive match of her career today, Mary Browne, former national women's tennis champion from Santa Monica, Cal., triumphed with difficulty over the severe stroking of Florence Ballin of New York in the opening round of the annual Heights Casino invitation tournament, 6-3, 6-4.

Miss Browne's usually steady outdoor game suffered a sharp decline in the transition to the indoor courts of the Casino. Erratic driving compelled her to soften her stroking to an appreciable degree as the match progressed.

With the score tied at 4-4 after Miss Browne had lost on her own service, Miss Ballin weakened under the strain of prolonged rallies which brought her repeatedly to the net, and the California star seized the opportunity to clinch the contest in straight sets.

Mrs. Molla Bjurstedt Mallory, also a former champion and a winner of the Casino tournament last year, drew a first round bye and scored easily in her second round match against Mrs. Edward Raymond of Scarsdale, N. ### GRIZZLY NET MEN SWAMPED

Stanford Tennis Squad in Clean Sweep Against Branch Racketeers

(BY A. P. NIGHT WIRE)  
STANFORD UNIVERSITY, Feb. 1.—The Stanford tennis team scored a clean sweep in its matches today with University of California, Southern Branch, winning all five singles events without losing a set and taking two doubles matches with but loss of one set.

Cranston Holman, eighth ranking national player, had little difficulty in defeating Dusa, ranking Branch racketeer.

Holman defeated Dusa, 6-3, 7-5. Herrington defeated Hauser, 6-4, 6-2. Thomas defeated Vargas, 6-1, 6-1. Fairchild defeated Stanford, 6-3, 6-1. McElvany defeated Smith, 6-0, 6-1.

Doubles: Holman and Herrington defeated Hauser and Dusa, 6-2, 6-1. Fairchild and McElvany defeated Stanford and Vargas, 6-2, 6-4.

### AUSTRALASIAN NET TITLE TO HAWKES

(BY CABLE AND ASSOCIATED PRESS)  
ADELAIDE (Australia) Feb. 1. J. B. Hawkes won the lawn tennis singles championship of Australasia today, defeating J. Willard in straight sets in the final match here, 6-1, 6-3, 6-1. Paired with Gerald Patterson, Hawkes also won the doubles championship, defeating J. C. Anderson and Pat O'Hara Wood, 6-1, 6-4, 6-2.

### STANFORD GAMES ATTRACT

Unprecedented Interest in Basket Ball Results in Reserved Seats Being Placed on Sale

BY BRAVEN DIER  
So great is the interest in the coming of the Stanford University basketball team this week-end that for the first time in local history reserved seats will be sold. The Cardinals are due Thursday, playing U.S.C. that evening and again Saturday night. Friday evening the Red-shirts will engage the fast-traveling local University of California quintet.

All three games are to be played at the Olympic Auditorium. Because the Grizzlies trimmed Stanford in the north about a month ago there is probably a bit more interest in Friday night's game than in the other two. Steve Cunningham, graduate manager at the Vermont-avenue institution, announces that reserved seats go on sale this morning at Halbritter's, Dusa's, Olympic Auditorium and the auditorium's downtown office at 535 South Spring street.

Gwynn Wilson, graduate manager at U.S.C., will place duceats at Dusa's, both Olympic offices and at Trojan headquarters on the campus.

Unprecedented interest in basketball is one reason for the placing of reserved seats on sale. The other is the Olympic Auditorium. In years gone by Southern Branch has not had a place where reserved seats could be sold in stylish fashion.

Both the Trojans and Grizzlies put in a strenuous evening of practice last night. Les Turner, who mentors the U.S.C. athletes, is concerned mainly with perfecting the teamwork of his machine. Gene Dorsey and Bruce MacHaffie were added to Turner's outfit only last week and in order to be ready for the Cardinals' strenuous efforts are being made to have everything in well-oiled condition by Thursday night. Dorsey, Manuel Larraneta and Capt. Kenny Boyer are veterans from last year's team.

### NIBS PRICE SEEMS SURE TO GET JOB

Athletic Council Meets and Recommends Him to Succeed Late Mentor

(EXCLUSIVE DISPATCH)  
SAN FRANCISCO, Feb. 1.—The athletic council of the University of California met on Saturday and recommended "Nibs" Price as varsity football coach to succeed the late Andy Smith. The recommendation must now go before the executive committee of the associated students. On Wednesday night it is thought that the committee will offer the position of coach to Price.

The decision would be most popular with the athletes, the students and the alumni. In all discussions concerning a new coach, the name of Price has been almost the only one mentioned.

Nibs graduated from the University of California in 1914. During his college days, Rugby was played, and since that was the "only game in town," Price turned out for the team. He played in some of the preliminary games, but was not a regular. He won his "C" however as a member of the varsity baseball nine.

Price learned the fundamentals of the American game while a member of his high-school team in the Middle West.

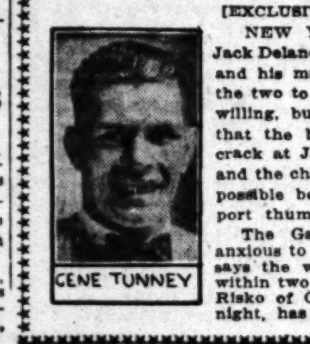

Before coming back to California as assistant to Andy Smith, Price coached the San Diego football team through two seasons of victories and championships. In his first season at California, he had charge of the freshman players and they proved to be winners. One season the freshman team was in a bad slump one week before their big game with Stanford. The players had gone stale. Price told them to go back to their studies and forget about football for one week. On the day of the game with Stanford, the players were all in wonderful condition and won an impressive victory over their Cardinal rivals.

There's nothing like a good rest to bring a team out of a slump." (Continued on Page 3, Column 5)

### SEEK TUNNEY-DELANEY BOUT

(EXCLUSIVE DISPATCH)  
NEW YORK, Feb. 1.—Gene Tunney and Jack Delaney will meet shortly if Tex Rickard and his matchmaker, Jess McMahon, can get the two to agree to terms. Delaney is always willing, but Gene has not yet given up hope that the boxing bosses will let him take a crack at Jack Dempsey for the championship and the chances are he will hold off as long as possible before signing to battle the Bridgeport thumper.

The Garden management, however, is anxious to get the pair hooked up and if Gene says the word they will put on the rumrump within two weeks. Delaney, who meets Johnny Risko of Cleveland in the Garden on Friday night, has agreed to take on Tunney.

GENE TUNNEY

# Annual Scots Foursome Golf Tournament Opens at Midwick Country Club Friday

## FAST TWOSOMES SIGN TO PLAY

Low Sixteen Scores in Match Play Saturday

Thompson and McGregor Tie in Diamond Event

Statz in Fine Form to Equal San Gabriel Par

BY BILL WISE  
More than three score twosomes are expected to qualify for the annual Midwick invitation Scotch foursome tournament Friday. Robert E. Hunter, chairman of the club tournament committee, has completed plans for another record event, and Arnold Statz and J. C. MacDonald of San Gabriel, who won the event last year, will be pushed to repeat in this year's competition.

Sixteen low scores in the alternate shot event will be paired for match play starting Saturday. First and second round matches will be completed Saturday with semifinals and finals on Sunday.

Play will be for the John B. Cravens Trophy, and as two winners are required to collect the cup, Statz and MacDonald may be expected to put forth a lot of golf in order to win final possession of the prize.

The invitation is open to all members of the Southern California Golf Association, with no entry fee. Match play will be at handicap, teams drawing one-half of combined ratings. Entries should be forwarded to Hunter, at Midwick, Alhambra 99, at once.

**TWO TIE IN DIAMOND PLAY**  
Fuller Thompson and A. K. McGregor, turned in gross 78's to tie for the master Class A trophy in the regular monthly tournament of the Professional Baseball Players' Association, at San Gabriel yesterday. Arnold Statz, outstanding diamond golfer, who arrived too late to register for the event, played even golf and turned in an informal 78 over his home course that would have been good for many trophies.

"Cap" Dillon won Class A low net with 83-14-49, in the event that drew more than three score entrants. Nick Dumouch, swinging a golf club with the same nonchalance that carried him to the top in major-league baseball, was home with an 88 for the Class B low gross trophy. E. I. Swisher won the class low net with 90-18-72.

Frederick Durt, with a gross 91, won the Class C medal, and W. Golden won low net with 94-30-64.

**FRASER COPS PRO EVENT**  
Chick Fraser and Midwick, with 73, finished under more than a score of local big guns in the hard-hitting sweepstakes and blind-bogey event at San Pedro yesterday. Dick Llanos of Long Beach and Harry Praeler of Hacienda tied for second with 78a. Other scores were as follows: Roy Martin, Parkridge, 73; Jimmie Fish, Palo Verde, 73; Owen Bowen, Jack Malley, 73.

## POMONA TRACK MEN TAKE SHORT REST

(EXCLUSIVE DISPATCH)  
POMONA COLLEGE, Feb. 1.—Pomona College track practice will be all but discontinued for a few days until the second semester opens in the middle of the week. Final examinations of the first semester are now completed and most of the athletes will take advantage of the short vacation and go home. However, Coach Strehle will not begin intensive practice until next week, so the short lay-off will only give the men more pep for what is to come.

The novice meet is scheduled for Saturday, and will be open for all nonletter men. Only eleven athletes will be barred from competition and some of last year's frosh are expected to equal variety marks in their favorite events. Lyle Johnson has been getting into shape for the 880-yard run and with Roy Corwin, frosh star, to push him should run the distance close to two minutes. The 440-yard dash will be another fast race with Kenneth Taylor, Walter New, Jimmy Oliver, and Walt Smith all capable of fifty-two seconds.

## IOWA COACH AIDS DISTANCE RUNNING

(EXCLUSIVE DISPATCH)  
IOWA CITY (Iowa) Feb. 1.—One of the coaches who will assist in the development of American Nurtis and Ritolas for the 1928 Olympic games is G. T. Bresnahan, Iowa mentor. He has been picked as a member of the National A.A.U. committee on long-distance running.

## HERMAN STOPS DATTO IN TWELFTH ROUND

(BY A. P. NIGHT WIRE)  
CLEVELAND, Feb. 1.—Babe Herman, New York featherweight, knocked out Johnny Datto, Cleveland, in the final round of a four-round bout here last night. Herman floored Datto as the bell ended the eleventh round and tore into his opponent at the start of the twelfth, finishing him in thirty-five seconds. Herman took counts of nine twice in the third round.

New York has but one woman member of its State Legislature, Mrs. R. F. Graves, being elected for a second term.

## A FAST PLAY AT GOAL

The Palais de Glace ice hockey team is strong on defense as is seen in the accompanying picture where the rink players are caught in a concentrated defense to block an opponent's shot at the net. The man skating on his tummy is Collins. The others, from left to right, are Huffman, Cantillon (goal keeper), and MacLeod.

## RABBIT PUNCHES

BY PAUL LOWRY

HON. BERT LEONARD, who confesses he has followed boxing almost as long as De Witt Van Court, feels deeply wounded because Damon Runyon in a recent ranking of West Coast boxers referred to Fidel La Barba as the American flyweight champion instead of the world's champion. Greatly offended at what he apparently believes is a slap at Los Angeles first and only champion—a boy he has watched develop almost from the cradle—Hon. Bert has written us a letter expressing his feelings, as expressed as follows:

"How come that Damon Runyon refers to Fidel La Barba as American instead of world's flyweight champion? Does he hold himself a higher authority in this connection than the American Boxing Association, who has unanimously recognized Fidel as world's champion? The Associated Press, or must everyone else except the New York Boxing Commission (as a whole)?

"If La Barba isn't world's champion, who is? Professional boxing rules do not permit, as do amateur rules, of an extended vacancy in championships. There has been no tournament. Genaro was generally recognized as world's title-holder upon Villa's death. La Barba beat Genaro. There is absolutely no doubt as to who is the present world's champion. I hope that you, in your Rabbit Punches, will reply to Mr. Runyon."

## WATER POLOISTS MIX AT VENICE TONIGHT

The water polo fan of the Bay District will get his fill this evening, when two free exhibitions of that sport are witnessed in the Venice Plunge. Los Angeles High School poloists are programmed to engage the undefeated plunge team, this battle to be followed by aquatic doings between Venice and Hollywood High School teams.

## RINK MEN BEAT RICHFIELD

Victory by Score of 6 to 4 Puts Palais de Glace Team in Triple Tie for Ice Hockey Lead

Six goals scored in the first two periods, five of them by Bennis Wilpen, who starred throughout the contest, gave the Palais de Glace ice hockey team a 6-to-4 victory over the Richfield Oil team, who had led the league until the game last night at the Palais de Glace rink.

The loss of the tilt last night put the Oilers back into a tie for first place with the other two teams in the league, the rink team and the Culver City team. Each of the trio has won two and lost two games.

About 4000 people witnessed the game last night, the biggest crowd that has appeared at the contests since the formation of the new professional league.

Entering the game as the underdog the Palais de Glace players immediately opened up with a strong offensive backed up by stringing a blanket defense in front of Cantillon, their goal-keeper and thwarting the Oilers' attack before coming within scoring distance of the net.

Starting the second sista with a rush the leaders scored another goal twenty-seven seconds after the period opened. Buster Huffman turned the trick. Following the score by Huffman, Wilson skated rings around the rest of the players and three times in a row scored against Richfield. This put the score at 6 to 4 after fifteen minutes' play in the second period.

Now the Richfield players were aroused from their lethargy and scored twice before the period ended.

## DO YOU KNOW THAT--

BY FEG MURRAY

Two football teams in the Norfolk City League played 17 consecutive scoreless quarters.

Roger Conti, the sensational French billiardist, made two unblemished runs of 472 and 477 in a tournament in Paris in December, 1924? Conti also had a grand average of 69.44 in 2500 points, which is something else to cheer about.

## OBSERVATIONS

BY THE INNOCENT BYSTANDER, BILL HENRY

THE year of 1928 may witness a number of interesting track and field accomplishments. Southern California, as a whole, had a big revival of interest in 1925 and ought to do even better this year. In one season, through the efforts of the Trojan squad in winning the big I.C.A.A.A.A. meet, the accomplishments of the Occidental relay squad, and the individual work of House of U.S.C., Maxwell and Eaton of Pomona, and Carter of Oxy, Southern California of last year's big heroes, Maxwell, Eaton and Carter have all graduated but a lot more good boys are coming along and the Trojans, in particular, will be unusually strong so that there is every prospect of a lot of excitement on the cinder pathways.

For one thing we ought to expect the long-held supremacy of the northern colleges in the distance runs. Hellman of U.S.C. looks like the young man to do it. Until last year when Carter cleaned up on every college mile in the country, a long-winded young man from Texas, who beat him in the national intercollegiate at Chicago, there had not been a really top-notch Southern California distance man in a decade. Hellman last season got down pretty close to 4:30 and that ought to be sufficient to beat anybody around these parts. He is also an unusually good two-mile and may turn his talents in that direction rather than to the shorter race.

We are rather looking for a onslaught on the new one-mile relay record made by the Oxy Tigers last year of 2:30.4-10. This one-mile relay race is the big classic event of all track meets and the newly made record is one that they'll all be after. Stanford looks as though it might have the best chance with such speedsters as Miller and Bill Richardson but it is hard to hold out two men who would be absolutely fresh and a third who had run only 100 yards. The fourth man, Carter, however, had just previously run a mile in less than 4:20. The responsibility for the record also may go to the U.S.C. Trojans, who gave the Tigers an awful chase for most of the four laps.

If Morton Kaer doesn't do something startling on the track this year there will be a lot of surprised people. That young man looks like a regular racehorse and apparently can do anything that he sets out to do. If he gets busy and works hard this year he ought to do something startling and the funny part of it is that he is likely to do it in any one of a dozen different events.

The low hurdles and broad jump are the events in which he has won most of his fame but he is a fine sprinter, high hurdler, quarter-miler and javelin thrower as well.

## GRANGE ENDS GRID SEASON

(Continued from First Page)

Some of the leading stars of the team, Earl Britton, Joe and Ed Stenman, and probably Walquist, may stay together along with Grange.

A trip to the Pacific Coast next year is also likely, providing the pro game is placed upon an organized basis. The lack of competition met in Seattle and Portland in the last two games scheduled for the Bears.

## CREAVY WINNER IN PRO MEDLEY

Two Teams Tie in Arkansas Curtain Raiser

Mac Smith, Turnesa, Cooper Set for Tourney

Ed Gayer Leads Big Guns in Sweepstakes Play

(BY A. P. NIGHT WIRE)  
HOT SPRINGS (Ark.) Feb. 1.—William Creavy, professional of the Oklahoma City (Okla.) Country Club, and H. E. Malt of the Oklahoma City Club, today captured the amateur two low ball match, opening event of the South Central golf tournament.

The Oklahomans won in a one-hole play-off with John Golden of Paterson, N. J., and John Colton, Pine Bluff (Ark.) amateur, after tying in the eighteen-hole morning round with a medal score of 68.

Colton, in the morning round, had helped Golden lead MacDonal Smith, Joe Turnesa and Bobby Cruikshank, who finished with 69, by making a birdie two on the tenth hole. On the play-off, he had to make twenty-five-foot putt to tie Creavy, who was on the edge of the green in two, for a five but his putt was weak and he sank a six. Golden made a seven and Malt a six.

The triple tie for third place between Smith and L. D. Cooper, Jr., of Hot Springs, as one pair; Cruikshank and J. A. Dickinson of Little Rock, as another, and Turnesa and Burleigh Grimes of Alliance, O., will be settled tomorrow.

The eighteen-hole contest for professionals who were not able to procure amateur partners was won by Ed Gayer, Chicago, and Andy Kaye, Toronto, with 68. The Elgin brothers, Al and Abe, carried off honors in the long-driving contest. Al, of Chicago, drove the ball 372 yards while Abe of Long Beach, Cal., was second with 268. Other scores included: Morley Jennings, Arkadelphia, Ark., and Abe Espinosa, Long Beach, Cal., 71; Jack Andrews, Dallas, Tex., and Harry Cooper, Dallas, Tex., 72; Fred Turner, Long Beach, Cal., and Dewey Longworth, Long Beach, Cal., 75.

## Bushy Graham Disqualified in Ryan Bout

(BY A. P. NIGHT WIRE)  
BUFFALO (N. Y.) Feb. 1.—Bushy Graham of Utica, one of the contenders for the bantam crown, was disqualified in the third round of a scheduled ten-round bout here tonight with Tommy Ryan of Buffalo. The bout was stopped and the decision given to Ryan.

Sid Terris of New York, challenger for Rocky Kansas's lightweight crown, scored a technical knockout over Luke Carr, Buffalo, in the fifth round of the ten-round fight.

In another ten-rounder Jimmy Slattery of Buffalo made a punch-weight crown scored a technical knockout over Luke Carr, Buffalo, in the fifth round of the ten-round fight.

Frank C. Garcia of Utica was given the decision over Dave Schwartz of Buffalo after a six-round battle. They are bantamweights.

British women now wear muffs which contain a lining of rubber tubing which can be filled with hot water.

## Walter Hagen Always Draws Huge Gallery

(EXCLUSIVE DISPATCH)  
CHICAGO, Feb. 1.—Former professional golfer, Walter Hagen, who has been a major league player in the rule permitting rain ball. There should be a search for the fountain of youth will come to satisfaction in the resin rule.

Brooklyn, the Yankees' pitcher, should profit more than any of the others, though the American League representatives were against resin ball rules, the change are that the twirler of the junior loop will be as much benefited by the change as those in the older circuit.

It is admitted that resin is the greatest help to curve-ball pitchers, and a better grip on the ball is not likely to handicap the ball artists, especially those in the sharp break.

There are at least six pitchers on the Brooklyn team who would be the resin ball of considerable value. The Sox have three players who the new rule would be of value to them. They might not be able to make use of resin. Others who are "yellow" Walter Johnson, ridge, Meadows and Morris.

The Pirates, Rixey, Luque, Mays of the Reds; Eber, Scott, King of the Giants; Nease, Darda, Mitchell of the Cardinals of the Tigers. Gray in Harris of the Athletics. Morridge and Vanderlin of the Browns and Sherrod Smith of Indians.

On the New York side, Ed Gloger, Covina half-miler, who has a record in this event. In Harris of the Athletics. Morridge and Vanderlin of the Browns and Sherrod Smith of Indians.

Cromwell expects to level a demon two-miler, the frosh will have a world of the 50-yard dash on up to the quarter-mile. Both negotiated the century in the 50-yard dash on up to the quarter-mile. Both negotiated the century in the 50-yard dash on up to the quarter-mile.

Weldon Draper, who has a record in this event. In Harris of the Athletics. Morridge and Vanderlin of the Browns and Sherrod Smith of Indians.

# Forty-Five Horses Declared Out of Rich Coffroth Handicap

## BIG FIELD IS CUT ONE-THIRD

### General Thatcher Suffering Throat Ailment

### Favorites Still Eligible to Compete for Prize

### Princess Doreen Remains as Choice in Race

(EXCLUSIVE DISPATCH)  
TIA JUANA RACETRACK, Feb. 1.—Forty-five of the 108 nominees for the Coffroth Handicap, richest all-age stake in the world, to be decided here March 25, have been declared out of the event. It was announced here today. Final declarations were made last night, reducing the huge field to sixty-three eligibles.

The remaining sixty-three, however, include practically every one of the original nominees of note, which were nearly certain to start. Master Charles, early winter-broke favorite for the Kentucky Derby last year, and a development of the previous season at Tia Juana, is the leading absentee.

The entire list of scratches is: Alladin, Arcady, Be Frank, Bolton, Bon Homage, Bonnie Omar, Brazen, Chick-vale, Cockrill, Coronation, Cologomer, Doc Horn, Drome, Golden Sweden, Harpden, Honk, Incitor, Jack Fairman, Kity Trotwell, Little Colt, Liholho, Laster, M. J. McVulky, Jr., Mandrol, Mase, Charlie, Miss Thatcher, Paula Shay, Planet, Prince of Bourbon, Publisher, Pundish, Rock Heaster, Revolution, Rob Roy, Skeedix, Skivedale, Spears, Spread Eagle, Stampdale, Sidrap Cup, Token, Wampet, Vaqueen and Zeus II.

Princess Doreen, the Audley Stock Farm's reigning queen of the American turf, continues to rule as favorite for the rich event. General Thatcher, the Nevada Stock Farm's great stake runner, which finished second to Athar stone last year in a brilliant stretch battle, was announced by Trainer Preston Burch as suffering from a throat ailment. Burch stated that the stellar route-goer would probably not be able to start in the Coffroth, but the horse was not declared out of the race.

Rumstar, Baron Long's western-bred and owner, winner of the Coffroth in 1924, is still eligible to compete again. Rumstar and Little Chief, another nationally known stake runner, have both recovered from leg injuries, and are expected to go to the races this week.

Osprey has dropped slightly from the public choice. The chestnut runner, owned by John F. Mills of Long Beach, is slightly off his best form. Catalan a victor in the Roman high-weight handicap Sunday, Dangerous and Nore Dix are rapidly assuming favor in the public choice.

## PILOTS AIM AT MILTON'S MARK

(Continued from First Page)

is now 141 miles, also held by Milton. It is probable that attempts will also be made with one of the 91-inch motors, which will be required for all racing on an after the annual 300-mile Decatur Day classic at Indianapolis in conformity with the A.A.A. rules for reduction in motor size every year.

The racing innovation at Daytona is to follow within a few days the formal opening with a 200-mile classic of the new mile-and-a-quarter board track at Miami, now being rushed to completion by Jack Prince. This event is set for Washington's Birthday, with a \$20,000 purse. Barney Oldfield is to act as starter. It is probable that a second event, likely of 250 miles, will be held on March 6, with "Wag" being there in time to officiate for it.

Ray Harroun, old-time racing star, is managing the new Miami bowl, and lists the following entries for the opening events on the Miami sander: Milton, Cooper, De Paolo, Hartz, McDonough, El-Hott, Wonderlich, De Vore, Lewis, Hill, Duxey, Hepburn, Comer, Shattuck and Evans.

All of these drivers are to leave here not later than the 18th inst., shipping their go-fasts by special express cars this week. After the Florida classics, they will immediately return to Los Angeles for the spring 250-mile championship event at Culver City on March 21, which will be followed by the 150-mile race at Fresno on April 15.

After Fresno, the next big feature is the inaugural classic at the Galveston-Houston track, now all under construction by Jack Prince, to be opened with a 250-mile event on April 21. This will be followed by the seasonal 300-mile contest on the third new track of the year—the mile-and-a-half board bowl to be built at Atlantic City for Charles M. Schwab, steel magnate, Paul C. Pommer, former Angelino, secretary of the contest board of the A.A.A. for several years, who will manage the huge New Jersey resort track, is expected here on the Coast sometime during the month to complete his entry list.

## Secretary of Hollywooders Due in Today

Charles "Spider" Baum, secretary of the Hollywood Bees, is scheduled to arrive in Los Angeles today to start local arrangements for the moving of Bill Lane's club from Salt Lake to the Movie City. Baum will be shown through Gilmore Park, where the Bees will start training next month, and announce what changes, if any, he thinks will be headed before the Bees' arrival. The board of directors of the Hollywood Chamber of Commerce, through whose efforts it was possible for Hollywood to get a Coast League club, met last night and gave Earl B. Gilmore a vote of thanks for his offer in allowing the Hollywood Bees to use his ball park for spring training.

## IVAN THE TERRIBLE CUT DOWN

### Stecher's Deadly Scissors Does Work

Here's Ivan Poddubny, Russian wrestler, whose claim to never having been defeated, was shattered in New York last night.

(BY A. P. NIGHT WIRE)  
NEW YORK, Feb. 1.—Joe Stecher of Dodge, Neb., claimant of the world's heavyweight wrestling championship, defeated Ivan Poddubny of Russia in what was advertised as a title match here tonight. Stecher scored the lone fall after one hour thirty-eight minutes and thirty-seven seconds of wrestling with his deadly scissors combined with an arm lock.

## FLETCHERIZING TITLE UP

### Baseball's Best Digestions Meet Tonight in Final Banquet for National Championship

(EXCLUSIVE DISPATCH)

NEW YORK, Feb. 1.—The best digestions of baseball will meet here tomorrow night in the final and championship of the national banqueting tournament under the auspices of the National League. The tournament has been raging since the close of the football season and several new world records have been made, including the great achievement of Tammany Young, the gate crasher, who consumed two plates of standard size olives, unassisted.

Another world record registered at the baseball writers' banquet, the semifinal event of the tournament, was achieved by Roseman Bulger, the chairman, who got through the evening without permitting James M. Gould of St. Louis, the president of the association, to make a speech to the 450 entrants. Gould was very indignant today, claiming he had been fouled by Bulger, who closed the speech-making while Gould was out of the banquet hall, warming up by his heat by reciting his address to the waiters.

Gould will attempt to deliver his address at the banquet of the National League, stating that he spent \$100 to make the trip from St. Louis to New York, and insisting that for \$100 a man ought to be allowed to make a speech. He says that in St. Louis he would have been allowed to speak a long time for \$100.

TO PLAY DUET  
As an added attraction at the National League banquet, Garry Herman of the Cincinnati Reds, will eat an exhibition fathom of wienerswursts against time and there will be a duet by Jack Hendricks.

## HONOLULU TEAMS GET IT IN NECK IN INVASION OF KAUAI

(BY CABLE—EXCLUSIVE DISPATCH)

HONOLULU, Feb. 1.—Revenge is sweet, even if it takes half a dozen centuries to get it. That is what sport followers in Hawaii are saying, following a racing regatta held on the Waialua River, island of Kauai, on New Year's Day.

The champion racing crew of the Territory went from Honolulu to Kauai to participate in the first regatta the "garden island" ever held. The purpose was to introduce racing to the inhabitants, so that Kauai might enter a team in the all-Territory racing regatta held July 4. A football team also went from Honolulu to develop interest in that sport.

The invaders found much interest. Both boat crew and football team came back badly beaten, with the query of the Kauai residents still ringing in their ears: "Do you know how to play anything else in Honolulu, besides the kukule?"

But why was the word "revenge" mentioned? A long time ago, Kakei, high ruling chief of Oahu (Honolulu) decided he wanted a little excitement, so outfitted a fleet of outrigger canoes and with a few battalions of gallant warriors made

## MANDELL IN FINE SHAPE

### Rockford Flash Set For Battle With Johnny Adams Friday Night in Hollywood Arena

"It won't be long now," says Eddie Kane, manager of Sammy Mandell, "before my lightweight will be recognized world's champion. We are going East to fight the best there are and we will do it where the money will warrant fighting the best."

## STANFORD CAGE GAMES ATTRACT

(Continued from First Page)

team and naturally work well together. MacLaine and Harold Thomas, from last year's football team, are Turner's other regulars.

Caddy Works, Grizzly coach, doesn't have to worry about cohesion among his athletes. He has used the same five men with much success all year. Bill Goeris and Jack Ketchum, forwards, are both good floor men and good shots. Ed Prigge, center, played the best game of his career against Pomona last week and if he goes that way against Stanford, the Cards are in for an exciting evening. If anything is worrying Works it must be his defense.

Pomona made 20 points against the Grizzlies Saturday night and the Sageshens are not nearly as heavy as the Cardinals. Capt. Horace Broese is bulky enough to stand off the heavy visitors. Jimmy Armstrong is a trifle light for such a task, but has always made up in fight what he lacks in poundage. Prigge gets back fast to help these two on defense and how Pomona got 20 points is still something of a mystery to us, especially as the Sageshens offense did not open up quickly but worked the ball down the court gradually.

## ROLD YOUTHS IN BURGLARY

Herman Christenson, 15 years of age, William Dunn, 15, of Compton, and Raymond Burke, 15, of Long Beach, were lodged at Juvenile Hall yesterday by Constable Rosell of Compton, on suspicion of burglary. The boys broke into the store of Helen Tieto at Compton, it was said, and stole cigarettes, gum, candy and a small amount of money.

NET BODY TO MEET  
The annual meeting of the United States Lawn Tennis Association will be held in New York February 8. Officers will be elected and the most active season in the history of the sport mapped out by the delegates.

## York Takes Seat as Justice of Appellate Court

Judge York, for many years a Superior Court judge in Los Angeles county, yesterday officially assumed the duties of a justice of the District Court of Appeals. Second Appellate District.

Judge York was recently appointed to this high position by Gov. Richardson to fill the position made vacant by the appointment of former Justice Curtis to the State Supreme Court.

## You chaps who roll your own

TUNE-IN on this little talk about one grand and glorious cigarette tobacco—Prince Albert, and nobody else! Here's makin' tobacco that has satisfaction woven right in the selva. You'll check with that when the first fragrant puff percolates through your smoke-system.

P. A. is crimp-cut and stays put. Doesn't float away on the first breeze. A home-rolled P. A. cigarette smokes cool and sweet, no matter how hard you pull on it. Burns better too. Just never was a cigarette tobacco like good old P. A., and that's a fact.

## HONOLULU TEAMS GET IT IN NECK IN INVASION OF KAUAI

(BY CABLE—EXCLUSIVE DISPATCH)

HONOLULU, Feb. 1.—Revenge is sweet, even if it takes half a dozen centuries to get it. That is what sport followers in Hawaii are saying, following a racing regatta held on the Waialua River, island of Kauai, on New Year's Day.

The champion racing crew of the Territory went from Honolulu to Kauai to participate in the first regatta the "garden island" ever held. The purpose was to introduce racing to the inhabitants, so that Kauai might enter a team in the all-Territory racing regatta held July 4. A football team also went from Honolulu to develop interest in that sport.

The invaders found much interest. Both boat crew and football team came back badly beaten, with the query of the Kauai residents still ringing in their ears: "Do you know how to play anything else in Honolulu, besides the kukule?"

But why was the word "revenge" mentioned? A long time ago, Kakei, high ruling chief of Oahu (Honolulu) decided he wanted a little excitement, so outfitted a fleet of outrigger canoes and with a few battalions of gallant warriors made

## ROMAN NET MEN DOWN ALHAMBRA

### Visiting Moors Are Shut Out by Score of 8 to 0; Plan Return Tourney

Journeying to the courts of the Los Angeles High School yesterday afternoon, the Alhambra High School's tennis team played a series of matches with the Romans, and after the final point in the doubles contests had been completed, the last event of the day's play, the Alhambra aggregation found themselves on the short end of an 8-0 score.

Capt. Jack Phillips, Pioneer star, started off the match play with a hard-fought victory over Blonnie of Alhambra High, the set score reading 6-2, 6-3, 9-7. The match resembled an endurance contest, with the Pioneer star just a little more clever in his play. Rex Goodcell also counted a victory for the Pioneer warriors when he defeated Ed Blonnie in two straight sets, 6-1, 6-2.

Mel Sheldon, the Roman ace, finally found himself and accounted for a win, thus breaking into the victory column, defeating Beloo in a one-set match at 6-3. However, the star was robbed of his final score as the match was called, in favor of the doubles contests, but the players had started late, and the doubles events were also postponed.

Al Bennett, diminutive Roman ace, won another three-set victory from his rival Moor, played to the tune of 6-3, 6-5. A return match has been slated, although a definite date has not been set as yet.

## RAILROAD SUED FOR EJECTION FROM TRAIN

Charging they were "violently hurled to the brick pavement" from a Santa Fe train at Newton, Kan., on the pretext that the round-trip tickets they had purchased in Los Angeles for Chicago and return were obtained by fraud, J. E. Jenkins and his wife, Ruth E. Jenkins, yesterday filed suit in the United States District Court against the railroad, asking \$15,000 each for damages. The couple declared they were "insulted in a loud and uncouth" fashion before other passengers, and that with their baby they were unceremoniously ejected. The ejection occurred on September 25, last year.

BUILDERS OF HIGH GRADE MOTOR CARS

## a real bargain for some one—

SIX '25' SEDAN \$1975

ONLY by looking at the odometer can you tell this car from new. We have used it in our sales department, limbered it up, tuned it finely and kept it spick and span. It is fully guaranteed.

For the service it has rendered us we have charged off a considerable part of the list price to sales expense—a reduction of \$612.50.

If you want a modern conception of high gear performance you can get it by riding in a Flint "Fifty-Five." We invite you to do so.

Note—Our used car department offers some good investments in Flints and other standard makes taken in exchange. Prices are low.

## R. C. DURANT, INC.

1600 South Figueroa Street  
5746 Hollywood Boulevard  
1630 South Figueroa Street

## FLINT SIX

## TIMES COLLECTION BOXES

are located in bottles of 44 principal downtown office buildings. Want ad copy may be deposited in them up to 6:30 p.m., for publication the following morning in the world's largest want-ad medium.

Hot-diggity-dog, how you'll go to it with P. A. You'll make one right after another. Not a nip or a scorch in a ton . . . the Prince Albert process settled that years ago. Get you a tidy red tin or a toppy red bag of Prince Albert today. Get the joy that's due you.

While you're about it, tuck a wad of P. A. into the muzzle of that old jimmy-pipe. The tobacco that makes such wonderful cigarettes goes equally well in a pipe. Don't say you "can't smoke a pipe." Give P. A. a workout. Sure—you'll like a pipe!

—no other tobacco is like it!

TUESDAY MORNING.

## Wait!

## JAIL STUDENTS IN LIQUOR ORGY

Berkeley Arrests Bring on Rum Scandal

Eight Locked Up After Raid on Wild Party

Honor Society Confronted by Disbandment

(EXCLUSIVE DISPATCH) SAN FRANCISCO, Feb. 1.—Eight University of California students today faced police charges of drunkenness as well as possible expulsion from the State Institution in Berkeley; the U.N.C. honor society was confronted with the possibility of an order to disband, and university authorities were in the midst of a sweeping investigation into a "liquor scandal," as result of a police raid last Sunday on a secret initiation of the honor society, held in a deserted shack on the west side of El Cerrito hill in Albany.

Members of the society who were arrested, booked on charges of drunkenness and then released under bail of \$25 each were Eugene R. Harrington, junior student and a member of the Delta Tau Delta Fraternity; Frank W. Jones, junior, Sigma Nu; Frank J. Perry, junior, Beta Theta Pi; Joseph Kappa Psi, sophomore, Delta Tau Delta; Neil B. Duckels, junior, Phi Kappa Psi; George Allen, junior, Phi Kappa Psi. The students are scheduled to appear in Albany Police Court Wednesday.

TWO SCORE IN PARTY Approximately two-score students participated in the "initiation" Sunday, according to police, which terminated in a free-for-all fight, a mad scramble on the part of less inebriated students to escape, a spectacular escape from jail by one of the dozen taken into custody, a subsequent escape of three of those apprehended by officers and the booking of the remaining eight on charges of intoxication.

First information of the initiation was obtained when Patrolman Williams of the Albany Police Department was attracted by screams from the supposedly deserted building on the bay shore just west of El Cerrito hill, formerly occupied by the Dupont Powder Company. Rushing to the spot, Williams came upon a scene of wild disorder—students, many of them apparently under the influence of liquor, lying about in the rain, some of them half-dressed; others, scantily clad, dashing up and down the bay shore; and the remainder contributing with great gusto to the noise of the "initiation."

Williams attempted to quell the disturbance, but the participants ignored his commands. The officer retired to his quarters.

OFFICERS USE CLUBS Meeting with resistance, the officers made use of their clubs, as a result of which, members of the society still able to run, dashed to their automobiles and escaped. It was not until several hours later that police had the situation under control.

While the arresting officers were engaged in booking their prisoners, other members of the society returned to the scene of the initiation, removed the registration certificates from a truck and an automobile which had been abandoned at the spot and broke several large containers, believed to have held liquor.

At today Dean of Men Joel Hildebrand said he had not as yet been "officially notified" of the affair, but that immediately he received such notice, he will refer the matter to the Student Affairs Committee. Fred C. Byers, chairman of the Student Affairs Committee, said:

"As soon as the matter is referred to the Student Affairs Committee, prompt and vigorous action will be taken."

Operators and Miners to Meet Again Tomorrow

(BY A. P. NIGHT WIRE) PHILADELPHIA, Feb. 1.—Miners and operators, deadlocked over a settlement plan to end the long hard-coal strike, will resume their sessions here tomorrow after a week-end recess.

When the two subcommittees, made up of six miners and six operators quit on Saturday, they had disposed of the latest proposals, each side and the table was clear for the moment, at least, of any new positions. Hal W. Wingle, chairman of the operators' committee, urged each side to try to figure out a plan before the joint conference opens, that would be acceptable to both parties.

## PRINCE WILL STUDY AGRICULTURE HERE

NEW YORK, Feb. 1.—En route to California, where he will study agriculture, H. R. H. Prince Madhavsinhji of India has arrived here.

One of the wealthiest potentates in the East, the Prince has been one of the foremost in the ranks of those seeking to better farming conditions in his country.

'ANTIETAM' OF BRITAIN HAVE SONG

New Ballad Intended to Put to Rout Communist Hymn of "Red Flag"

(BY CABLE AND ASSOCIATED PRESS) LONDON, Feb. 1.—The song of the Anti-Red, "The Song of the Anti-Red," is the new anthem of the Patriotic League of Great Britain.

It is intended to rout "The Red Flag," the Red hymn which, sung to the tune of "Maryland, Maryland," caused the Communist to stand bareheaded in solemn reverence. All English Socialists, however, do not like the song.

Bernard Shaw, who is sympathetic with almost everything Russian, says it sounds like a "dirge to a dying cat."

The sentiment of the new anti-Red anthem is that as can be judged by these lines:

"If Russia is the land you are yearning for, Why! Good luck and take your Get your ticket from Mr. Cook!"

"Mr. Cook" is a J. Cook, the radical and outspoken secretary of the coal miners' union. It has been suggested, however, that Lady Astor's name should have been used in the last line, as it was she who recently offered to provide free transportation for any English family that wanted a two-year trial of Russian freedom.

Correspondence School Opened for Engineers

(BY A. P. NIGHT WIRE) SACRAMENTO, Feb. 1.—The University of Fire Engineering, a vocational institution organized in Los Angeles to "grant such literary and technical degrees as are usually granted in any university or college," filed articles of incorporation here today.

Further elucidation of the University's purpose is lacking in the articles. The directors are E. R. Reed, William J. Slaney and D. Joseph Coyne.

D. Joseph Coyne, attorney, said last night that the University of Fire Engineering is being organized by E. R. Reed as a training school for firemen to enable them to advance to the rank of engineer. It is planned to have firemen throughout the United States for correspondence courses. Reed is head of a local civil service training school.

BABY LROWNS IN IRRIGATION PIPE

(EXCLUSIVE DISPATCH) FULLERTON, Feb. 1.—Missing from under the watchful eye of her mother for only a few minutes this morning, the lifeless body of little Lola Helene Troeller, 19 months old, daughter of Mr. and Mrs. Harold L. Troeller, of Yorba Linda, was found drowned in a concrete irrigation pipe near the family home. The little girl, who had been playing about the house but a few moments before, had apparently been looking into the concrete pipe and lost her balance, plunging into a few feet of water, head first, and in such narrow quarters that she could not extricate herself. An inquest will be held later this week, at a date not yet determined.

SELLS MONROVIA STORE (LOCAL CORRESPONDENCE) MONROVIA, Feb. 1.—Segner's local 5, 10 and 25-cent store, owned by A. G. Segner of Van Nuys, proprietor of a chain of stores in the San Fernando Valley, was sold this morning to Joe Cornet of Covina, who will add it to his string of stores now operating in Covina, El Monte and Bellflower. Mr. Segner announced that he planned to devote his entire time to his San Fernando interests.

## COLLEGE LADS DRIVE TAXICABS

Washington Companies Hire Many Students

Most Youths Work Full Day, and Then Study

Bonuses Paid for Caution and Chance "Fares"

(EXCLUSIVE DISPATCH) WASHINGTON, Feb. 1.—When Lieut. Mina Van Winkle, Washington's woman police officer, said in her annual report that "drivers of taxis and private automobiles who use their cars for improper purposes are the biggest menace of society today," she started something, the end of which is not yet in sight. If a taxi driver may be likened to a worm, it may be said that the worm turned and in so doing upheaved a large quantity of dirt.

A letter was written to the newspapers protesting that taxi drivers had been too long abused and containing the surprising information that a sizeable percentage of Washington drivers are college students working their way through school. All the well-colored companies do not have such a large number, but one company employs seven college students out of some 400 drivers.

THE START A great many students in Washington colleges and graduate schools are working in the government service during the day and are attending school at night. About three years ago two law students, John Cooney and E. H. McCullin, decided to see if there were not a new line particularly suited to those who pay their own way, and they applied for jobs with one of the taxi companies. They succeeded in obtaining them, leading the way for many other young men similarly situated.

Most of the boys work a full shift starting at six in the morning and driving until three in the afternoon, leaving their evenings free for classes. A few work as extras, coming in when they are free and taking extra fares. This is possible, because all drivers work on a commission basis. During the summer some of them were seen at the sight-seeing buses, pointing out the sights to tourists.

W. F. King, an Illinois youth going through college by the taxi route, admits that it is hard to study some times or to concentrate on classes close after a long day of driving, but says that it is possible to "crack a book when the hack when business isn't so good."

Among the colleges represented with the taxi companies are the law, medical and dental schools of George Washington and Georgetown universities, and the Foreign Service School.

According to the company officials, boys who are on their own, paying all their bills, are cracker-jack drivers, none better. Those who have some help from home are not quite as dependable. They are equally good as drivers, but do not always show up—perhaps when a date for a social affair is made.

BONUSES AND PRIZES Salaries vary in this business, because great deal depends on a man's quickness and initiative. The companies furnish from 65 to 70 per cent of a driver's work from calls at the office, the remainder being "pick-ups." In this latter is the profit for both the company and the driver. The driver's "dead mileage," that is, the time consumed returning from calls. In addition to a bonus for those having no accidents, the company offers monthly prizes to those having the most "pick-ups." An average driver makes from \$35 to \$45 a week. Of course, there are good and bad days. For instance, bad weather is good weather for taxi people.

To get a job with a taxi company every applicant must do three things and also possess a large amount of patience and persistence. First, of course, he must drive a car to the satisfaction of the company inspector; second, he must have a thorough knowledge of the city, where places are and, more important, the shortest routes between them; and third, he must obtain an identification card from the police department.

A driver does not need to be a mechanic. In fact, according to company regulations, he is allowed to do nothing to a car except change tires. There is a crew of mechanics, painters and, strange to say, blacksmiths, always ready to serve him. One complaint of the driver is that the company merely takes his car up on the elevator to be adjusted without even the cost of effort.

MURDER TRIAL TO BE STARTED MARCH 15

(EXCLUSIVE DISPATCH) SAN ANTONIO (Tex.) Feb. 1.—Trial of Mrs. Mabel Sheridan charged with murder of Mrs. Ada Mendham McCobb, will probably begin March 15 next, according to a tentative setting made in the Ninety-fourth District Court. The case was set for trial last Monday, but because of the unavailability of a jury venire. This was brought about when the district judges of Bexar county recently ruled that the jury wheel had been filled illegally. The wheel is now being filled.

Mrs. Sheridan asserted in a statement that she acted in self-defense when she was attacked by Mrs. McCobb. Mrs. Sheridan said she was a hammer from Mrs. McCobb's hands and struck her in self-defense. She is at liberty under bond.

DEPORTED ON WAY WEST (BY A. P. NIGHT WIRE) KANSAS CITY, Feb. 1.—Thirty-one undesirable aliens assembled here from Chicago, St. Louis, Omaha and the Federal prison at Leavenworth, left today in a special car for San Francisco, from where they will be deported. Other cars will be picked up along the route to the Pacific Coast. Lee Hing, a Chinese, expressed pleasure at the prospect of deportation, and declared, "this is a bum country."

## ARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop now with Creomulsion, an effective creosote that is pleasant to take. Creomulsion is a new modern discovery with two-fold action: it soothes and heals the inflamed passages and inhibits germ growth.

All known drugs, creosote is used by high medical authorities as one of the greatest healing agents for persistent coughs and colds. Creomulsion contains, in addition to creosote, other healing agents which soothe and heal inflamed membranes and stop irritation and inflammation. The creosote goes on to the lungs, is absorbed into the blood, and is the growth of the germ.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchitis, and other forms of respiratory diseases, and is especially for building up the system after a cold or flu. Money refunded on return of bottle if not relieved. Get the larger size, your druggist. Creomulsion, Atlanta, Ga.—[Advertisement]

FINANCE PLAN  
FACING DELAYFrench Radical-Socialists to  
Start BattleRequest for Detailed Plan  
Will be MadeTax on Production Planned  
by Government

(BY CABLE AND ASSOCIATED PRESS)  
PARIS, Feb. 1.—The battle between the Radical-Socialist coalition and the government over measures to be employed to renovate French finances, appears likely to break out again tomorrow. The hundred or more articles of the Radical-Socialist measures and the hundred or more amendments introduced are to come up for discussion.

The Radicals will move that the entire discussion be postponed until a complete detailed scheme is offered for the stabilization of the franc. This can amount to nothing but a dilatory maneuver, it is said in governmental circles, since the stabilization of the franc depends first on the adoption of measures to balance the budget and provide a sinking fund for France's debts, which are the objects of M. Doumer's bills.

If the motion to postpone the debate is defeated, as seems likely, the Radicals will insist that the chamber take up the third article of the coalition bill first. This is the article making the state co-heir with direct descendants' inheritance.

This was a provision in the measures which was conceded to the Socialists in exchange for their support for the rest of the program. They say they want to see whether the Radicals will carry out their agreement on that proposition before they commit themselves on other features of the project.

The government is going ahead to prepare a bill for a tax on production as a substitute for a stamp tax on business transactions. It also will be a stamp tax, but applicable only to products in the hands of wholesalers and exporters.

The Finance Minister failed to get the text ready to submit to the finance committee today, and therefore there will be some delay in its presentation.

University Glee  
Club Decides to  
Quit as Protest

BERKELEY, Feb. 1.—The University of California's glee club voted tonight to resign in a body as a protest against the impending removal of C. R. "Brick" Morse, director for the past thirty years. After they had adopted a motion to withdraw from university directorship, the glee club members, led by Clyde "Diddle" Diddle, president, voted to resign in a body to be known as "Brick Morse's College."

Morse's leadership of the club came under fire recently when university authorities announced that a European tour had been canceled because of the proposed musical program including too much "jazz."

JOE THOMAS, FISTIC  
VETERAN, SUCCUMBS

(BY A. P. NIGHT WIRE)  
BOSTON, Feb. 1.—Joe Thomas, former pugilist, who had fought the leaders in both the welterweight and middleweight classes, died today at the Boston City Hospital after an operation for stomach trouble. He fought thirty-two rounds with Stanley Ketchel, then middleweight champion, the referee stopping the fight after Thomas had been knocked down eleven times and Ketchel had been sent to the mat seven times. Thomas fought thirty-two battles with Ketchel. He defeated Honey Melody.

FOR  
Acid Stomach  
PHILLIPS' Milk  
of Magnesia

Instead of soda hereafter take a little of "Phillips' Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

Better Than Soda  
For fifty years genuine "Phillips' Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda.

End that Cold  
By to-morrow

This is the best way known  
we paid \$1,000,000 for it

You can end that cold by tomorrow if you will. You can do more. You can open the bowels, eliminate the poisons, tone the entire system. You will probably feel better than when the cold began.

The way is HILL'S. It is so efficient that millions have come to employ it. It is so supreme that

GAZETTED AFTER  
YEARS' OF SERVICE

[Kadel &amp; Herbert Photo]

Sir Edward Ponsonby

(BY CABLE—EXCLUSIVE DISPATCH)

LONDON, Feb. 1.—For services rendered to three successive sovereigns during more than thirty years, Sir Edward Ponsonby, G.C.B., is to be gazetted as a Knight of the Order of the Bath.

Ponsonby is the "Keeper of the King's Privy Purse," in other words, he handles the royal bank-roll, and every penny that the King receives or spends goes through his hands. He is the only one who supplies the King and Queen and the prince with "pocket money," and he is the only one, perhaps, who does not except the King himself—who knows the exact extent of the wealth of the British royal family.

NEW PARLEY  
ON INDECENT  
LITERATUREParent-Teacher Meeting  
in Bay City Will Receive  
Committee Reports

(EXCLUSIVE DISPATCH)

SAN FRANCISCO, Feb. 1.—

Objectable literature is to be once more the theme of a conference in this city on Thursday at the Fairmont Hotel.

The session will be in the form of a luncheon under the sponsorship of the California Congress of Parents and Teachers, with Mrs. R. L. Cardiff of Santa Cruz, vice-president of the California congress, as chairman.

Representatives of all the organizations dealing with child welfare will attend the luncheon, which is third of a series of three conferences on the subject. Definite plans will be formulated. It is expected, for the limitation of the publication and the sale of literature which has aroused the ire of the welfare workers. The second session of the series was held on January 25 at Los Angeles, when committees were appointed to decide on the specific publications which should be suppressed and also one to confer with news dealers and distributors.

PECK, WRITER, DIVORCED

(BY CABLE AND ASSOCIATED PRESS)

PARIS, Feb. 1.—Robert Peck, a writer, today registered a divorce granted to him February 13, 1925, from Florence Reid, whose address is given as the Hotel Plaza, Chicago.

Bolivia is subsidizing taxicab drivers in order to provide sufficient transportation for official delegates to the country's centennial celebration.

PARLIAMENT TO  
RESUME TODAYKing and Queen in London  
for OccasionSpeech from Throne Given  
ApprovalLloyd George Re-elected  
Liberal Leader

(BY CABLE—EXCLUSIVE DISPATCH)  
LONDON, Feb. 1.—King George and Queen Mary, both in deep mourning, returned to London from Sandringham this afternoon in readiness for the state opening of Parliament tomorrow. The King immediately held a privy council at Buckingham Palace, when the royal speech to be delivered from the throne tomorrow was approved.

A notable absentee from the state procession from the palace to the House of Lords will be the Prince of Wales, owing to his fractured collar bone, received in a recent hunting adventure, he will be unable to wear the uniform necessary for such a ceremonial occasion. He may, however, attend the House of Lords in his capacity of a private member to witness the opening ceremony.

The usual brilliant ceremonial attendant with the state opening will be followed, the King and Queen traveling in a gorgeous gilt coach of state, accompanied by the sovereign's escort, the colorful, flashing life guards, with a brigade of sergeants in review order lining the route. A salute of forty-one guns will boom for the King and Queen.

Tonight the brilliant political dinner and functions usual on the eve of Parliament's opening are taking place.

David Lloyd George this evening was re-elected sessional chairman of the parliamentary Liberal party and leader of the party in the House of Commons. The extremist group of the party decided at the last moment not to nominate a candidate against him.

TAX CASE DECISION  
FOR HEARST HEIRS

(BY A. P. NIGHT WIRE)

SAN FRANCISCO, Feb. 1.—The

State Supreme Court, in a decision rendered today, ordered the city and county of California to pay \$252,500 in excess taxes to the heirs of the late Phoebe Hearst.

The publisher, the Order was directed against State Controller Riley and City and County Treasurer McDougall.

Public improvements in the earthquake region of Japan are far beyond the extent and quality of those before the disaster of 1923.

Cortes hizo pública ayer una declaración, por la que manifiesta que antes de ir a casarse a River-side, su novia llamó por teléfono a su abogado y le preguntó si había nada que le impidiera contraer nuevas nupcias. El letrado le dijo que ya era mujer libre. Ocho lo cual, dice Cortes, nos dirigimos a River-side.

El abogado en cuestión, sin embargo, niega haberle dado tal respuesta. Cortes, y dice haber manifestado claramente a dicha señorita que ignoraba para qué fecha sería provisto el auto definitivo.

Más lluvias en la Costa del Pacífico.

La práctica elemental de castellano, y los lúmenes encontrará a lector dos secciones para estudiantes adelantados.

A quienes deseen aumentar sus conocimientos de español les conviene leer esta columna todos los días.

## NOTAS TELEGRAFICAS

Noticias de Washington

WASHINGTON, Febrero 1.—El

senado ha reanudado la discusión del proyecto de ley de ingresos.

Se ha solicitado del senado que haga una investigación de los asuntos de la Compañía de Aluminio de América.

Tanto en el senado como en la cámara estuvo a discusión la nueva compañía panificadora.

Informóse a la cámara sobre un proyecto de ley de asignación para déficit, por el que se pide un crédito de \$28,000,000.

William Mitchell causó baja en el ejército, y reanudó desde luego sus ataques contra la política aérea de la administración.

Educas Golpe al Bandidaje en Puebla

PUEBLA (Méjico) Febrero 1.—

Nueve salteadores, incluso el supuesto cabecilla de los mismos, Antonio Flores, han sido capturados por las fuerzas federales de este Estado. Otro resultado de la campaña de la guerrilla.

Los prisioneros van a ser sometidos a juicio, acusados de una larga serie de asesinatos.

Desde hace varios meses venía una cuadrilla de forajidos creando el terror en los caminos reales, y se le creía responsable de la muerte de muchas personas. Las tropas persiguen asimismo a varias otras bandas que actúan independientemente.

Compra de una Planta Hidroeléctrica en Méjico

GUADALAJARA (Méjico) Fe-

brero 1.—Se ha llevado a cabo en Méjico una de las más considerables transacciones industriales que ha habido de algunos años a esta parte. Se trata de la compra efectuada por la compañía Morrison y McCall, de San Luis Misuri, de la planta hidroeléctrica, y otras propiedades de la Compañía Eléctrica de Chapala (Jalisco), en la cantidad de \$20,000,000, oro americano.

El sistema de energía eléctrica de esta compañía se extiende hasta Guadalajara y hasta poblaciones y campos mineros comprendidos dentro de un radio de 110 millas.

Los nuevos propietarios proyectan el ensanche de la ciudad planta y la prolongación del sistema de transmisión. Entre las plantas figura también la compra de muchas plantas de energía y luz que existen en las poblaciones mayores de esta región de Méjico, incluídas de Manzanillo, Tepic y otras ciudades de la costa del Pacífico.

La compañía de Morrison y McCall era dueña de la Texas Central Power Company, la que vendió hace unos cuantos meses en \$20,000,000 a Martin Insull y socios, de Chicago.

Madre de Trigueros.

PARIS SEEKS  
REVISION OF  
DEBT PACTProportionate Payments  
Feature Renunciation by  
Britain Desired

(BY CABLE AND ASSOCIATED PRESS)  
PARIS, Feb. 1.—The French government seeks to have the provisional Caillaux-Churchill debt agreement with Great Britain revised in two fundamental respects. It is understood, before instructing Ambassador Berenger to proceed with the debt funding negotiations at Washington.

It desires Great Britain to renounce her insistence that payments made to her by France shall be proportionate to those made by France to America. It also desires that she withdraw her demand that payments from her debtors shall be on a scale sufficient to meet the British payments to the United States.

Finance Minister Doumer, who is handling the negotiations, asks that France shall have the same treatment as Italy regarding the gold deposited against the war debt with the Bank of England. The British Treasury is described as giving no encouragement to these proposals.

RAIL COMMISSION  
PAYS SQUIRES HONORSSAN FRANCISCO OFFICES  
CLOSE FOR DAY AFTER  
ADOPTING RESOLUTION

(EXCLUSIVE DISPATCH)

SAN FRANCISCO, Feb. 1.—The

Railroad Commission today spread upon its minutes a resolution of sympathy and condolence to the bereaved family of George D. Squires, a member of the commission, who died of pneumonia Sunday.

After the drawing up of this resolution the offices of the commission were closed for the day out of respect to Mr. Squires' memory and will remain so tomorrow with the exception that applications may be filed.

Gov. Richardson also paid high tribute to Mr. Squires, who managed the gubernatorial campaign for him in 1922, and was one of the Governor's staunchest friends and supporters.

The Directors and Founders of the Seaboard National Bank who began to build a great banking house with a cool determination that its helpfulness shall not be surpassed, invite you to come with them—to grow—and to be recognized as a vital part of an institution dominated by a spirit of aggressive usefulness—content with nothing less than a city of world renown in both domestic and foreign trade.

## Mr. Business Man

Every time you say to your home industry, "I'll buy your goods" you make better business and closer friends.

No Charity in this, just good business 'and making good neighbors.

This is fine, why not keep it up? It Pays.

Goods manufactured in the West are as good in quality and quite often better than those made elsewhere. Buy them here.

Make your neighbors prosper and make your own prosperity.

One factory in Los Angeles employs an average of 100 wage earners. These wage earners, they say, support families averaging three besides themselves. This means this factory provides livelihood for about 400 people. These people buy your goods, why not buy theirs?

They make the well-known American Desks, the concern they make them for is the American Desk Co. of Los Angeles.

These desks are to be found in the offices of the largest and finest banks, corporations, colleges, schools, institutions and other business places.

Many purchasing agents have standardized on this quality product.

American Desks are overwhelmingly endorsed for quality and beauty by all shrewd buyers.

Start now buying American Desks for your office. Make the West grow and prosper. You will grow and prosper with it.

## Remember—

THREE HUNDRED  
OLD CITIES SEENArtist Tells of African  
ExcavationsThrace Once Home of Mil  
lion PersonsBeneath Sea Also  
Viewed by Investigators

(EXCLUSIVE DISPATCH)

SAN ANTONIO (Tex.) Feb. 1.—

romance of Northern Africa

the Sahara Desert as the cradle

of prehistoric peoples was un-

folded here in a lecture by Count

von Khun de Frowin, which

was given under auspices of

local branch of the American

Association of University Women.

Count Frowin told of recent ex-

cavations of Carthage and the

cities of the Sahara, made by

expedition of which he was one

of the leaders and which com-

pleted its work in October. He first

of the treasures unearthed in

great detail, and then he de-

scribed as a metropolis of 1,000,-

people for at least fifteen cen-

turies. He showed numerous pic-

tures which described the excavations

made.

From there he sketched his trip

to the depth of the Sahara Des-

ert where his expedition made ex-

cavations of cities built during the

age of the supremacy of the Ro-

man Empire in North Africa.

Throughout the great waste of des-

ert he said, are at least known

of 300 vast cities of the past,

everywhere in the stamp of the

Roman Empire, its triumphal

arches, bridges, amphitheaters and

individual types of architecture.

There is evidence, the lecturer

added, that Africa was once

most fertile country of immense

region, thickly populated by

people. Today, if the Roman water

works were rebuilt, it would

become a fertile country of

productivity.

Count Frowin described how his

expedition explored the ancient city

of Carthage, now under the sea, with

aid of the latest submarine ap-

paratus. From there he went to

famous golden tombs of Ufa,

many priceless relics were

found.

From Ufa the expedition set out

for the Hoggar country, traversing

desert mountains as high as

Alps, in search of the haunts

of prehistoric man, evidence of

which was found in abundance.

It was in the fastness of this

desert, hemmed in by moun-

tains, that he entered the country

of Touargha, a warlike, primitive

people, governed en-

tirely by the women. The men

black veils from early child-

hood, and are never seen without

them. They are particularly ex-

posed to all courtesy, due to the

diplomatic necessities of their

life. The expedition found the

tombs of the Moors and are

looking to all the modern world

to come to the congress and

the cause of co-operation.

DIAN MOSLEMS TO  
HELP GOVERNMENT

(CABLE—EXCLUSIVE DISPATCH)

LONDON, Feb. 1.—The minority

of the Indian National Congress

are opposed to the Swarajist

policy of boycotting the govern-

ment, and who advocated a policy

of co-operation, are en-

dorsed by the decisions of the

Moslems in their annual

congress at Allahabad to adopt the

policy. Messrs. Kellat and

Khar, Hindu moderate leaders,

are trying to arrange common

action among the Moslems and are

looking to all the modern world

to come to the congress and

the cause of co-operation.

### PARENTAL EDUCATION PLAN TRIED

Fathers and Mothers of Kansas Town Trained in New Methods

(BY A. P. MONT WIRE)  
WICHITA (Kan.) Feb. 1.—A plan for parental education in Wichita has gained the attention of the American Federation of Women's Clubs and the National Congress of Mothers and Parent-Teachers' Associations.

Its chief feature is the correlation of the work of all civic, judicial, educational and correctional agencies for the purpose of giving parents training in bringing up their children and meeting the pressing, new problems born of the new and modern social order.

In a sense, the courses taken by the student-parents constitute preventive medicine for moral ills. The civic clubs, the Y.M. and Y.W.C.A.'s, the women's clubs, the juvenile court, churches, welfare organizations and police department are co-operating in the movement. The work is in charge of the "parental education committee."

Parental classes, conducted in four school buildings in different parts of the city four times a week, constitute one department of the work. The teachers for the classes are specialists. The physical as well as the moral and mental sides of child training is stressed.

Once a week a local newspaper devotes space to answering questions propounded by parents of growing boys and girls. The department is conducted by Mrs. T. G. Klepper, mother of six children.

(EXCLUSIVE DISPATCH)  
PUEBLA (Puebla) Feb. 1.—Nine highwaymen, including their asserted leader, Antonio Flores, have been captured by Federal forces in this State. One other was killed during a short skirmish which took place when the Federal troops surprised the band.

The men will be tried on a long string of murder charges. For several months past the band has been terrorizing the highways and is believed responsible for the death of many persons. Troops are also in pursuit of several other bands which are operating independently.

ARIZONA INDUSTRIAL CHAIRMAN ELECTED

(EXCLUSIVE DISPATCH)  
PHOENIX, Feb. 1.—Cleve S. Vandyke, holder of the long-term appointment as commissioner, was elected chairman of the new State Industrial Commission at its initial meeting today. Hundreds of applications have been made for the numerous offices and clerkships created. A fund of \$150,000 is available for the commission's work. Its first offices are in the House chambers at the State Capitol. R. B. Sims, four-year member of the commission, has been designated as superintendent of the State prison, a place held by him nine years, and has been succeeded in Florence by Scott White, a pioneer of Arizona, latterly secretary of the prison, former Sheriff of Cochise county and four years register of the Phoenix Land Office.

MAN MOSLEMS TO HELP GOVERNMENT

(EXCLUSIVE DISPATCH)  
LONDON, Feb. 1.—The minority Indian National Congress has opposed to the Swarajist policy of boycotting the government, and who advocated a policy of co-operation, are endorsed by the decision of the annual conference at Allahabad to adopt the Swarajist policy. The decision was made by a vote of 100 to 50.

THOUSANDS FACE BALDNESS and Don't Know It

Making Almost Secretly, Destructive Bacteria of "Alopecia Pityrodes" Spread Disease Through the Scalp Which Brings Baldness in from Two to Seven Years. Now Recognized as Cause of 85% of Baldness.

Only Effective Remedial Known to Science Combined in Remarkable New Formula by Prof. John H. Austin, Over 40 Years a Hair and Scalp Specialist.

One of Nine Formulas Stops Hair Destruction

Of nine tested formulas originated by Prof. Austin, used in his private practice, one special remedy, known as Formula G, brought remarkably beneficial results in practically every case; stopped the progress of the disease, restored the scalp to normal, healthy condition and promoted a growth of new hair.

Secret of Science in Formula "G"

This remarkable formula combines the only ingredients known to Science as actually effective in the treatment of Alopecia Pityrodes, in the only form in which they can be maintained in their full strength. Formula G is therefore in pleasant cream form, which is packed in special applicator tubes to make treatment easy, quick and convenient.

Formula G penetrates to the very roots of the hair, and there attacks and destroys the destructive bacteria. It cleanses the scalp and stops itching immediately. It stops falling hair, and by stimulating, reviving and nourishing the hair roots promotes a luxuriant growth of rich, lustrous hair. No matter how serious your scalp trouble, no matter what tonics, etc., you have tried—you can count on securing surprisingly satisfactory results with Formula G. Get this new scientific treatment today. Always in stock at all Owl Drug Stores.

### Retribution for Men Who Stole Coolidge Chair

(BY A. P. MONT WIRE)  
SALEM (Mass.) Feb. 1.—The

Republicans who stole the chair in which President Coolidge sat at last summer's outing of the Essex county Republican Club are being disciplined and they will not be included among the "prominent guests" invited to attend the Lincoln night dinner on the 12th inst. This became known today through a communication sent to Boston by Edmund G. Sullivan, president of the club, one of the most powerful political organizations in the State. He did not give the names of those thus disciplined. It was recalled that one of the few functions attended by the President while he was at Swampscott last summer was the club's outing. He was made an honorary member and, from the club's viewpoint, the chair in which he sat had historical value. Mr. Sullivan says some "marble-headed men" quietly made away with it.

NEW GUARD UNITS

(BY A. P. MONT WIRE)  
SACRAMENTO, Feb. 1.—Adj. Gen. Mittlestadt received from the War Department today authority to organize four additional units of the One Hundred and Eighty-fourth Infantry, California National Guard. Formation of the new companies at Chico, Woodland, Turlock and Oakdale will proceed at once under direction of Col. Wallace Mason of Sacramento.

Johnston, Editor of Newspaper at San Jose, Passes

(BY A. P. MONT WIRE)  
SAN JOSE, Feb. 1.—E. K. Johnston, 61 years of age, editor of the San Jose Mercury-Herald for twenty-four years, and one of the best known editors in the State, died at his home here today.

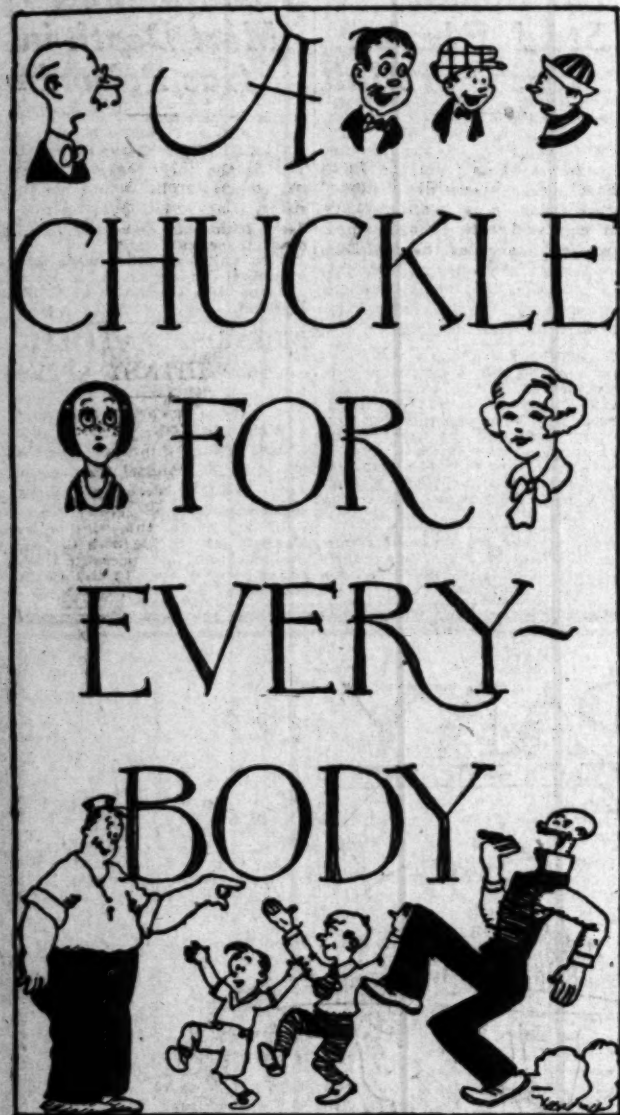

Before coming to San Jose he worked on the San Francisco Bulletin, having come to that paper from New York, where he was a printer. He leaves a widow, son and daughter.

'DANCING MAN' HAT ODDITY

(EXCLUSIVE DISPATCH)  
CHICAGO, Feb. 1.—The latest scream in feminine headgear is entitled the "Gigolo," a small felt contraption with a high crown, pushed up at the back, and pulled down in front over the boyish bob. It originated in Paris and the name "Gigolo" is a term applied to a dancing man.

Hats of six centuries are being displayed at the exposition of the Allied Military Industries, which opened today. The hats of 1890, 1895, 1900, 1905, 1910, 1915, 1920, 1925, 1930, 1935, 1940, 1945, 1950, 1955, 1960, 1965, 1970, 1975, 1980, 1985, 1990, 1995, 2000, 2005, 2010, 2015, 2020, 2025, 2030, 2035, 2040, 2045, 2050, 2055, 2060, 2065, 2070, 2075, 2080, 2085, 2090, 2095, 2100, 2105, 2110, 2115, 2120, 2125, 2130, 2135, 2140, 2145, 2150, 2155, 2160, 2165, 2170, 2175, 2180, 2185, 2190, 2195, 2200, 2205, 2210, 2215, 2220, 2225, 2230, 2235, 2240, 2245, 2250, 2255, 2260, 2265, 2270, 2275, 2280, 2285, 2290, 2295, 2300, 2305, 2310, 2315, 2320, 2325, 2330, 2335, 2340, 2345, 2350, 2355, 2360, 2365, 2370, 2375, 2380, 2385, 2390, 2395, 2400, 2405, 2410, 2415, 2420, 2425, 2430, 2435, 2440, 2445, 2450, 2455, 2460, 2465, 2470, 2475, 2480, 2485, 2490, 2495, 2500, 2505, 2510, 2515, 2520, 2525, 2530, 2535, 2540, 2545, 2550, 2555, 2560, 2565, 2570, 2575, 2580, 2585, 2590, 2595, 2600, 2605, 2610, 2615, 2620, 2625, 2630, 2635, 2640, 2645, 2650, 2655, 2660, 2665, 2670, 2675, 2680, 2685, 2690, 2695, 2700, 2705, 2710, 2715, 2720, 2725, 2730, 2735, 2740, 2745, 2750, 2755, 2760, 2765, 2770, 2775, 2780, 2785, 2790, 2795, 2800, 2805, 2810, 2815, 2820, 2825, 2830, 2835, 2840, 2845, 2850, 2855, 2860, 2865, 2870, 2875, 2880, 2885, 2890, 2895, 2900, 2905, 2910, 2915, 2920, 2925, 2930, 2935, 2940, 2945, 2950, 2955, 2960, 2965, 2970, 2975, 2980, 2985, 2990, 2995, 3000, 3005, 3010, 3015, 3020, 3025, 3030, 3035, 3040, 3045, 3050, 3055, 3060, 3065, 3070, 3075, 3080, 3085, 3090, 3095, 3100, 3105, 3110, 3115, 3120, 3125, 3130, 3135, 3140, 3145, 3150, 3155, 3160, 3165, 3170, 3175, 3180, 3185, 3190, 3195, How to Darken Gray Hair with a Home-Made Mixture.

William, the well-known actress, recently made the statement about gray hair: "I do not color the hair, but I do darken it with a home-made mixture."

One can prepare a simple mixture of the following ingredients: one ounce of henna, one ounce of indigo, one ounce of barbo compound and four ounces of water.

These ingredients can be bought at drug stores at very little cost. Apply the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It does not color the hair, but it darkens it and does not wash off. (Advertisement.)

Lawing Gas

Causes Sleepless Nights and Weary Days

When an excessive quantity of gas is locked in the stomach and it causes a peculiar gnawing pain that keeps you awake at night and makes you miserable during the day.

When you are not even aware you are troubled with abnormal gas and that you are extremely nervous and restless. Very often the heart is affected by gas pressure, resulting in a racing, throbbing, chest, palpitation, difficult breathing or a faint, feeling.

The safest, surest and quickest way of obtaining relief is to take Baal's Gas Tablets, which liberate the gas and help restore the entire digestive system to proper working order. The sure way to get the genuine Baal's Gas Tablets—in the yellow wrapper—is to go to the nearest drug store, or to the nearest Baal's Gas Store, 31 West 4th St., Los Angeles, Cal., or to the nearest Baal's Gas Store, 31 West 4th St., Los Angeles, Cal., or to the nearest Baal's Gas Store, 31 West 4th St., Los Angeles, Cal.

block of sympathy and even obstruction, and sought by making Application 32 (relating to removal). It is specifically to defeat the use of local courts to defame those who must execute it."

**MOTHER OF TRIPLETS**  
(BY CABLE—EXCLUSIVE DISPATCH)  
MEXICO CITY, Feb. 1.—Three children were born to an Indian woman 60 years of age, in the State of Chiapas. One of the children, according to reports received here, had a full set of teeth when born and another had a growth of hair. The three are apparently in good health.

to become a river. A road or a river resembles a tiny thread, small lakes resemble pearl shirt buttons, towns resemble a string of beads, and fields of squares that have a color slightly different from the countryside. All this makes high flying a little more exciting. At 10,000 feet, the sights at moderate altitudes. When flying low an aviator can see the buildings on the back-yard houses and by going lower he can even see what garments are hung out to dry. Flying at 5,000 feet, the aviator can still feel himself a part of the ordinary world and recognize his kinship with the people going before marriage.

"Most of the modern marriages consist of a wedding trip to the store or shop or office next morning after the ceremony. Most of them do not even trace their roots to the old custom of a marriage by having the ceremony performed in the bride's home, and then going off to the parsonage or some obliging clergyman to have the knot tied."

**Progress**

"And how have you been at this work?" the prison visitor asked.

"Oh, just long enough to get the hang of it," the new executioner replied.—[Exchange.]

Argentina has promised to make the reconciliation between the royal families and the exiles, which, according to the Prince's attitude in militaristic and monarchist quarters in Germany, might be deemed impossible. It is thought, however, that the principle of reconciliation is not one to be found in the German settlement of the royal properties, which, rumor says, President Von Hindenburg has promised will be favorable to the former royal families. The master of William's family at this place is to discuss this subject.

The police guard around the chateau has been doubled.

Argentina buys most of its automobiles in the United States.

**FOREIGN TRADE MEET PLANNED**

Pacific Council to Convene in North in March

Speakers Include Prominent Men of This City

Importance of Work Stress by Secretary Hooten

Many notable speakers, including prominent business men of Los Angeles, will address the fourth annual convention of the Pacific Foreign Trade Council, to be held in San Francisco from March 6 to 10, inclusive, on subjects of the expansion of foreign trade of the Pacific Coast, according to report of the committee in charge.

Paul Shoup, executive vice-president of the Southern Pacific Company; Ralph P. Merritt, president of the Sun-Maid Raisin Association; and Charles E. Virden, president of the Virden Fruit Company, all directors of the council, will lead the list of speakers who will address the convention.

Other speakers include: J. H. Haines, vice-president of the Haines-Bellingham, Wash., Dredging and Salvage Company; J. J. Donovan, president of the Bank of Italy; Robert L. Lench, vice-president of the San Francisco Chamber of Commerce; Stuart Dargatzis, president of the California Fruit Growers Association; and H. P. Pate, assistant to the president of the Standard Oil Company of California.

Every phase of the economic life of California and the Pacific Coast will be brought into relief, not through specially prepared addresses, but through the discussion of this section, but through the discussion from the floor of the topic.

Harbert Hoover, Secretary of Commerce, stresses the importance of foreign-trade conventions as a following telegram addressed to J. H. Haines, chairman of the convention committee of the Pacific Foreign Trade Council:

"Notwithstanding progress in American foreign trade in the past decade, further expansion of overseas trade is essential to continued economic stability of this country. Therefore, foreign-trade conventions, such as the one being held in San Francisco, are important in that they are instrumental in bringing to the attention of the public the magnitude of the advantages of trade thus securing added business. They are particularly important in that they are instrumental in securing that concerted action which is so vitally essential to the solution of our problems."

**POWER PLANT PURCHASE** (EXCLUSIVE DISPATCH)

PLAINVIEW (Tex.) Feb. 1.—The Texas Utilities Company has purchased the electric light and power plant of the Lamb County Utilities Company, and has obtained a franchise for a power plant serving Muleshoe, Tex., and power. It will sell its power to the public in all these towns. It is stated.

National City Bank Official Optimistic

Holds Continued Prosperity Indicated

General Stability Basis of Forecast

**BY PAUL WILLARD GARRETT**

(EXCLUSIVE DISPATCH)

NEW YORK, Feb. 1.—A full month has passed since the turn of the year and since the country's leading business authorities endeavored to predict what trade might do in 1926, but at least one of those spokesmen, who commands wide respect as an economist and prophet, does not yet see any likelihood toward the future of optimism. He is George E. Roberts, vice-president of this institution, who says that an analysis of affairs does not reveal the sort of conditions which usually precede a business reaction of importance. The only reason why business ever should slacken, he says, is a tendency to become unbalanced, which makes a slowing down necessary to enable it to recover its equilibrium.

**STABILITY IS KEY**

The point that Mr. Roberts makes is not a new one but it deserves more thoughtful study than is commonly accorded by some prophets who reason that business soon will turn down simply because for more than a year it has been good.

So long as an equilibrium is preserved in business the need for readjustments does not appear. It is when the general level of commodity prices changes sharply, the scale is disturbed, political uncertainties raise fears of radical legislation or the credit position becomes unsound, that troubles are bred for business. In the circumstances the signs of any substantial recession are few as compared with the many that seem to assure continued prosperity. He believes this authority, who, let it be repeated, pins his faith on the widespread tendencies at hand of stability in industry and prices. He says:

"The permanency of this period of prosperity cannot be accurately calculated by the length of other periods of prosperity. Each period has its own characteristics, but the fundamental thing is the balanced relationship which enables the workers in the various lines of industry to absorb each other's products. It is a process of give and take, dependent upon the maintenance of fair terms of exchange."

**TREND OF STOCKS**

On the position of stocks Mr. Roberts takes a view based on the common sense of the situation, but which, for some reason, has not been widely understood. In short, he says that a point in any bull market is certain to be reached when future earnings have been discounted. "The level may be not too high with regard to the prospect for earnings, he points out, but if the signs for further advances are slight, the speculation which is not for earnings, but for higher prices, will be discouraged. The level may be not too high with regard to the prospect for earnings, he points out, but if the signs for further advances are slight, the speculation which is not for earnings, but for higher prices, will be discouraged. The level may be not too high with regard to the prospect for earnings, he points out, but if the signs for further advances are slight, the speculation which is not for earnings, but for higher prices, will be discouraged."

**FATAL AUTO CRASH** (EXCLUSIVE DISPATCH)

SANTA MARIA, Feb. 1.—Fred L. Crosswhite, 25 years of age, a resident of this city, was killed near here last evening and his father, John A. Crosswhite of Lompoc was seriously injured when a small car driven by the former overturned on the Nipomo-Guadalupe Road. The accident occurred about four miles northwest of Guadalupe, a small town nine miles west of here. Charles H. Williams, also of Santa Maria, another occupant of the machine, escaped with minor injuries.

Transient gold, discovered by Dr. Carl Muller of Germany, is fifty times as transparent as the thinnest gold leaf.

**VALUES ON COTTON AT OLD LEVEL**

Market Quiet and Firm With Prices Moving in Narrow Range

(EXCLUSIVE DISPATCH)

NEW YORK, Feb. 1.—The cotton market was quiet and steady today with prices showing little change from Saturday's closing. A maximum decline of about 4 to 5 points for the general list followed the decline of about 14 in March. The option was down to 26 1/2 cents on what appeared to be further scattered liquidation by speculative holders, while others were transferring their long interest in it to the later months.

May reacted to 18.50, July, 18.50; October, 18.10 cents and December, 17.75 cents. Most of the cotton was taken by spot houses and trade commission houses, which are still following the policy of the last several weeks of buying contracts when pressed for sale on the weak spot.

Today's exports were heavy, amounting to more than 101,000 bales, including 73,000 from Galveston and 28,000 from Houston. They represent the last of January clearances.

Exports at this time last year were exceptionally heavy, aggregating over 131,000 bales. The development and the steady Liverpool market helped to hold the local market against any further bear pressure.

Spot cotton at Liverpool was in good demand and prices of 4 to 5 points for middling, with the day's sales 7000 bales. Futures closed steady at a net decline of 1 to 3 points on the day for the old crop months and unchanged for the new, which about equals what the trade had been expecting from Liverpool.

Private cables report an increasing good business in cloths and yarns at Manchester, with the largest daily turnovers at present for some time past. The bullish activity in the contract market there are still lacking, with no decided tendency having so far developed in our market.

This is due to the leading or most influential interests here having adopted a waiting attitude on the expected broadening of the dry goods trade and for a better line of whether the plans for materiality reducing the acreage for the new crop will be carried out.

**Listing of Fox Common Stock Issue Held Up**

(EXCLUSIVE DISPATCH)

NEW YORK, Feb. 1.—Listing of 800,000 shares of no par value Class A common stock of the Fox Film Corporation, \$20,000,000, 6000 shares organized to take over and operate a large string of theaters, has been held up by the New York Stock Exchange because of the nonvoting provisions of the issue. This action is believed to be the first definite expression of the exchange's new policy under which the question of voting control is to be made an essential consideration in passing on applications for admission to trading privileges.

Officials of the company declined yesterday to discuss the matter in the absence of William Fox, the president, beyond the statement that the company would undertake to meet the requirements of the exchange committee. This was taken to mean that the Fox corporation is planning to readjust its structure so as to extend the voting privilege to the shares which it is seeking to have listed.

**WEST COAST ELECTRICAL TRADE GOOD**

Activity in All Lines Brisk, Particularly in Equipment Branch

Electrical business on the Pacific Coast is very good in all branches, particularly from the power companies, reports Electrical World, New York. Several large sawmill electrification projects are being contemplated in the Northwest, while in California pumping-plant motors are in demand.

Industrial-plant buying continues to be a large factor in the electrical industry, virtually throughout the country. The textile and shoe industries are active in New England, and lumber mills are buying considerable quantities of equipment are quiet, but reports indicate that quotations are being made for considerable material.

Competition remains keen among manufacturers of all types of equipment, but the attitude of "business at any price" is confined to only a few lines. The sharp drop in the price of rubber has had no effect on prices of the standard-wiring sizes.

In New England trade has been more active and several orders for industrial-plant equipment are pending. The demand for central-station supplies has fallen off slightly, but much interest is recorded in other lines, and the improvement in the status of the textile and shoe industries is reflected in sales. In the South, the most active buyers in the New York district, but the demand from central-station companies is quiet, although numerous inquiries are being received by manufacturers for all classes of apparatus for such companies. In the Southwest, the business is active and in good volume, and orders for line-construction materials are in immediate prospect, and text-telecommunication plans are encouraging.

**COPPER MARKET STATUS SHAKEN**

Slight Recession Below Old Level in Week

Basic Conditions Declared to be Unchanged

Large Producers Holding for Higher Level

BY CHARLES F. WILLIS

Little change in the copper market was shown today, but the price has shown a slight weakening, now being quoted at 14 cents a pound. However, basic conditions remain the same, and sales for the month are showing up well. Important producers are holding at the 14-cent level, regarding current deliveries, and these interests even appear willing to accumulate surplus stocks of the metal, and such supplies of the metal could well increase to much larger proportions without in any way impairing the present market position.

EUROPE IMPROVES

In Europe, also, the tone of the metal market is showing improvement, with slightly better demand being registered. It would not be surprising to see the placement of large orders by foreign dealers during the next several months. Such a buying movement took place in the spring of 1925, and its recurrence at this time would undoubtedly improve market prospects of the metal. While American producers are to some extent under-sold in foreign markets by second-hand dealers, offerings of the latter are relatively unimportant, and chief benefits of a large buying movement by European consumers would accrue to domestic producers.

January sales have been largely for February and March deliveries, and the following survey of the copper market: "Copper is in a sound, strong statistical position, with stocks brought down to a little more than a fortnight's supply, located at eleven refineries in this country and South America; with the Japanese supply cut off during the year, and with consumers here and abroad buying only as they sell, carrying no surplus stocks. A summary of the year's business shows: (1) A fairly well-balanced production of 110 million pounds; (2) a steady demand for the largest home consumption in the history of the business, the taking being more than double that of 1925 (being approximately 110 million in excess of 1912); (3) the foreign consumption steadily growing; (4) a steady increase of 25 per cent in excess of 1912; (4) stock held by producers equal to two weeks' supply for this country; Europe's stock held by consumers in this country nominal; in foreign countries nil; (5) prices below its proper value based on supply and demand and comparison with other metals in the same class; (7) a large vacuum in the market, the result of the filling, especially in Europe; (8) passing need for change in the government attitude so strongly in favor of conservation of the metal, compelling the most vicious competition in the selling of copper, while the interests are being exhausted."

Slight Recession Below Old Level in Week

Basic Conditions Declared to be Unchanged

Large Producers Holding for Higher Level

BY CHARLES F. WILLIS

Little change in the copper market was shown today, but the price has shown a slight weakening, now being quoted at 14 cents a pound. However, basic conditions remain the same, and sales for the month are showing up well. Important producers are holding at the 14-cent level, regarding current deliveries, and these interests even appear willing to accumulate surplus stocks of the metal, and such supplies of the metal could well increase to much larger proportions without in any way impairing the present market position.

**MINING AND OIL STOCKS IN ADVANCE**

Julian Preferred Leads Activity; Western Lead in Large Turnover

Advancing 2 1/2 points to a new high for the year at 20, Julian Petroleum preferred led a general advance and featured activity on the Los Angeles Stock Exchange yesterday. The preferred closed at 19 1/2, a net gain of 1 1/4 points over Saturday's close, while Julian common moved up 1 1/4 to 5 3/4 and reacted to a steady close at 5 1/2.

Western Lead, the new stock called for trading Saturday, continued its advance on the exchange, moving up 4 points to a close at 1.65, with a large number of shares crossing the board. Union Oil of California and United Oil each added 1 1/4 of a point to 29 1/2 and 28 1/2, respectively, while Union Associates held firm at 39 1/4. Standard Oil of California added 1/4 point to 18 1/4. Marine Corporation was active and moved up 5 points to 140.

Southern California Edison common opened 1 1/4 of a point lower at 139 and declined further to a close at 138 1/4. Edison 7 common added a advance of 1 point to 12, a new high for the year, while the 6 per cent preferred held firm at 99. Bancitaly 7 common led the bank list in turnover, and added 1 point on the closing transaction to 341. American Corporation added 1 point to 200, and closed at 200 1/4. Bank of Italy closed 3 points lower at 445. United States National sold at 205.

San Francisco Gold added 1/4 point to 24 on a large turnover. Gold Dust, North Star and Star Consolidated sold firm at 8 1/2, 2 1/2 and 2 1/2, respectively. Gold Ore added 1/2 to 3 1/2.

**TRADE SKY SIGNS READ BY MOODY**

Rally on Bond Market Held Striking Feature of Present Situation

Moody's weekly review of financial conditions in its current issue says in part:

Special strength in the bond market recently became the striking feature of the situation. The plethora of capital issues now to be issued, and the place as the most influential factor.

Physical volume of trade is probably declining a little. Freight-car loadings after showing consistent increases over the previous twelve months, have lately begun showing decreases.

European progress is doubtless reflected in the growth of steel production. Great Britain, France and Germany are showing a larger steel production in 1925 than in 1924.

In the scientific weighted index of the Bureau of Labor, are falling a year ago. As a rule, lower commodity prices are reflecting the stock market, but uplifting to the bond market.

**Retail Sales in Hardware Line Reported Good**

Judging from present indications, hardware sales in 1926 will attain excellent proportions, according to reports received by the Hardware Age. Prices are generally firm and, with no possibility of decline in prospect, retailers are inclined to delay filling requirements.

In the first half of January, retail hardware sales in Los Angeles were reported to be 5 per cent greater than in January, 1925.

Crop conditions in the Northwest are satisfactory and consequently collections of money are favorable and the public is in a better buying position than for several years. This country appears to be free from heavy rains in Southern California conditions are reported unusually satisfactory here. Sales are beginning to assume sizable proportions.

**ARIZONA BANK AND BRANCHES ACQUIRED**

COPPER CITIES OF GLOBE ABSORBED BY OLD DOMINION

(EXCLUSIVE DISPATCH)

GLOBE (Ariz.) Feb. 1.—The Old Dominion Commercial Company has absorbed the Copper Cities Bank, with its branches in Miami and Superior, and is to move to the Copper Cities banking house here. Capitalization is to be raised from \$100,000 to \$200,000, with added surplus and undivided profits of \$140,000.

The Old Dominion Bank was established about 1875 by the merger of the firm of Eaton & Bailey and a large part of its stock for years was held by Arizona's present Governor, G. B. Hargrave. State Banking Superintendent A. T. Hammons at one time was an assistant cashier. George F. Wilson is president of the company and C. W. Hinde, cashier. Management of the Miami branch is to remain under R. W. Ellery and that at Superior under J. A. Small. In the last statement, the Old Dominion showed deposits of \$647,000 and assets of \$1,762,747.

**SUSPEND TRAFFIC OFFICER**

(EXCLUSIVE DISPATCH)

HANFORD, Feb. 1.—A. W. Benton, oldest member of the force of State traffic officers in this county, has been suspended from duty for thirty days without pay. The suspension, which was made by State Highway Engineer E. J. Overstreet on charges of insubordination, went into effect yesterday. Benton was suspended once before, but reinstated.

**ELECT BANK DIRECTORS**

(LOCAL CORRESPONDENCE)

MAYWOOD, Feb. 1.—The stockholders of the First Bank of Maywood have selected E. J. Nolan, Lee D. Meyers, Cecil Frankel, C. R. Bell and John C. Samson, as directors for the year. They have selected E. J. Nolan for president, E. A. Moore, vice-president and also cashier; C. R. Bell, treasurer; C. B. Graham, secretary, and George B. Atkinson, assistant cashier.

**"I've made my Will, Mary"**

"William!" exclaimed Mrs. Dawson. "What has happened? Why are you home at one o'clock in the afternoon?"

"I've made my Will, Mary," he replied solemnly.

She stared. "Are you ill?"

William Dawson drew a letter from his pocket. "You remember Helen Randall? Read this letter."

Mrs. Dawson looked up, distressed. "The poor thing—lost everything her husband left her. Who ever would have thought it? How did it happen?"

"He didn't make a Will, my dear. I have."

That's why I'm home—to celebrate the wisest act I've done in years—something I should have done years ago.

"Mary, I've neglected you shamefully all these years and never realized it. YOU might have been Helen Randall—alone with a big estate scattered here and there, no business experience, two children growing up, and no one to guide you. But that danger is past—I've made my Will and named experienced, dependable corporate Executor and Trustee."

Mary Dawson took her husband by the coat

## NEW YORK CURB

Oil Issues React

(BY A. P. MORTIMER)

NEW YORK, Feb. 1.—Stock prices turned reactionary in today's curb market after an opening display of strength. Oil apparently has discounted an advance of 35 cents a barrel in Mid-continent crude prices as most of the active issues lost ground on the day. Vacuum and Standard Oil of California (new) each losing over a point. There were a few exceptions. Reiter Poster jumping nearly 5 points to a new 1926 high at 23 3/4, and the Laro issues advancing fractionally on a heavy turnover with buying influenced by reports of successful drilling operations.

Food shares failed to respond to reports of impending mergers, most of the active issues showing only fractional changes. Special buying took place, however, in several specialties, new peak prices being attained by Victor's Chemical, American Cyanamid B, Congress Cigar, Utah Apex Mining, Amalgamated Leather, and a few others. Foundation Company foreign, Canada Dry Ginger Ale, Land Company of Florida, and Sears Roebuck were heavy. Net declines of 3 to 16 points were recorded by a number of public utilities, including American Light and Traction, Electric Bond and Share, Southeastern Power and Light preferred (new), United Gas Improvement and United Light and Power.

SEAS DESTROY  
BEACH CABINSLas Tunas Homes Collapse in  
High Waves and TidePiling at Ocean Park Pier  
Smashed by RollersLow Pressure Area Passes  
Ending Two-Day Storm

(Continued from First Page)

stand away from beneath, letting  
the houses tumble into the surf  
which soon beat them to frag-  
ments.

PIER PILING DAMAGED

About a dozen of the outer  
piling of the Ocean Park pier  
were smashed by the first  
wave, reaching a height that  
has not been attained for several years.  
Workmen cleared away the  
outer piling, fearing they would  
be hurled against the pier sup-  
ports and endanger the structure.For several hours police kept  
the pier roped off. Part of the  
electric wiring for the pier, which  
is under the piling, was torn  
down by the sea, which reached  
nearly to the level of the pier.The South Beach at Venice was  
under water for the first time  
since 1915, the water washing  
over the seawall between Ave-  
nue 19 and 20.Outer ends of the beach fences  
at the Edgewater and Casa del  
Mar clubs were damaged.There were no buildings endan-  
gered. La Monica Ballroom, at-  
tached to the Santa Monica pier,  
was considered to be safe.City Life Guard J. O'Rourke took  
charge of affairs at Las Tunas  
Beach and sent out word to all  
cabin owners that another high  
tide will come in today. If it  
should be accompanied by a heavy  
sea, he said, approximately 150  
beach houses might be washed  
away. He advised owners to  
remove the contents to a safe  
place.Las Tunas Beach is located  
in the Los Angeles city limits.Southern California's two-day  
rainstorm was not only the heaviest  
since 1914, according  
to Col. H. B. Hersey, head of the  
United States Weather Bureau  
here, but it covered the entire  
Southland with a drenching that  
rarely has been equaled for the de-  
layed arrival of the storm. Hersey  
declared the storm officially ended  
at 8:30 a.m. Monday, after an  
additional rainfall of .68 of an  
inch after 9 o'clock Sunday night.

LOW PRESSURE PASSES

At the same time, he declared  
the two-day storm at an end. Col.  
Hersey stated the weather predic-  
tion for the next twenty-four  
hours is partly cloudy with some-  
what higher pressure. The low-  
pressure area that brought the  
heavy rains passed east over  
Southern Nevada and Utah yester-  
day morning. Hersey also stated  
a heavy storm reported over the  
Pacific Ocean might possibly reach  
Southern California by Wednes-  
day.Figures released by the Weather  
Bureau yesterday showed the total  
rainfall for the storm at 5.97  
inches, with a season rainfall of  
6.97 inches. The season total last  
year was but 1.97 inches. January's  
rainfall figures as given by Col.  
Hersey show a total of 3.07 inches,  
in comparison to a January, 1925,  
total of .38 of an inch. On Janu-  
ary 17, 1916, the twenty-four-hour  
rainfall total was placed at 4.16  
inches, while the twenty-four-hour  
total during the last storm was  
but 3.64 inches.From points throughout South-  
ern California similar rainfall re-  
ports were received. In the moun-  
tains heavy snowfall was also re-  
ported to the Weather Bureau, the  
average depth at Lake Arrowhead  
being given as four inches, while  
at Big Bear standing depth of  
from ten to eleven inches of snow  
was reported.

SNOWFALL HEAVY

In the Huntington Lake region,  
the accumulated snowfall during  
the four-day storm period has  
reached a depth of three and one-  
half feet, according to reports re-ceived at the head office of the  
Southern California Edison Com-  
pany from its hydrographic offices  
at the Big Creek-San Joaquin  
River project. Between six and  
seven feet of snow is reported on  
Kaiser Mountain, while at an ele-  
vation of 5,000 feet, the report  
stated, rain replaced the snow and  
the four-day precipitation figure  
for that area was given as 5.13  
inches.In the vicinity of Los Angeles  
the rainfall figures show heavy  
precipitation in all districts, with  
Santa Monica receiving consider-  
able rain in conjunction with a  
heavy ocean storm. Rainfall re-  
cords at the bay city show a storm  
rainfall of .99 of an inch, with a  
season figure of 4.36 inches. Last  
season's total for the similar pe-  
riod was given as 3.03 inches.

RECORD IN PASADENA

In Pasadena the storm total was  
given as 2.58 inches, with a sea-  
son rainfall of 6.54 inches, and  
last season's figure as 4.19 inches.  
Water in the Devil's Gate Dam yester-  
day was reported to be eight feet  
deep, a record for the  
last three years, as a result of the  
two-day downpour. Alhambra re-  
ported .15 of an inch rainfall in  
the last twenty-four hours, while  
a storm total of 3.85 inches and a  
season total of 5.97 inches. Lastyear's season rainfall was given as  
3.63 inches.Other near-by communities re-  
ported similar heavy rainfall. Men-  
ard showed a storm total of 1.10  
inches, with a season figure of 5.99  
inches and last year's season pre-  
cipitation as 2.23 inches. 221  
Monte's figures were storm 1.21  
inches, season 5.58 inches and last  
year's 2.43 inches. Grand re-  
ported storm 1.84 inches, season  
5.81 inches and last season 3.97  
inches.Orange county's share of the  
two-day storm was characterized by  
immeasurable value to the fruit-  
growers, farmers, ranchers and  
stock raisers by the storm. A. B. Brock,  
secretary-manager of the Orange  
County Farm Bureau.County Agricultural Commis-  
sioner A. A. Brock described the  
rain as the "most wonderful thing  
in a long, long time." As a result  
of the downpour, Brock declared,  
will be postponed and the sooty  
citrus fruits. He also said the rain  
was beneficial to walnut, hay and  
grain crops.According to figures obtained by  
Antar Dorag, government weather  
observer, Newport Harbor had  
received precipitation in the  
last twenty-four hours of 1.74  
inches. El Toro followed with  
1.55 inches registered on the gauge  
at Moulton's ranch.At Santa Ana, figures showed a  
storm rainfall of 1.15 inches. The  
season figure was given as 4.71  
inches as compared to 4.71 inches  
at this time last year. Although  
Santa Ana city streets were report-  
ed flooded by the storm, no  
any sort was reported in con-  
nection with the rain.A rainfall at Ventura resulted in  
the Ventura River running at the  
highest mark it has attained in  
years, it was reported yesterday.  
The high water washed away the  
sandbar at the mouth of the  
stream, permitting steelheads to  
make the way up the river to  
spawn for the first time in years.  
In the mountains a rainfall of ap-  
proximately four inches is es-  
timated as having fallen during  
the storm, although snow is reported  
along the higher peaks of the Topa  
Tone Mountains.Ventura reported a storm rain-  
fall of 2.46 inches with a season  
rainfall of 7.39 inches.

SEA LASHED TO FURY

At Hollywood Beach the storm  
approached the point of a hurri-  
cane as it lashed the sea to a  
dizzy, hurled wet sand high into  
the air and uprooted a line of  
telephone poles along the high-  
way.North of Los Angeles the rain-  
fall was general, but was not  
marked by the intensity shown in  
Southern California. In the vicin-  
ity of Fresno and Bakersfield,  
this season's rainfall figures do not  
equal the figures for the same pe-  
riod a year ago.Fresno reported additional rain  
Sunday night to the amount of .30  
of an inch, with a seasonal total  
of 4.40 inches, as compared with  
a normal precipitation of 3.15  
inches. In the mountainous area  
heavy rain and a substantial snow  
were reported. Grana Valley re-  
ceived 5.43 inches of rain during  
the storm period, while Merced  
falls had two inches. The month's  
total rainfall of .46 of an inch  
was received during the past four  
days, with the exception of but  
.04 of an inch.At Berkeley additional rainfall  
early yesterday gave .65 of an inch  
more to the storm's total, making  
1.15 of an inch since Sunday morn-  
ing, with a season total of 1.23  
inches, against 2.17 inches for the  
same period last year. Heavy  
snow was reported in the moun-  
tain region.In Porterville but 3.48 inches  
of rain was received during the  
storm as against a figure last year  
at this time, of 5.73 inches. In the

## FOR AND AGAINST

(Continued from First Page)

The city should not dismiss its ten-year fight before the Rail-  
road Commission, and granting those franchises to the rail-  
roads would be equivalent to dismissing the suit.Councilman Sanborn: "I favor the Plaza union depot; the  
Railroad Commission suit should not be given up. I would  
not favor granting the forty-year franchises."Councilman Zahn: "The Plaza union depot should go  
through and I do not favor giving up the fight before the  
commission. I am against the railroads getting their fran-  
chises."Councilman Colder: "I believe it would be unwise for  
the Council to take action on the franchises or the dismissal  
until after the hearing before the Railroad Commission so that  
we may have the benefit of expert advice on the matter."Councilman Barnes: "I am in favor of the Plaza union  
depot. I do not want the Railroad Commission case dismissed.  
I am opposed to granting the railroads their franchises."Councilman Randall: "No precipitate action should be  
taken in the union depot matter. I resent rush-action tactics, al-  
though the railroad plan has merits."Councilman Ask: "I favor the Plaza union depot. The  
suit before the commission should not be dismissed. I have  
not come to a conclusion concerning the railroad request for  
franchises."Councilman Sparks: "I am still investigating the union  
depot matter. I don't wish to make any answers now."Mr. Sparks was asked if he voted for the resolution of  
September 3, 1925, when the Council reaffirmed its stand in  
favor of the union depot. "I don't remember," he said.Councilman Shaw: "I am not ready to answer the ques-  
tions as yet. I suppose I voted for the resolution of Septem-  
ber 3."Councilman Allan: "I am against the city dismissing  
its suit before the Railroad Commission." He declined to an-  
swer the other questions.Councilman Jacobson: "I am against the Plaza site, as I  
do not want a union depot near North Broadway; but I wish  
the city to continue its fight before the commission. I do not  
favor granting the franchises to the railroads."Councilman Hughes: "I have always been against the  
Plaza union depot, the Federal Building going in the north end  
as well as the Civic Center. I think the city ought to dismiss  
its suit before the commission. I can't answer whether the  
railroads should be granted their franchises. If I voted for the  
resolution of September 3 it must have been because I didn't  
know then what it was about."Councilman Hall: "I am reading all the reports on the  
union depot controversy, and haven't an answer yet. I voted  
for the September 3 resolution, but at that time there was  
only the city's side before us."Councilman Moore wrote out the following: "I have fa-  
vored the Plaza union depot until this time but I do not  
consider it at all inconsistent with my duty as a public offi-  
cial to maintain an open mind on the subject of any new or  
concrete proposal emanating from responsible sources. In the  
final decision I shall support the plan I think most advantage-  
ous to the people of the whole community. I am not in favor  
of dismissing the suit before the Railroad Commission. The  
necessity for a consideration of this question (granting the  
forty-year franchises to the railroads) depends upon a deter-  
mination of the two preceding. Beyond that I have given it  
no thought, and certainly would not commit myself at the  
present time as favoring such franchises."year's season rainfall was given as  
3.63 inches.Other near-by communities re-  
ported similar heavy rainfall. Men-  
ard showed a storm total of 1.10  
inches, with a season figure of 5.99  
inches and last year's season pre-  
cipitation as 2.23 inches. 221  
Monte's figures were storm 1.21  
inches, season 5.58 inches and last  
year's 2.43 inches. Grand re-  
ported storm 1.84 inches, season  
5.81 inches and last season 3.97  
inches.Orange county's share of the  
two-day storm was characterized by  
immeasurable value to the fruit-  
growers, farmers, ranchers and  
stock raisers by the storm. A. B. Brock,  
secretary-manager of the Orange  
County Farm Bureau.County Agricultural Commis-  
sioner A. A. Brock described the  
rain as the "most wonderful thing  
in a long, long time." As a result  
of the downpour, Brock declared,  
will be postponed and the sooty  
citrus fruits. He also said the rain

more to the storm's total, making  
1.15 of an inch since Sunday morn-  
ing, with a season total of 1.23  
inches, against 2.17 inches for the  
same period last year. Heavy  
snow was reported in the moun-  
tain region.In Porterville but 3.48 inches  
of rain was received during the  
storm as against a figure last year  
at this time, of 5.73 inches. In theSequoia National Park, 2.03 inches  
of rain for the storm period was  
reported, while Giant Forest, at  
an altitude of 4,600 feet, reported  
38 inches of snow during the  
storm, with 14 inches of snow re-  
ported at the 5,000-foot level. Lind-  
say had a storm record of .38 of  
an inch with a season mark of  
2.24 in contrast to last year's re-  
cord of 5.53 inches.The storm which drenched San  
Diego and other cities in the far  
southern part of the State, was  
reported yesterday to have passed  
over to Northern Arizona. Figures  
given out by Dean Blake, in charge  
of the San Diego Weather Bureau,  
showed that city had received 1.45  
inches during the storm period,  
making a seasonal total of 7.31  
inches as compared to last year's  
mark of 2.23 inches. Rainfall re-  
ports along the San Diego city wa-  
ter system were regarded as en-  
couraging for the city's summer  
water supply. Figures reported  
1.91 inches; Bartlett, 1.43; Upper  
Otay, 1.47; Lower Otay, 1.47; Tele-  
phish, 1.47; San Marcos, 1.45; Chollas  
Fiesta, 1.17; Coronado, 4.40; San  
Geronimo, 1.50 inches. Calexico  
had a season record of 2.37 inches  
yesterday.At Escondido, the road to Lower  
California was reported as closed  
to traffic while the road to Campo  
is closed at Escondido.Rain reports from J. W. Reagan,  
chief engineer of the Los Angeles  
County Flood Control District, giv-  
ing the amount of rain for the  
storm which started Saturday  
night and lasted until yesterday,  
followed:Miller's Camp, Pacoima—1.75  
inches.Indian Spring Camp, Little Tu-  
junga—1.47 inches.Dillon's Ranch, Little Tuju-  
nga—2.35 inches.Wildwood Lodge, Big Tuju-  
nga—2.54 inches; looks like more rain.  
La Cresenta—3.94 inches.Loomis Ranch, Big Tuju-  
nga—1.94 inches.Colby's Ranch, Big Tuju-  
nga—6.10 inches.Switzer's Camp, Arroyo Seco—  
3.27 inches.Sturtevant Camp, Big Santa  
Anta—2.10 inches; cloudy and  
looks like more rain.Big Santa  
Anta—4.39 inches of rain. Hall  
and steel Sunday, and looks like  
more rain.Robert's Camp, Big Santa Anta—  
3.51 inches of rain; looks like  
more rain and it is warm.Little Gray Inn, Big Santa Anta—  
3.75 inches of rain. Looks like  
more.San Gabriel, West Fork, Valley  
Forge Lodge—3.11 inches; looks  
like more rain.Camp Rincon, West Fork San  
Gabriel—3 inches of rain; looks  
like more rain.San Gabriel Flood-Control Cam-  
p at Forks—3 inches of rain; looks  
like more rain.San Dimas Forks, Ranger Sta-  
tion—2.12 inches.

Brydon's Camp—2.01 inches.

PLAZA STATION  
SITE SPONSORED

(Continued from First Page)

adopting a rapid-transit plan for  
subways and elevated structures.  
The new charter provides that no  
franchise can be granted until  
the city has adopted a compre-  
hensive rapid-transit plan. The rail-  
roads having applied for forty-year  
franchises for elevated structures  
and the city has adopted a rapid-  
transit plan, the city and back doors  
of the Pacific Electric, Arcade and  
Santa Fe depots as a substitute  
for a union depot, the city has  
any rapid-transit plan should be  
adopted by the Council now so  
that the way will be cleared for  
the adoption by the Council of the  
franchise. If the stage had been  
set at yesterday's meeting to re-  
commend the adoption of the rail-  
road franchise, the city would have  
published plan as the city's  
rapid-transit plan, the opposition  
was voiced by speakers at the  
committee meeting had the effect  
of causing the committee to pause  
and consider. The committee re-  
ported finally adopted, on motion of  
President Workman, recommended  
that the City Attorney render to  
the Council a written report as to  
what a rapid-transit plan, as  
provided in the new charter,  
should contain, in how much de-  
tail should the rapid-transit plan  
be couched and he was further  
asked for any suggestions as to  
the proper legal form for the city  
rapid-transit plan.Strong protest was made to the  
committee, in writing, by General  
Manager George J. Kuhns of the  
Los Angeles Railway and Richard  
Sachse, consulting engineer and  
former chief engineer of the Rail-  
road Commission. Against any  
"rush act" tactics by the Council  
in adopting a rapid-transit plan.  
Both experts said that the plan  
was of the greatest importance to  
Los Angeles and that it should be  
given careful consideration by the  
Council before action was taken.  
Similarly George Damon, engineer,  
and Attorney Herbert Goudge  
urged careful consideration of the  
plan by the Council. Chairman  
Moore denied that there was any  
attempt being made to rush  
through a plan so that the rail-  
road franchise could be granted.HOLLENBECK GROUP  
MAKES IN RESOLUTIONMrs. W. D. Gard, recording sec-  
retary of the Hollenbeck Heights  
Improvement Association, yester-  
day mailed to Mayor Cuyler, the City  
Council and the Railroad Commis-  
sion copies of the resolution adopted  
by the board of directors of the  
improvement association reaffirm-  
ing its stand for the Plaza union  
passenger depot. The text of the  
resolution was as follows:"The directors of the Hollen-  
beck Heights Improvement Associa-  
tion go on record as reaffirming  
their former motion favoring the  
Plaza site for a union passenger  
terminal."At a meeting of the association  
held previous to the meeting of  
the board of directors at which  
eighteen of the twenty-four mem-  
bers of the association were pres-  
ent, it was the out of order con-  
test by Frederick R. Felthaus,  
president of the association, who is  
also a vice-president of the Cham-  
ber of Commerce and the referen-  
ce to the action of the directors of  
the Chamber of Commerce be  
not included in the text of the  
association's report. A large number  
of members of the association and  
a number of its directors, it was  
stated, as condemning the action  
of the Chamber of Commerce di-  
rectors.

## THE LANCER

Hollywood that some such fraud  
is not perpetrated.The takers are invariably of  
two classes; small crooks who  
want free tickets and want to  
get bogus checks cashed; and  
unattractive girls starving for at-  
tention.BIGAMY QUIZ IN  
RUBENS NUPTIAL

(Continued from First Page)

her all the happiness in the world.  
So it is certainly not our fault if  
there is any mix-up."Cortez said the divorce was heard  
and granted last January "and we  
did not get married until January  
29, last, which was several days  
more than a year after it was  
granted. What must have happened  
is that her attorney did not take  
the divorce papers down and have  
them entered until February 5,  
1925.""If any explanation is desired  
of me I will be glad to give it,"  
he said. "It will be just what I am  
doing now. We certainly would  
not have jeopardized ourselves had  
we not believed we were in the  
right."The lawyer in question declared  
yesterday he had not given Miss  
Rubens such advice and that if  
Cortez insists that he advised them  
to get married the actor will have  
to prove it in court.I saw Miss Rubens a week or  
ten days before her marriage. The  
actress's attorney said: "She asked  
me when she could be married. I  
told her I didn't know the date the  
final decree was to be issued, as  
I was not familiar with the case,  
not having handled it. Another  
person, who actually appeared in  
the suit for the plaintiff, was in my  
office at the time of Miss Rubens's  
visit."I said to him: "Do you know  
when Miss Rubens will receive her  
decree?" He replied: "No, I don't,  
but I have the papers all drawn  
and ready." I then assured Miss  
Rubens the matter would be at-  
tended to as soon as legally pos-  
sible.""That was the last I saw or  
heard from her until about 3 p.m.  
last Saturday. She told me she had  
been married the night of the 28th  
and asked me if it was all  
right. I told her I did not know  
but as she was married I hoped it  
was."I positively did not tell Miss  
Rubens that it was legally permis-  
sible for her to get married Sat-  
urday."MISS RUBENS SURE  
EVERYTHING WOULD LEGAL  
EXCLUSIVE DISPATCHSALT LAKE CITY, Feb. 1.—  
Alma Rubens, screen star, stopping  
here between trains on her way  
to Ashton, Idaho, to join her com-  
pany engaged in making "Si-  
beria," tonight expressed surprise  
when advised of a report that she  
had married Ricardo Cortez be-  
fore her interlocutory decree of  
divorce from Dr. Daniel J. Good-  
man was in force. In test she  
said she was sure her divorce de-  
cree was operative and that there  
was no irregularity in the River-  
side nuptials.She authorized the following  
statement:"I appeared in court on Jan. 28,  
1925. My attorney at that time  
had the decree of divorce filed.  
However, my attorney informed  
me that the 28th would make it  
one year and one day from the day  
I appeared in court. I am un-  
able to change the calendar year  
from the time I appeared for my  
interlocutory decree and therefore  
through my own knowledge I know  
that I have waited one year and  
one day for laws required by the  
State of California."LEWIS FREED IN  
INSOLVENT CASE

managed by the trustees for the  
creditors.

ASSETS LISTED

A complete list of Lewis assets  
was given, comprising a controlling  
interest in the Atascadero Estates,  
Inc., Atascadero Beach and Im-  
provement Company, Atascadero  
Mercantile Company, Atascadero  
Mill and Lumber Company, Atasc-  
adero Press, Atascadero Copper  
Company, Caladaro Products Com-  
pany, Lewis Foundation Corpora-  
tion, National Graphic Company's  
Permanent Residence Department  
Corporation, the Woman's Nation-  
al Publishing Company and certain  
minor interests in other corpo-  
rations and contingent fees and in-  
terests in the Palos Verdes project,  
oil properties in California, Mont-  
ana and Wyoming, an insurance  
policy for \$5660,000, and mailing  
lists containing thousands of names  
of "potential investors" the world  
over.

BUYS LARGE TRACT

While founding Atascadero, in  
San Luis Obispo county, Lewis  
originally bought 23,415 acres of  
land for \$785,380. About 6873  
acres were sold. It was reported  
for approximately \$160,000. Lewis  
also purchased 945 acres of  
beach property for \$1,200,000,  
which was handled through the  
Atascadero Beach and Improve-  
ment Company.A meeting of creditors this  
morning in the court of Referees  
in Bankruptcy Moses in the Union  
League Building, is expected to de-  
termine a successor to Trustee  
Shaw, who tendered his resigna-  
tion several weeks ago. Affairs of  
the estate up to the discharge of  
Lewis also will be reviewed.If You Have

**BRANDIT HUNTED IN BANK HOLD-UP**  
Branch Robbed Second Time Within Month  
Robber Escapes With \$1655 of Institution's Funds  
Employees Backed Up to Wall at Point of Gun

Bank of California and officers last night were trailing the bandit who stalked into the branch at 1913 West Main street shortly before noon and got away with \$1655 of the bank's funds. It was the second time that the branch had been robbed by a gunman in less than a month. Martin Durkin, Chicago's most notorious killer, held up the bank on January 12, last, according to the police, and made away with \$2000.

The bandit, middle-aged and of medium weight and height, got away in a car which he had taken from the point of his gun but half-hour or so before from F. H. Smith, the latter's home at 411 East Main street. The car was a 1925 license plate.

Four persons were in the bank when the gunman entered. They were George Johnson, manager; Charles Sanford, bookkeeper; H. W. Amy, accountant, and A. J. Smith, teller. The bandit, armed with a Smith gun in hand, commanded the latter to throw up his hands.

The other three employees looked on in surprise as Smith's hands were cuffed. The bandit then ordered them to follow suit and backed up against the wall. They all did so. Then the robber ordered the money and backed out of the door hurriedly as a car came in.

Smith who had supplied himself with a sawed-off shotgun after Durkin's visit to the bank, did not after the desperado and was about to let fly at the bandit when Johnson intervened and told him not to shoot because of the danger to pedestrians. The gunman hit the car and drove off. A detailed description of the bandit has been broadcast through the Southland and his capture is anticipated.

## SCION OF PIONEER FAMILY WEDS

### Marriage Ceremony Performed in New Municipal Court

Justice Russell (left) Entimio Rodriguez, Eliza Verdugo, Julian Verdugo

### PHONE FUND PROTEST FILED BY COUNCIL

The City Council yesterday ordered the protest received from the People's Telephone Committee, which asked that the Council and Board of Supervisors do not appropriate \$50,000 between them for Mayor Cryer's Telephone Committee, asserting that it was to boost the Cryer-for-Governor campaign. The clerk was also directed to notify the protestants that the Council has already gone on record as favoring the appropriation.

### Mrs. Dorsey to be Given Honor at Washington

Membership in the Kappa Delta Pi will be extended Mrs. Susan M. Dorsey, Superintendent of Schools, while in Washington, D. C., attending the session of the National Educational Association, to the list there from the 21st to the 25th inst.

The Kappa Delta Pi is an educational fraternity open to both men and women, and the Laureate Chapter, of which Mrs. Dorsey has become a member, includes some of the most prominent educators in the world. It is because of Mrs. Dorsey's achievement in teaching of the Los Angeles city school system, one of the most noteworthy in the United States that she has been nominated for Laureate.

Mrs. Dorsey will leave the city on the 15th inst., traveling by the northern route, and stopping at several points in the interest of the city schools before going on to Washington.

### MISSING SIX WEEKS

Trace of Miss Dorothy Graves, missing for six weeks, is still being sought by her mother, Mrs. A. L. H. Graves of 5142 Maplewood avenue, who yesterday appealed to The Times for aid in the search. Miss Graves is 33 years of age, 5 feet 4 inches tall, weighs 160 pounds, and has heavy chestnut hair, bobbed. Mrs. Graves asks that anyone who knows of Miss Graves' whereabouts, telephone her at Hollywood 3095.

### CHECK CHARGE DENIED

Mrs. Nina Kelly pleaded not guilty to a charge of passing checks without sufficient funds in Judge Keech's department of the Superior Court yesterday and was released under \$1000 bail. Her case will be set for trial in the next two weeks, it was stated. She was represented by Attorney George W. Rochester.

### TONY FUENTE'S CAR STRIKES SMALL BOY

Russell Cater, 6 years of age, was struck by an automobile driven by Tony Fuente, light-heavyweight prize fighter, while crossing Temple street between Hill and Olive yesterday. The boy suffered a fractured collar bone. Fuente took the child to the Receiving Hospital and later took him to his home at 325 West First street.

### BAR CLAIM OF INJURED POLICE AIDE

Man Hurt in Pursuing Bandits May File Again; Girl Faces Refusal

The \$100 claim of Vernon C. Beeler, who lost a thumb while assisting police officers in the chase after bandits who, last August, held up a Hellman Bank branch, was disallowed yesterday by the Finance Committee of the City Council. The claim was lost through a technicality, and the clerk was instructed to notify Beeler to file his claim again.

Assistant City Attorney Whitehead told the committee that the City Attorney has notified the Chief of Police that his officers should not commandeer private automobiles, and that claims resulting from such action cannot be granted.

The claim of Mildred Twaweek for \$10,000 was sent to the City Attorney by the Council yesterday. Mr. Whitehead said the girl's injuries were received when the police car in which she was riding was struck by a street car. The girl said she was asked by a police officer to accompany an injured woman in the car.

"The City Attorney must rule that the claim cannot be allowed," said Whitehead.

Beeler drove his car after the robbers during the battle in which Patrolman Wylie Smith and a bandit were killed and a bandit, a policeman and several citizens were wounded.

### CANDY GIFT SUSPECTED AS DEADLY

Package from Europe Held at Customs Office for Test on Suspicion of Poison

A package of candy suspected of being poisoned is being held at the customs office here for analysis and report, it was said yesterday. The candy was sent from Europe. It was said, but inspectors declined to give the country from which it was sent or the name of the consignee.

The inspectors noticed several suspicious looking indentations on several pieces of the candy, they said, and ordered it sent to a chemist for investigation. His report is expected tomorrow and, if poison is found, an effort will be made to trace the shipment.

The candy was opened. It was said, in the ordinary course of inspection, there being nothing on the outside of the package to arouse any suspicion.

## Bullock's Closes at One o'Clock Saturdays

# Bullock's . . . One o'Clock Saturday . . . Basement Store

New Spring Models—becoming styles for Women and Girls who wear sizes 14 to 44—\$24.75—Wednesday (not today) Bullock's Basement Store.

\$10.00

LEWIS'S ATTACK

John L. Lewis delivered a campaign address in defense of a strike to a large Scranton audience yesterday.

An outsider naturally has love or regard for our local institutions, the fortunes of which are interwoven with the fair and merited prosperity of the community.

On today's occasion to attack the Chamber of Commerce, the mine, Rotary and Lions clubs, business men generally; he has sought an end to the strike devised and conducted by him, a strike not only ruining all our business interests and the welfare of our community, but more disastrous still to the very-employees, friends, neighbors and fellow-citizens of members of these organizations under fire and equally harmful to the local unions of the mines.

The institutions Mr. Lewis attacked certainly have no apologetic to offer for aiming to end a strike. They are of the institutions responsible for the prosperity of this community, a prosperity, it is never forgotten, based on coal, miners, mine owners, business men who are patriotic, business men in their own right, the disorganization of bituminous unions will by some freak of right itself?

He insists on continuance of strike, while many of our business men suffer serious loss, says Little, does nothing about financial ruin of his anthracite miners interested in his leadership about starvation in the mines.

For him the strike must go on, no matter how difficult becomes for our miners' local maintain their organizations, hold their disorganized members until anthracite hands the pale bituminous.

Mr. Lewis likewise attacks Scranton Republicans, despite the fact that this newspaper has been published and written by the editor of the mine, while Mr. Lewis's mine was letting them starve, freeze, despite the fact that this newspaper started moving through the counties, put food on little feet and clothes on ragged bodies.

This newspaper is a better friend of the anthracite miner than Mr. Lewis is; a better friend where there is a better friend and supporter of the miner of the anthracite strike than because it has no interests other than to theirs, no softness to the anthracite miner, and its friends to labor unionism is accepted fact.

This newspaper wants the miners to be allowed to return work. Mr. Lewis is campaign to keep the miners on strike, to keep the anthracite miners to loss, hardship, starvation in the mines and starvation of their families.

Of these the real issue is not a strike, but of how to bring his strike to an end (Scranton Republican).

Joseph Pulitzer named a trust company as his executor

THE famous New York newspaper publisher did not want to burden any of his friends with the administration of his estate.

HE also sought to avoid the possible mistakes and human limitations of an individual trustee.

HE wanted trust company executorship because he knew it was safe, dependable, efficient and economical.

FOLLOW the lead of the wisest men of the nation. Protect your heirs.

APPOINT the oldest trust company in Southern California as your Executor.

SEE us about it today.

KHJ PROGRAMS SPECIAL TALENT

Regular Schedules Again Instituted

Arden Dairy Sponsoring Tonight's Concert

Features Every Evening Due Listeners

BY PAUL SHERIDY  
KHJ today resumes its regular schedules of broadcast after yesterday's weekly silence period, with no interruptions due to international experiments. Six feature concerts are booked for the evening broadcasts alone, featuring more than fifty of the city's most prominent concert and radio artists over the tower studio's microphone.

**DAILY FEATURES**  
The Arden Dairy is the sponsor of tonight's main concert from 8 until 10 o'clock, featuring the Orpheus Four male quartet, the noted Zoellner String Quartet, Bernice Weingarten, the "Lady of the Golden Voice," and Jennie Durkes. Tomorrow night, Cochran Brothers, distributors of Caswell coffee, will present Ruth Bulard, violinist; George Hood, reader; Frederick MacMurray, viola soloist; Kathryn Thompson, concert saxophonist; Frances Harrison, harpist, and Sol Hoopii and his Novelty Three.

Thursday evening, the Cleveland Realty Company presents Dan Gridley, tenor soloist; the Weingarten brothers with their ukulele, xylophone and piano novelties; Gladys Burch Dale, violin soloist, and Mary Angel, pianist and accompanist. Friday night the Western Auto Supply Company has engaged Hart and Klotzer in piano accordion duets; Carl Brandenburg, tenor soloist; Frederick MacMurray, viola soloist, and others, with Arthur Edwin Wake, assistant pastor of the Whittier Presbyterian Church, to speak on "The Secret of Success."

**BRIDGE GAME TODAY**  
Saturday evening, the Motor Transit Company will provide a bridge game over the microphone, with the entertainment given by the Santa Monica High School ensemble, Uncle Remus, the monologist; Sara Carlin, soprano soloist; William MacDougall, the Scotch comedian, and Charles Craver, "Arkansas Charlie." President Walter Dexter of Whittier College is to speak briefly. Sunday evening will be sponsored by the Credit Finance Corporation, presenting the Arlon Quintet, the Orpheus Four male quartet, Lenore Killian, contralto; the Monrovia Trio, Mother Trevor and Margaret Messer Morris, soprano soloist.

This afternoon at 2:30, the weekly bridge game by noted experts of the country will be broadcast, followed about 3:30 p.m. by the semi-weekly lesson in conversational French by Capt. Charles Vial, prominent linguist. The Radio Fairies are to make their weekly visit to the studio on the children's hour program in the persons of Queen Titania and her bandmates, with Charles Leslie Hill, juvenile reader, known as "Honey Boy," and Lenore Killian, the "Lullaby Lady," also broadcasting. They will be followed by the weekly talk on dogs by H. M. Robertson.

One of the best points in this district for reception during the International Radio Tests last week, was up at Big Bear Lake, where a special party went from KHJ as the guests of Verne Marple to try for European stationing. During the big superheterodyne at Bert Heller's station there, KPXB, announcements were heard in French and Spanish, but the station blanket covering the Atlantic Ocean prevented identification of the call letters, although Mexico City and other southern points came in clear.

Announcements last evening from KPXB were that the long-awaited snow storms were now sweeping over the mountains, with the fall already at six inches when the Big Bear station came on the air at 5 p.m. with its regular announcements. A group of radio enthusiasts are going up this morning on the Motor Transit buses, leaving at 7 and 8 p.m., to make tests on WJLA, the superheterodyne station on Long Island, N.Y., as well as take part in the winter sports.

Experiments also will be made over Heller's station, which is an excellent 500-watt outfit built entirely by himself, during his special course at University of Southern California. He is equipped to use 1000 watts, but only licensed for 500, operating on 203 meters.

PIONEER IN CALIFORNIA DIES AT 75

Mrs. Ann M. McCrea, Who Came West in 1861, Will Be Buried Today

Mrs. Ann M. McCrea, for sixty-five years a resident of California, most of which period was spent in Los Angeles, passed away Sunday at her home, "Glenmary," on Pasadena avenue.

Mrs. McCrea was born in 1850 in Belfast, Me., and when 11 years of age came to California with her parents, the trip being made by boat and across the Isthmus of Panama by rail. She attended State Normal School and later taught in Wilmington, where, in January, 1871, she was married to a Hingham, Mass., man, who for many years was connected with the Southern Pacific Company and later with the Farmers' and Merchants National Bank. For nearly thirty years the McCrea family resided at the corner of Eighth and Broadway, where the Chapman Building now stands, and for over twenty-five years at the present family homestead.

Mrs. McCrea leaves two sons, Thomas P. McCrea, secretary of

### PRACTICAL RECIPES

Helps for Epicures and All Who Appreciate Good Cooking

[Note—This department is conducted for the benefit of readers of the Times in the hope that the information herein contained will help in effecting economy in the home. Deserving of this matter and no free publicity is given and no charge is made for the use of the recipes. Requests for recipe and information pertaining to the proper preparation and serving of foods will be answered by this department. Address all requests to Chef A. L. Wyman, Laboratory, 414 Adams Street, Glendale, Calif.]

BY CHEF A. L. WYMAN, M.C.A. HONEY CAKES

J. G. San Pedro: Place in a saucepan half a pound of strained honey, one and a quarter cups of sifted powdered sugar and half a pound of melted butter and split almonds, bring to a boil and mix thoroughly. Bring two cups of sifted flour with one-eighth of a teaspoonful of nutmeg, one-eighth of a teaspoonful of mace and one-eighth of a teaspoonful of cloves, and add to the honey mixture with two tablespoonfuls of finely chopped citron and four tablespoonfuls of cider or white grape juice. Knead well, place in a bowl, cover tight and set in a cool place for ten days. Roll out in strips half an inch thick, bake on shallow buttered pans in a quick oven. When baked cut in the desired sized pieces and ice with an icing made by mixing one cup of sifted confectioner's XXXX sugar with two tablespoonfuls of boiling water and one teaspoonful of lemon juice.

**PINEAPPLE PUDDING**  
T. D. Los Angeles: Mix in the top of a double boiler one-third of a cupful of sugar, two tablespoonfuls of cornstarch and one-quarter of a teaspoonful of salt; stir in half a cupful of pineapple juice and three-quarters of a cupful of water; stir and cook fifteen minutes; add one cupful of diced pineapple, one teaspoonful of lemon extract and one beaten egg yolk; stir and cook two minutes; pour into a buttered pudding dish, cover with a meringue made with the beaten egg white and two tablespoonfuls of sugar. Bake in a slow oven twenty minutes.

**HARVED PUNCH**  
S. L. K. Los Angeles: Place in a bowl the grated rind of two oranges and the sliced pulp of two oranges, add one peeled and sliced cucumber, two sprays of mint, one pound of powdered sugar and one quart of loganberry juice. Let stand one hour then strain over a quart of ice in a punch bowl. Add six cupfuls of ice water and a dash of ginger ale. Garnish with cubes of pineapple and slices of orange.

**TURKISH PILAF**  
A. Y. Los Angeles: Cut two-inch square pieces and saute it with four tablespoonfuls of butter

### WIVES IN NAVY GARB BELIEVED ON WAY TO JOIN SAILORS FOR CRUISE TO SPRING MANEUVERS

WHAT was declared to be a possible effort of two girls, brides to join the sailor husbands on the cruise of the Pacific Fleet to spring maneuvers was blocked yesterday by officers of the Police Juvenile Bureau with the arrest of Mrs. Eleanor Mullins and Mrs. Della Carpening, both 17 years of age.

According to Miss Cora D. Minner, Juvenile clerk, Judge Archibald's Juvenile Court, with whom petitions against the young brides were filed, the girls were found in the Harbor District completely garbed in the uniforms of the Navy and with their short bobbed hair concealed by jaunty sailor caps.

and one chopped onion until the meat is half-cooked. Add one cupful of washed rice and two and a half cupfuls of hot stewed tomatoes. Season with salt, paprika or cayenne pepper, and one spoonful of sugar. Cover closely and let simmer until the rice has absorbed all the liquid. Uncover and set in the oven for two minutes to dry. Place on a platter and serve with melted butter, seasoned with lemon juice and paprika.

**WHOLE-WHEAT WAFFLES**  
C. D. Los Angeles: In using this recipe be sure and use a 100 per cent fine ground whole-wheat flour. For the waffles sift two cupfuls of the 100 per cent whole-wheat flour, sifted with four level teaspoonfuls of baking powder and one-quarter of a teaspoonful of salt. Add to these one cupful of milk, two well-beaten eggs, and three tablespoonfuls of melted butter. Beat three minutes and bake in a hot waffle iron.

**BOILED APPLE DUMPLINGS**  
E. F. Glendale: Beat two eggs well and beat into them one-quarter of a teaspoonful of salt, two cupfuls of milk and one cupful of well-sifted flour. Sift one cupful of sifted flour with two teaspoonfuls of baking powder and add to the batter with enough more sifted flour to make a soft dough. Roll out on a floured board, cut in even squares, lay two or three quarters of peeled apples on each square, sprinkle with sugar, pinch the dough over the apples and place each dumpling in a square of cloth wrung out in cold water and sprinkled with dry flour. Drop the dumplings in a kettle of boiling water, leaving room for swelling, and boil one hour. Place in a saucepan in the bottom of the kettle before adding the dumplings.

**FIG LOAF CAKE**  
N. H. Los Angeles: Beat to a cream one cupful of butter and three-quarters of a cupful of sifted brown sugar, beat in the yolks of two eggs, beat well and add one and three-quarter cupfuls of flour sifted with two teaspoonfuls of baking powder and one teaspoonful of ground cinnamon. Add a half a cupful of milk, one and a half cupfuls of chopped fig meat and the stiffly beaten whites of two eggs. Mix well and pour into a greased and floured loaf cake pan, bake forty-five minutes.

**CHANTILLY CHERRY CAKES**  
R. D. Los Angeles: Beat to a cream one cupful of butter and one-half cupful of sugar and beat until light. Beat in, one at a time, four eggs; when light add one and a quarter cupfuls of sifted flour and half a cupful of vanilla extract. Butter eight small oval shaped moulds and fill with the mixture. Bake twenty minutes in a moderate oven. Unmold on a rack and when cold scoop out the centers. Boil three-quarters of a cupful of sugar with half a cupful of water to thick syrup. Add to the syrup one-half a pound of stoned cherries and cook five minutes. Remove from the fire and cool. Whip half a cupful of double cream, add to it a few drops of vanilla extract and one tablespoonful of sugar. Fill the cakes with the cooked cherries and syrup. Place the cakes in a pastry bag with a rose tube. Force the cream onto the filled cake cakes. Dust with finely chopped pistachio nuts.

**LEMON CHIFFON PIE**  
W. F. A. Los Angeles: Beat to a cream two and a half tablespoonfuls of butter and three cupfuls of sugar, when well creamed beat into them the lightly beaten yolks of three eggs, three lemons, one-half cupful of thin cream and lastly, the stiffly beaten whites of three eggs. Pour the mixture into pastry-lined pie tins and bake in a medium oven until set. Do not let mixture stand after baking. Sprinkle the baked pies with finely chopped, toasted almonds and powdered sugar. This will make two pies.

**CHILI CON CARNE**  
M. M. H. Los Angeles: Chop five two pounds of clear beef and place in a frying pan with three tablespoonfuls of hot lard, two cloves of garlic chopped, one medium onion chopped, and cook slowly for thirty minutes. Add one cupful of tomato, one teaspoonful of salt, two tablespoonfuls of Spanish seasoning and one-half cupful of hot water, simmer until meat is tender. Do not let cook too dry, but add more hot

water if needed. This can be served separate or with cooked California pink or Mexican Bayo beans.

**SHORT BREAD**  
A. R. Los Angeles: For Scotch short bread beat one cupful of butter to a cream and knead into it three-quarters of a cupful of sifted flour and one-half cupful of sugar; knead until well blended; divide into four equal pieces, roll each piece into rounds one-half inch thick, pinch the edges, prick all over with a fork, place on a baking sheet, allow room to spread, and bake in a moderate oven.

**RHUBARB JAM**  
S. L. Santa Paula: Wash and peel one quart of rhubarb, cut in one-half-inch pieces and place in a preserving kettle with three cupfuls of sugar, the grated rind and pulp of six oranges; bring slowly to a boil, skim well, and boil until a little will stiffen when dropped on a cold plate. Pack in hot, clean jars, cover tight and store in a cool, dry dark place.

### ARMY PLANS WAR GOODS SURVEY HERE

Corps of Experts to Prepare for Mobilization in Case of Emergency

A survey of the industrial resources of Southern California, to determine the capacity for the production of supplies in case of a national emergency, is to be made in the near future by a corps of experts of the War Department, it became known yesterday.

The survey will be made with the co-operation of the California Manufacturers' Association, an organization representing the leading industrial units of the southern part of the state. According to the War Department's plans, every manufacturer in this district will be visited, his plant inspected and plans made for the immediate mobilization of his particular industry as a unit of a proposed nation-wide "industrial defense organization" in case of war with a foreign power. Each particular industry will be visited by a representative of whatever branch of the Army it could best serve during a war. The Army officials who will make the survey are announced by the War Department as follows: Maj. M. E. Brett, of the Ordnance Department; Capt. George P. Bush of the Signal Corps; Maj. J. Y. Chisum of the Air Service; Maj. J. Dorset of the Engineer Corps; Capt. T. M. England of the Medical Corps; J. H. Mellon of the Quartermaster Corps and Lieut. J. F. Smith of the Chemical Warfare Section.

The Manufacturers' Association, through its executive secretary, has supplied the War Department's experts with the report of a preliminary survey which has shown that Southern California is now producing hundreds of items which would be necessary in case of war and which were believed to be procurable only in eastern centers.

### WELFARE MEETING SET

Jewish Organizations Holding Annual Session Thursday

The Federation of Jewish Welfare Organizations will have its annual meeting at B'nai B'rith Hall, Ninth and Union streets, at 7:30 p.m. Thursday. Meetings of the Big Brothers' Association, Hebrew Consumptive Relief Association, Jewish Aid Society, Jewish Alliance, Jewish Free Loan and Housing, Jewish Orphans' Home, Kaspare Cohn Hospital, Los Angeles Jewish Dispensary and Temple Sewing Circle will be conducted at the same time and place.

Report of the past year's activities and an outline of the coming year's program will be given at the meeting. Among the speakers will be I. W. Frank of Pittsburgh, George Mosbacher is a president of the federation and I. Irving Lippitch is executive director.

The federation is supported by the Community Chest.

### EDITORS APPRECIATE CHAMBER'S COURTESY

A new conception of the activities of the Los Angeles Chamber of Commerce was gained by the Southern California Editorial Association during its recent convention in this city, a letter received yesterday by A. G. Arnold, secretary and general manager, from Ben H. Read, executive secretary of the association, stated. Thanking the Chamber for its hospitality, the letter stressed the benefits to all Southern California of the Los Angeles organization and pledged the association's "best efforts to assist in every way in making Southern California an empire that will set a standard for the world."

**HIBERNIANS TO ENTERTAIN**  
Division No. 1, Ancient Order of Hibernians, will have an entertainment tomorrow at 8:15 p.m. at Eagles' Hall, 617 West Venice Boulevard, for members, their families and friends. ## NOTHING CLEARS AWAY PIMPLES LIKE POSLAM

Girls who use Poslam never have bad complexion! Its soothing, concentrated medication simply drives pimples and blackheads away like magic. Try it yourself. At all druggists, 50c.—(Advertisement.)

## A Sweet Stomach!

What a pity when youth and vitality are set at naught by a disordered stomach, and bad health! Don't have them at any age! Heavy eaters—hard smokers—high livers—find Stuart's a boon and blessing! Eat what you wish. Drink what you like. Then chew a Stuart tablet. That gives the stomach sufficient alkaline; the result is a sweet stomach, serene digestion, no pain, no gas.

Full Box FREE! Every druggist has Stuart's tablets, 25c. and 50c. Or, a full box free if you write the F. A. Stuart Company, Dept. M, Marshall, Mich. Get a small box of Stuart's for the pocket—and keep it filled! A new stomach for twenty-five cents.

## STUART'S DYSPEPSIA TABLETS

## Eczema

quickly yields to Resinol No matter how long you have been tortured or disfigured by itching, burning, raw or scaly skin trouble, just put a little of the soothing Resinol Ointment on the irritated spots and see if the suffering does not stop right there! Healing usually begins at once and the skin gets well quickly and easily.

## Resinol

### Wife Doing Good Work

"I have been bad off with stomach and liver trouble and bloating for many years. No doctors or medicine helped me. On the advice of my druggist, I bought a bottle of May's Wonderful Remedy and I don't want to miss a single dose. It has given me more benefit than all the medicine I have ever taken. I feel I am doing good to recommend it to others." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—(Advertisement.)

Municipal Courts Start Functioning

### Numerous Chief Factor in Initial Case

### Seven Departments Have No Home for While

The new Los Angeles Municipal Court, taking the place of police and justice courts in Los Angeles city and Los Angeles township, was launched into being yesterday when the twenty-four Municipal Court judges were sworn in by County Clerk Lampton and Municipal Court Clerk Dismore. After this ceremony there was an address by John Mott, president of the Bar Association, who congratulated the new justices and promised them the hearty cooperation of his association.

A whole flock of ones attended the actual inauguration of business with Case No. 1. This case was also Complaint No. 1 and Warrant No. 1, issued against J. W. Marsden on a charge of escaping from an officer. W. H. Combs, a Culver City police officer who appeared as complainant, wears Badge No. 1 of the Culver City department, and Marsden was arraigned in Department 1 on the 1st inst. Marsden, it was asserted, got away from Combs two months ago and was recaptured Sunday and turned over to First Assistant Chief Criminal Deputy Sheriff Peoples.

### LINE-UP OF COURTS

Department 1, which is old Department G of justice court, falls to Justice Russell and will handle criminal cases; Department 2, Justice Ballard, is former Department H, justice court, and will handle criminal cases; Department 3 was Department I; Justice Ambrose will sit and take criminal cases. Department 4 was Department J, Police Court; Justice Pope will sit and hear criminal cases. Department 5 was Department K, Police Court; Justice Richardson will sit and hear traffic cases. Department 6 was Department L, Police Court; Justice Bullock will sit and hear cases involving women. Department 7 was Department M, Police Court; Justice Frederickson will sit and hear criminal cases. Department 8 was Department N, Police Court; Justice Turner will sit and hear liquor cases. Department 9 was Department O, Police Court, at San Pedro; Justice McConnell will sit for criminal cases. Department 10 was Department P, Justice Court; Justice Baird will sit and hear traffic cases. Department 11 was Department Q, Police Court; Justice Chambers will sit and hear criminal cases. Department 12 is the presiding judge's department; Justice Willis in charge. Department 13 was Department R, justice court; Justice Wood, civil cases. Department 14 was Department S, Justice Court; Justice Scott, civil cases. Department 15 was Department T, Justice Court; Justice Forbes, civil jury cases.

### NO QUARTERS FOR SEVEN

Department 16 was Department E, Justice Court; Justice Blake, civil cases; Department 17 was Department F, Justice Westover, civil cases. Departments 18 to 24 inclusive have no quarters as yet, and will not have until the courtrooms are finished in the Hall of Justice, which will be in ten days to two weeks. The justices will sit with other justices and substitute for them in emergencies, for the present. The assignments are: Department 18, Justice Stutsman; Department 19, Justice Rosenkrantz; Department 20, Justice Haas; Department 21, Justice Edmonds; Department 22, Justice Calbreath; Department 23, Justice McCoy; and Department 24, Justice Stafford.

It is expected another department of the court will be transferred to San Pedro, so that one criminal and one civil court will be conducted there. Until the courts move to the Hall of Justice, they will sit in the police and justice courtrooms formerly used.

### SUPERIOR JUDGE GREETED JUSTICES

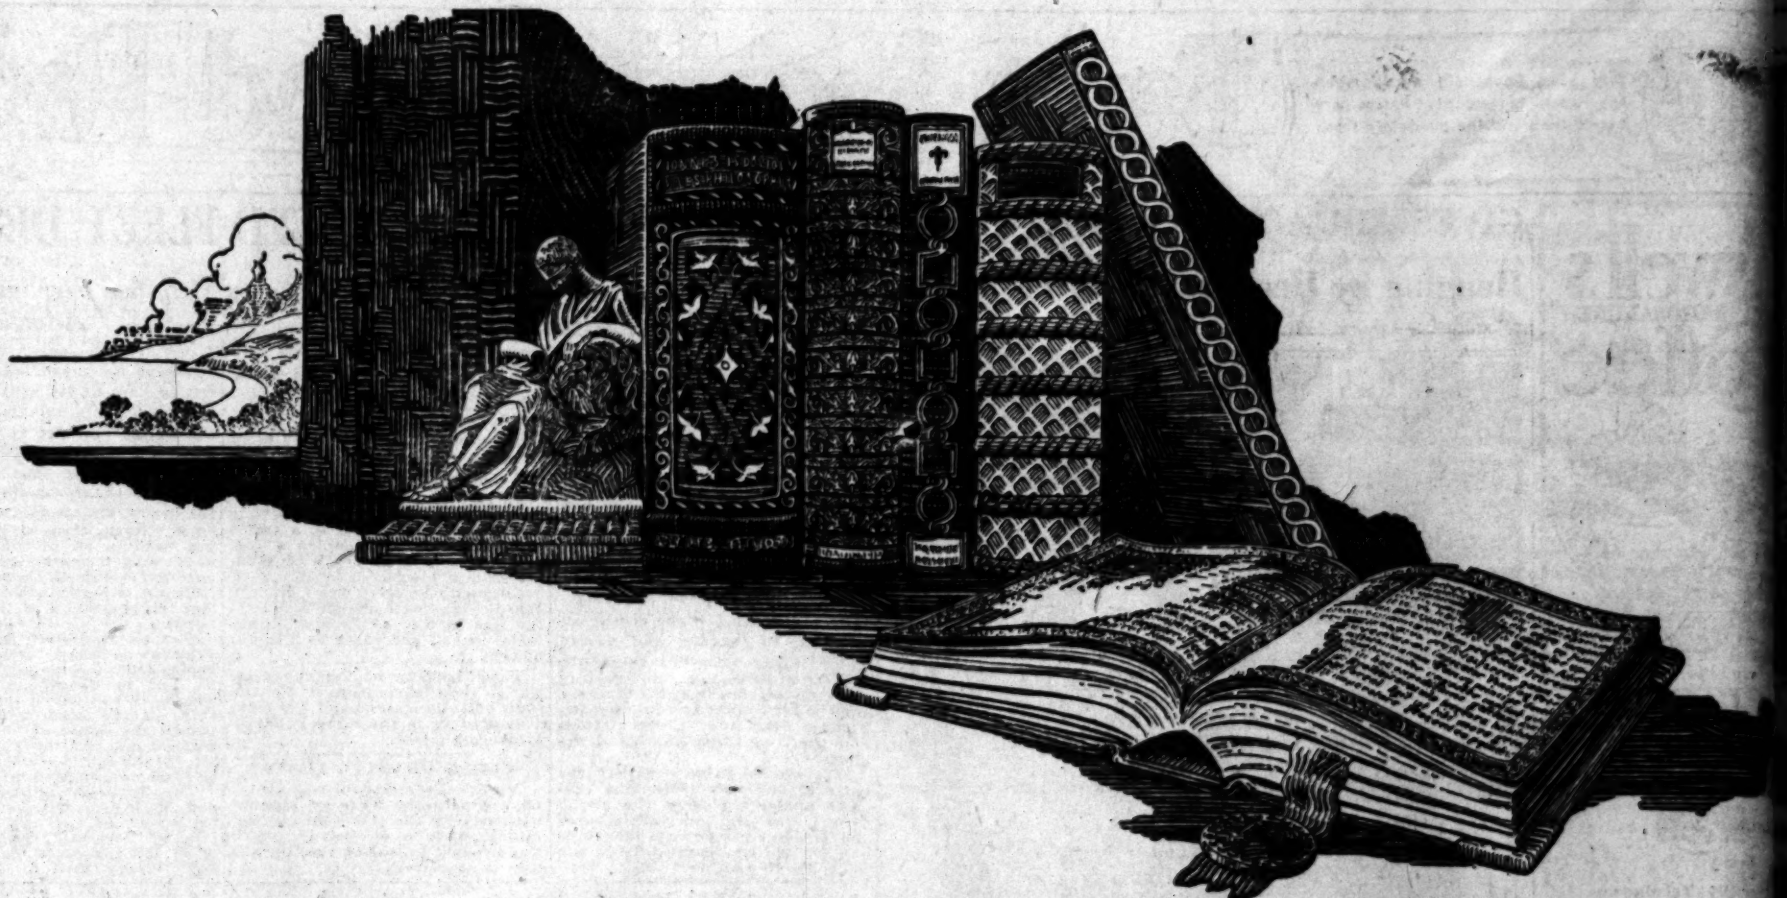

A law suit is "not a game to be decided for the side best performing legal gymnastics." Thus the presiding judge of the Superior Court to the presiding judge of the new Municipal Court, Judge Stephens, of the upper court, wrote a letter to Justice Willis of the new court yesterday, extending greetings and bespeaking co-operation, and making a few observations upon the duties of judges, high and low. "We should always be human, while striving to be exemplar citizens," he wrote. "We must always be conscious of the fact that the lawyer has a harder position nine times out of ten than the judge. Technical law is to preserve rights rather than to destroy them."

### UNIVERSITY DEBATE SET FOR TONIGHT

Sam Gates and Arthur Syvertson constitute the debate team of the University of Southern California, which will meet the college orators from Ohio Wesleyan tonight in Board Auditorium, Thirty-fifth street and University avenue. With the affirmative of the question, "Resolved, that the present policy to extend governmental restriction on individual liberty should be condemned," upheld by the visitors, decision tonight will be made by three judges, including Judge Stevens, presiding judge of the Superior Court; Earl A. Moss and W. D. Root.

### SIXTH-STREET CORNER SOLD TO LANKERSHIM

The property fronting 227 feet on Sixth street and 150 feet on Rampart boulevard was purchased yesterday by Col. James B. Lankershim as an investment. The consideration was not made public. Discussing the purchase last night Col. Lankershim said that he had made no immediate plans to improve the property, and will probably lease it to an oil company to be used for service station site, and possibly parking purposes. That, he said, would involve it for a term of years.

# CULTURE

HERE is a spiritual as well as an artistic uplift in the mere observation of culture as well as in its actual practice. To be surrounded by neighbors, friends, companions who think in terms of purpose, of sincere aims in life, of worthwhile accomplishment, has an educational and cultural value that cannot be overestimated.

These are the kinds of neighbors, of friends, that create the cultural environment at Pacific Palisades, overlooking Santa Monica Bay. This community is more than a grouping of homes of kindred spirits. It is a big, broadly conceived institutional idea being rapidly developed to an idealistic and practical consummation.

Pacific Palisades besides affording an unusual setting of rare beauty for a home, offers innumerable community advantages for educational, cultural and artistic development.

For those desirable persons who are sincerely interested in sharing in the life of this friendly community, a very handsome de luxe book is being prepared. This book shows unusually beautiful panoramic scenes of the surrounding land and sea as viewed from Pacific Palisades and describes in detail the aims and purpose of this community and institution. There is a limited edition of these books, but they will be sent out until the supply is exhausted. A copy will be reserved for and sent without obligation to those who use the request blank below.

Coming events cast their shadows before....the acquisition of the Huntington property makes possible the early fulfillment of the development plans for the community and the institution....look for big things at Pacific Palisades.

## SAVANT HITS WISE CRACKS

Intelligentsia Does Not Produce Durable Literature, Says Scottish Professor of English

No literature that has survived the ages is characterized by the smart cracks, passing for cleverness, found in the hectic output of the ultra-modern writers who fatuously style themselves intelligentsia, says Dr. A. Blyth Webster, professor of English literature and dean of the faculty of arts at the University of St. Andrews, Scotland.

Dr. Webster, who arrived in Los Angeles yesterday, is here at the invitation of the University of California, Southern Branch, to fill an exchange professorship in literature at that institution during the spring semester. "I confess I have not been vastly impressed by the ultra-modern writers," said Dr. Webster. "We have them in Great Britain, though perhaps in not as great number as I understand they prevail in the United States. During my stay in this country I am going to familiarize myself to some extent with the writings of the American intelligentsia."

The Scotch educator admitted that he is rather old-fashioned in his literary tastes, confessing, among other things, that he has a great liking for Mark Twain. "I think he is the greatest American writer I have read," he declared. Citing examples of writing, des-

this year hope to wrest the cup from the Americans, who have held it for some time. I wish I could see the contest."

St. Andrews, though one of the smaller universities of Great Britain, holds the distinction of having seven of its graduates won scholarships in American universities last year, under the arrangements provided for such scholarships by the United States commonwealth scholarship fund, Dr. Webster said.

"This fund, established by wealthy Americans, provides for postgraduate work of British students at American colleges and universities," he explained. "Only twenty scholarships are provided, and last year there were 400 applications from them from the various colleges and universities of Great Britain. Our institution won seven out of the twenty."

### BANKER WEIDNER ON ROAD TO RECOVERY

Considerable improvement has been shown in the condition of Perry W. Weidner, president of the United States National Bank, who has been seriously ill at his home at 629 Highland avenue. It was announced yesterday that although Mr. Weidner is confined to his bed, suffering from a severe attack of influenza, it is expected that he soon will be well on the road to recovery.

## PETTICOAT WILL FIGHT ON

Nurse Named as Beneficiary in \$230,000 Estate Testifies to Writing of Document

Hearing for the admission of George W. Hazeltine's strange petticoat will to probate opened yesterday after the selection of a jury and the usual preliminaries in Judge Willis's department of the Superior Court.

The will, scrawled on the hem of a nurse's petticoat, forms Exhibit A in the case. It purports to dispose of an estate in excess of \$230,000 which was amassed by the aged eccentric and recluse during life by bequeathing \$10,000 to his two nurses in his last illness and the remainder to a grandniece, Lorraine Mason. The first witness yesterday was Mrs. Lillian Pelkey, who, with Madeline Higgins, nursed Hazeltine at the Rest Home, 1115 South Lake street, in his last illness. She recited the details leading up to the drawing of the will. But Norman Steyer, attorney for Dell Schweitzer and Frank S. Hutton, who were named beneficiaries in a will drawn by Hazeltine in 1919, declared in a preliminary address to the court and jury as to what he intends to show in the trial that he will prove that the will was drawn on Mrs. Pelkey's pet-

# Virgin Islands Ask Citizenship Rights and Civilian Governor

A Delegation From the Virgin Islands called upon President Coolidge last week and renewed demands for citizenship rights and a Governor selected from civilian ranks. The delegation, pictured above, left to right, J. Hestress, H. Berg and Hamilton Jackson. (P. & A. photo.)

Heaviest Snowfall in Many Years has given Iowa an old-fashioned winter and renewed the popularity of the bobsled and sleigh. The above photo, taken ten days ago on the North Iowa Pike near Monona, gives an idea of the extent of the fall. (Photo by Fred G. Bell, McGregor, Iowa.)

Uncle Sam's Official Smoker, Benjamin D. Hill, Department of Commerce, is pictured above. Hill tests thousands of tobacco blends yearly interests of American tobacco producers. (P. photo.)

Their Schooner Went Down in mid-Atlantic only a few short minutes after an American vessel took them off the doomed craft. They are members of the crew of the Eugene Owen Mackay, one of the many victims of recent fierce Atlantic storms. (P. & A. photo.)

The Four Horsemen of the United States Senate who led the fight and were largely responsible for the World-Court victory, are pictured above. They are, left to right, Senator Claude A. Swanson of Virginia, Senator Irving L. Lenroot of Wisconsin, Senator Joseph T. Robinson of Arkansas and Senator Charles Curtis of Kansas. They are among the outstanding figures in Congress today. (P. & A. photo.)

Thirteen-Year-Old Boy Pretender to the throne, Franz Josef Otto, eldest son of the late emperor Carl of Austria-Hungary, is shown above. The youth is the selected monarchist to occupy the throne. (K. Herbert photo.)

Her Cabins Crowded With Passengers and Her Holds With Freight, the Panama-Pacific liner Finland sailed yesterday noon for New York via the Panama Canal and Havana with an unusual list of notables aboard. Among the celebrities were Earl Cooper and Mrs. Cooper and Barney Oldfield and his bride (left to right in group at left.) Cooper and Oldfield, both famous race drivers, are en route to Miami, Fla., for the opening of the new board track there. Carlo Marchetti, widely known Los Angeles resident, and Mrs. Marchetti were passengers bound for a seven-month tour of Europe. They are pictured in the group at the right, with former Justice Joseph Marchetti (second from left) and Maj. Roger Marchetti (right), their sons. (Times photos.)

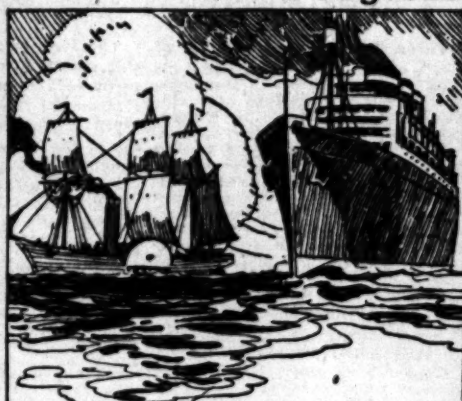

Lord and Lady Sackville-West are among the distinguished visitors in this country, having arrived at New York last week. Lady Sackville-West, who was Anne Merideth, the actress, hopes to have a play produced while in the United States. (P. & A. photo.)

## OUR HISTORY IN PICTURES 322 Progress, 1830-1840.

FROM 1830 TO 1840 SO MANY INVENTIONS WERE PATENTED THAT THE GOVERNMENT WAS OBLIGED TO MAKE THE PATENT OFFICE A DISTINCT BUREAU. IN THIS PERIOD CAME COLT'S REVOLVER (1835) AND GOODYEAR'S PROCESS FOR VULCANIZING RUBBER (1839).

IN 1836 JOHN ERICSSON INVENTED THE SCREW PROPELLER WHICH IN TIME SUPPLANTED THE PADDLE-WHEEL AND HAD MUCH TO DO WITH THE DEVELOPMENT OF THE MODERN LINER.

THE INTRODUCTION OF ANTHRACITE COAL FOR INDUSTRIAL FUEL AND THE INVENTION OF NASHMYTH'S STEAM HAMMER (1838) WERE FACTORS IN THE RAPID GROWTH OF THE COAL AND IRON INDUSTRIES IN THIS COUNTRY, PARTICULARLY IN PENNSYLVANIA.

AT THIS TIME GAS, WHICH HAD BEEN INTRODUCED IN 1825, CAME INTO GENERAL USE FOR ILLUMINATING THE STREETS AND HOUSES OF OUR CITIES.

These daily history strips make a unique pictorial history of America. Hundreds are clipping them daily and pasting them in scrapbooks.

## FRONK RETURN HERE DISPUTED

Trainer Takes Issue With Keyes on Extradition

Trainer Will be Appointed to Execute Mission

Trainer Charged With Aiding Kite's Flight

With Acting Captain of Detectives Finlinson already on his way to Chicago to bring J. K. Frank, check kiter, back to this city, Gov. Richardson late yesterday, announced that Finlinson is a fit person to bring Frank and stated that he will appoint Sheriff Traeger for this task. The same time, Fletcher, executive secretary for the governor, informed Sheriff Traeger, long distance phone, that Sheriff of Illinois and the Chief of Police at Chicago will be immediately not to hand the case over to anyone but Sheriff Traeger.

His action is to be taken, it was stated by Sheriff Traeger after the conference, to prevent Capt. Finlinson, named by Dist. Atty. as a fit agent, from coming to Chicago with Frank, though he is now in the hands of Detective-Lieutenant Cross, who was expected to take them to Sacramento for Richardson's approval and leave with them for Chicago.

**CHARGES ESCAPE AID**

His statement from Sacramento that Sheriff Traeger and other would be appointed agent, Gov. Richardson declared that Frank was aided in his escape from California by a local officer, and that through the efforts of the local department he escaped arrest at Seattle.

Richardson acted after he learned that Dist. Atty. Keyes appointed Capt. Finlinson to the prisoner. In his instructions to Mr. Boweron he stated that he was not a fit person to accompany the prisoner back, and that he did not desire "a friend of J. Frank" to accompany the latter on his return home to face the charges.

Richardson also stated that he had been informed that Frank, making his getaway, was aided by a traffic officer in Sutter street but presented a courtesy from Capt. Finlinson which he had him to get away. Boweron stated that Gov. Richardson had been informed that Frank had been captured in Seattle and the local police acted on the basis of their hands. The department expressed first at the time of the Hutchinsons parole.

**KEYES TAKES ACTION**

Keyes, in answer to Gov. Richardson's action, ordered Rosendy, extradition clerk, to touch with Detective-Lieutenant Cross and so alter the extradition papers as to include the name of Sheriff Traeger. This

# THOUSANDS OF ORATORS BUSY

Director Nichols Flooded by Contest Notices

Urged to Make Early Entrance

Expert Talks to Chairman Sounded Against Overtraining

Says Forecasts Made Unnecessary

Record Returns of Cited as Proof

ONTARIO, Feb. 1.—The 90 per cent of the members that has marked orchard operations in the past can be used if growers will use type heaters and see to it that they are properly cared for and heated, was the declaration of the Ontario Fruit Growers' association at the annual meeting held here today.

With the co-operation of the exchange heads, much has been accomplished by the bureau alone in the past year, according to Mr. Young, who stated that eventually most of the end of citrus season heating would be done away with. He strongly recommended the use of the weather bureau's forecasts in the citrus season.

Although orchard heating had been a few years ago, he assumed control of the protection locally. Mr. Young stated that it is now generally agreed as being entirely feasible and in proof of this, he pointed to the fact that more than 400,000 heaters were sold in Ontario during the past season.

Mr. Young held the fact that citrus returns in this district for the past year were the highest in history to be largely due to the use of heaters.

Mr. Young, who has been a successful grower for many years, stated that the use of heaters had been brought to a scientific point of efficiency.

# SUING TO SET ASIDE DIVORCE

Asserts ex-Husband Misrepresented

Mrs. Helen B. Shirey

MRS. HELEN B. SHIREY, suing to set aside a divorce she obtained last September from Dr. Charles W. Shirey, Lankashire physician, and to set aside a property settlement made about the same time, appeared in Judge Summerfield's court yesterday on a motion for alimony pending trial.

In an affidavit accompanying her motion, Mrs. Shirey declared her husband had induced her to obtain a divorce, on the ground that he required temporary freedom from domesticity so he might properly absorb the results of studies made in Europe. Mrs. Shirey said she was persuaded of her husband's good faith, and obtained the divorce on the understanding they would be reunited after a year. Later, she asserted, she found her husband was in love with a Hollywood widow.

Mrs. Shirey declared there was a large community estate, and it had been arranged she was to receive \$125 a month. Judge Summerfield ruled that this might be held to constitute an allowance for the support of the two children, and the court would entertain a new motion for additional support for Mrs. Shirey pending reopening of the case.

Dr. Shirey and Attorney G. S. Hahn, representing Mrs. Shirey, engaged in a warm exchange of words toward the end of the hearing.

# FRIENDS COME TO BANKER'S AID

Highland Park People Plead Leniency for M. A. Marks in Embezzlement Charge and Judge McCormick Suspends Sentence Pending Restitution of \$5802 Shortage

Fifteen Highland Park business men yesterday rallied to the assistance of Maurice A. Marks, confessed bank embezzler and former branch manager at Highland Park of the Commercial National Trust and Savings Bank, to plead leniency for him before United States Judge McCormick.

They expressed their willingness to extend him employment and other assistance to clear away the black marks of the past. Judge McCormick, willing to give the youthful banker another chance, suspended a five-year term in Leavenworth prison for violation of the National Banking Act on condition that \$5802.50, a shortage reported by National Bank Examiner Logan, would be paid back to the bank on monthly installments.

In court Marks attributed his trouble to a fallacious idea that as a banker he should maintain a "front." An automobile, lodge memberships and entertaining drained his resources, and in order to continue a "banker's pace" he surreptitiously extracted the institution's funds. It was revealed.

The misapplications occurred between February, 1924, and a few days ago, according to testimony. Marks's system was to charge memorandum checks to the accounts of customers and credit his own with the amounts. It was disclosed.

Though he saved Marks from a prison term, Judge McCormick declined to admit the defendant to immediate freedom, and ordered him to serve six months in the Los Angeles County Jail on the second count of the indictment. He also was fined \$1 on each of two other counts.

Marks has a wife and three children, and lives at 333 West Avenue 53. He has been in jail since his arrest.

FOUND DEAD IN HOME William Price, 65 years of age, a retired ship's steward, living at 1001 Palos Verdes street, was found dead in his home by a friend, H. A. Levi, yesterday. Death is believed to have been due to natural causes. An autopsy will be conducted.

OPENING SHOE SECTION Citrin's, a specialty shop at 518-519 West Seventh street, will open a women's shoe section about the middle of the month. It was announced yesterday. Alterations are being rushed to take care of this new department, which will be located on the main floor.

# MAIL-THEFT SUSPECTS IN DOCK TODAY

Armed Guard for Court as Five in Truck Robbery Go on Trial

Armed guards will keep close watch in the courtroom of United States Judge James today, as they did when Robert E. Cargo and Charles "Chuck" Wagner pleaded guilty and were sentenced to twenty-five years for the robbery of a mail truck near the Santa Fe station the night of October 8, when five other persons go on trial in connection with the hold-up, United States Marshal Sittel said yesterday.

George A. Davidson, Sam Shapiro, alias Sandburg, and Frank Teschlona are charged with robbing the mails. Mrs. Dorothy Lee Teschlona, wife of Frank Teschlona, and Mrs. Genevieve Derschner, his sister, are charged with complicity and receiving stolen property.

Harry Burke, charged with mail robbery, has not been apprehended. All but \$5500 of the \$552,000 in currency and securities taken in the robbery has been recovered, according to government officials. Burke, they say, is believed to have

# SHIP CARRIES NOTABLE LIST

Liner Finland Departs Via Canal With Hundred Wives of Navy Men and Capacity Cargo

Her cabins filled with 400 passengers, and carrying a capacity cargo of 9000 tons of California freight, the Panama-Pacific liner Finland yesterday noon sailed for New York via Panama and Havana with an unusual list of notables aboard. In the Finland's cabin list comprised more than 100 wives of navy men en route to Panama to join their husbands during the winter maneuvers of the combined United States fleet.

Barney Oldfield and his bride, accompanied by Mr. and Mrs. Earl Cooper, were among the passengers. Both are en route to Miami, Fla., for the opening of the new board track at that resort on the 22nd inst. Barney will be starter in the inaugural event, while Cooper will drive his new Miller junior eight in the 150-mile race.

Prominent among the navy families aboard are Mrs. Henry J. Ziegemeier, wife of Rear-Admiral Ziegemeier, commanding Battle-ship Division Three; Mrs. Frank H. Schofield, wife of Rear-Admiral Schofield, commanding the destroyer squadrons; Mrs. Arthur J. Hepburn, wife of Capt. Hepburn, commanding the U.S.S. West Virginia; Mrs. A. G. Noble, wife of Lieut. Noble, fleet photographic officer; San Francisco.

Other passengers included Monsignor P. A. Malley of the Cleveland (O.) diocese; Judge Charles C. Day of Salt Lake City and Mrs. Day; Dr. George E. Cohen of New York and Capt. F. K. Perkins of San Francisco.

ermont officials, was obtained from Teschlona. The defendants have been held in the County Jail, lacking bond of \$25,000. Dep. U. S. Atty. O'Han-essan and Neville will prosecute.

From VERMONT—  
maple center of the world—  
comes HIGHLAND PURE MAPLE SAP SYRUP,  
a rare delicacy for Los Angeles tables

WERE you to crouch on the lee-side of some old-time sugar camp deep in the Vermont woods—and on a windy March day make sugar candy on the crisp, white snow—you could not taste the fine, full maple flavor more truly than in Highland Pure Maple Sap Syrup.

Here, direct to lovers of good things to eat in Los Angeles, comes the finest maple syrup gathered and made in Vermont. It is 100 per cent pure—one of America's limited delicacies.

Buy the handy red Highland tin from your grocer or delicatessen dealer today. Enjoy the

lustrous goodness of real maple syrup on waffles and hot cakes, of course! But remember that the rare haunting maple flavor can be used in many other ways that will please your family and surprise your guests. Try it on baked apples and grapefruit, in candied sweet potatoes, in puddings, icings and ice creams. It adds to cooked dishes a smoothness of texture that can be had in no other way!

Send for free booklet, "Delicious Maple Recipes." The Cary Maple Sugar Co., St. Johnsbury, Vermont. Maple Center of the World.
